CHRISTIANITY PANACEA FOR WORLD'S ILLS

PHILADELPHIA, Pa., May 24.—Christian faith as a cure for the world's ills was advocated by Dr. Nicholas Murray Butler, president of Columbia University, in an address to commissioners of the Presbyterian general assembly today.

"Every conceivable explanation of the unrest, dissatisfaction and disorder that prevail throughout the world has been proposed except the one that is deepest and most important," he said.

"FIRE"

Does the word strike terror to your heart, or is your property protected sufficiently by insurance in a reliable company? In this day of high cost of material, scarcity of homes, no one should leave their property unprotected. Let us explain to you the special insurance system under which we protect your home in the leading insurance companies of America. James H. Driscoll, Room 4, Loomis Building. Phone 432.

"Having come to feel himself quite superior to all that has gone before, and being without faith in anything that lies beyond, man has become an extreme egoist. The wisdom, the justice, the morality of an act or policy are now tested solely by its immediate results and these results are increasingly measured in terms of the material and emotional satisfaction of the moment."

"In a world so constituted and so motivated unrest, dissatisfaction and disorder are a necessity. Set free or a thousand millions human wills to work each for the accomplishment of its own immediate material satisfaction and nothing but unrest, dissatisfaction and disorder is possible."

"What appears to have happened is that in setting free the individual human being from these external restraints and compulsions which constitute tyranny, he has also been set free from those internal restraints and compulsions which distinguish liberty from license."

"The pendulum has swung too far. The time has come when the pendulum should begin its swing backward toward the middle point of wisdom, of sanity, of self-control and of steady progress. Here is to be found the religious opportunity of the American nation in this year of grace."

"There can be no cure for the world's ills and no abatement of the world's discontent until faith and the rule of everlasting principle are again restored and made supreme in the life of men and of the nation. This cannot be done by exhortation or by preaching alone. It must be done also by careful, systematic, rational teaching that will show in simplest language that the uneducated can understand what are the essentials of a permanent and lofty morality, of a stable and just, social and industrial order, and of a secure and sublime religious faith."

"The school, the family, and the church are three cooperating educational agencies, each of which has its weight of responsibility to bear."

IF KIDNEYS AND BLADDER BOTHER

Take Salts to flush kidneys and neutralize irritating acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

MISSIONARIES BRAVE DANGERS IN FAR EAST

PHILADELPHIA, May 24.—American missionaries in Korea, despite the hardships and dangers incident to reconstruction following the quelling by the Japanese of the recent uprising, are planning to "Christianize every district in the country," according to the annual report of the Presbyterian board of foreign missions to the Presbyterian general assembly, made public here today.

Referring to the revolt, the report says: "The result proved anew that Japan will not voluntarily grant Korean independence; that the Koreans cannot secure it by force and that other governments, having long ago recognized Japanese annexation of the peninsula, will not interfere. Costly too, was the movement to the Japanese, for it reinforced their critics, disheartened their friends, alienated the sympathy of allied nations and brought upon the ruthless militarists the opprobrious name of 'the Huns of the Orient.'"

Regarding the attitude of the American missionaries toward the Koreans' revolt against the Japanese, the report quotes Bishop Herbert Welch of the Methodist Episcopal church of Korea as saying: "It is no evidence of unfriendliness to the Japanese people that the missionaries became alienated in sympathy from the Japanese government but only a testimony to the deep humanity of their feelings and to an indignation against wrong doing which was worthy of all praise."

"There is a general disposition to give the new administration in Korea a fair chance to remedy the undoubted abuses that exist," continues the report. "Americans," it says, "should distinguish between the civil and military parties among the Japanese. The former is composed of enlightened and progressive men, who feel as we do about the outrages that have been committed in Korea. The latter includes a large number of men who are thoroughly Prussian in their temper and conduct."

"Americans should bear in mind that there is a considerable element among the Japanese themselves who are greatly disturbed by the stern and iron-handed policy of the military party in dealing with them. It would be not only unwise but unjust to make indiscriminate condemnation of the whole Japanese nation."

Declaring that "China is in a state of chaos," the board says, "it has been gratifying to read the reassuring statements of several eminent Japanese as to the intentions of their government adding, however, that 'something more than words, however sincere, is required to remove misgiving and distrust.' Greed and altruism, democracy and militarism, it says, are struggling for the mastery. During the past year, the report says, Chinese churches connected with the Presbyterian, Congregational, United Brethren and London missions, have formed one organic Christian body. All other evangelical denominations have been invited to join.

Presbyterian foreign missionaries increased in 1919 from 1,364 to 1,428 and the native workers from 6,806 to 6,856. In order to meet the high cost of living, which in some fields like Japan, has increased over 300 per cent, the living allowances for the Presbyterian missionaries have been increased from the former standard of \$1,250 a year to \$1,500.

New methods of dealing with sedition is declared to have made mission activities in India more difficult, "all non-British subjects desiring to engage in philanthropic, educational, medical or missionary work being required to obtain a license." This was modified for the missionaries provided they declared due obedience and respect to the government and carefully abstained from political affairs. Reinforcements are called for "to check the growing power of Mohammedism," in West Africa.
