STAR DRUG COMPANY HAS IMPROVED STORE FRONT

The front of the store occupied by the Star Drug company at Fifth and Main streets has been redecorated and presents an appearance that shows how much a little paint will do. The color scheme is orange and black and has been carried to the extent of adding a few gold fish in the windows to blend with the general color scheme. Attractive signs, done by the Miles Sign company, add to the general pleasing effect.

STANDARD IMPROVES SERVICE STATION

A crew of six men are at work this week remodeling the Standard Oil service station at Sixth and Klamath, and as soon as this work is completed they will be transferred to the local plant where a number of improvements are contemplated. The crew is directed by Thomas Brown of Sacramento.

New tanks, pumps and water mains are being installed at the service station, the driveway will be graded and improved and concrete approaches built to connect it with the street. The building will be remodeled and two electroliners installed, one on each corner of the lot. When the improvements are done the local service station will have the same appearance and efficiency of all the Standard stations.

BEND ROAD OPEN AND IN EXCELLENT SHAPE

J. H. Wise of Ft. Klamath reports that the road to Bend is now open and in good condition, via Ft. Klamath, for the entire distance from Klamath Falls to Bend.

ERROR MADE IN STATEMENT OF WEEK'S LUMBER HANDLING

Apparently an error was made in a recent contribution to the Herald regarding the amount of lumber handled during one week by the Pelican Bay camp No. 2 at Kirk, as the editor is in receipt of a letter asking that a correction be made showing the amount handled was 1,215,069 feet. The former figure quoted, says the writer were ten times that amount, an impossible amount of lumber for the camp to have handled in the week.

One quarter of the peop on the earth die before the age of 6, one-half before the age of 16, and only about one person of each 100 born lives to the age of 65.
