UNDER FED OF GERMANY LIVE ON U. S. RATIONS

BERLIN, May 11 (By Mail)—The American Friends Service Committee now is feeding 100,000 of the undernourished children of Germany of whom there are, according to estimates based on physicians' reports, at least 1,000,000. Only one-tenth of them are being cared for as the committee can feed only those seriously or dangerously underfed.

In a kindergarten at Schoenberg, a huge district where the Berlin poor cluster like bees, the correspondent saw several hundred pale-faced children ravenously attack the meal the committee daily provides. It was a ground-floor room with big windows flush with the street. Every window had a dado of swarming little ones. They stood on the sidewalk peering in, noses flattened against the panes, their big round eyes eagerly watching the children in the room feasting.

Most of those on the outside were in the class of merely undernourished, for whom no aid is available. Fraulein Margaret Barth, a well-known educator who, as the head of the local committee, supervises all the feeding arrangements in the Schoenberg district, sighed as she glanced at those wistful faces at the windows and turned away.

"On the first day," she said, "we permitted the parents to come to see their children fed. They wept with gratitude. We didn't let them come again. They were hungry themselves and their pinched faces were more than we could bear in a place where food was being served."

Cocoa, milk, flour, sugar, rice, peas, beans and lard are the food-stuffs supplied by the American Friends Committee. Of the different menus afforded the most popular among the Berlin children is a kind of porridge made of flour, condensed milk, sugar and lard, eaten with a roll.

Sixty per cent flour is furnished. Fraulein Barth spoke of it with enthusiasm. "Such flour hasn't been seen in Berlin for years," she exclaimed. "Crowds come to look at it."

The committee began work in Germany the latter part of February. The Kapp revolution and the consequent disorders in Saxony and the Ruhr greatly interfered with operations. However, in Berlin, 50,000 of the estimated 90,000 to 100,000 needy children are now being fed, and the work in the provinces is being extended as fast as conditions permit. It is hoped soon to reach all the most urgent cases throughout the country. Germany has been divided into eleven districts, with Berlin as headquarters and the principal substations at Hamburg, Leipzig, Dresden and Chemnitz. The organization is said to have sufficient funds to continue its mission in Germany until the harvest begins to come in, about August 1. German crop prospects are poor, however, and the harvest is expected to give only temporary relief.

Every child receiving food has been reported by a registered physician as underfed. Political or religious considerations play no part in the children's selection. The food received from the committee is in addition, it has been stipulated, to

A few weeks of regular feeding makes a remarkable difference in the appearance of the children. Little ones that look to be nine years old in addition to children up to 14, nursing and expectant mothers also share in the Committee's bounty.

Maeterlinck, the famous Belgian dramatist who has recently visited America, was an awful failure even at his own job of writing at first. Of his first volume of poems nobody took the least notice. The same fate befell his first play, of which he printed twenty-five copies with his own hands and gave them away.

SALES MANAGER BACK ON JOB

Representative of Solar Illuminating Co. is Well, Cheerful and Happy Since Taking Tanlac—Gains Nine Pounds

One of the distinguishing features in connection with the introduction and sale of Tanlac throughout America is the large number of traveling men who have been benefitted by its use. From Maine to California and from the Gulf to Northern Canada, men representing almost every line of business have testified to the remarkable and gratifying results obtained by taking Tanlac.

One of the latest of those to endorse Tanlac is H. Shardlow, sales manager for the Solar Illuminating Co., of Chicago, who lives at the Hotel Stowell, Los Angeles, Cal.

"Tanlac is the finest medicine I have ever run across," said Mr. Shardlow recently. "I gained nine pounds on three bottles and have gotten rid of a case of stomach trouble that nearly cost me my life. For several months I had suffered terribly from acute gastritis and was very nervous. Everything I would eat soured and formed gas, my chest and lungs would pain me and my heart palpitated so at times I would almost faint. I have walked the floor for hours in misery and have been forced to spend days at a time in bed. I lost nineteen pounds, was a nervous wreck and had to give up all idea of business.

"I had the best treatment and medicine and was put on a special diet but got no better, and was finally told that only an operation would relieve my trouble. One day while in El Paso, Texas, I had an attack that almost proved fatal. I had been reading about Tanlac and immediately tried it. Thanksgiving Day I was sick, blue and discouraged, but since taking Tanlac I can enjoy a good meal and feel well, cheerful and happy. It gives me pleasure to recommend Tanlac and I hope all sufferers from stomach troubles may be induced to try it."

Tanlac is sold in Klamath Falls by the Star Drug Co., in Lewella by the James Hays Co., and in Mouth by the Southern Oregon Drug Co. Adv.
