NEW YORK FARM WORKERS ASKING FOR MORE WAGES

ALBANY, N. Y., June 3.—Farmers of New York state will produce their normal contribution to the nation's food supply this season if the farmers are willing to pay the high wages demanded by farm labor, say officials of the state department of farms and markets. These officials express the belief that the farmers are beginning to realize that their products will command high prices next fall and that this will induce them to pay high wages to laborers and to plant at least as many acres as in former years.

The farm workers will be found, say department officials, when the farmer is willing to pay them the wages they want. The problem of the farmer is the cost of labor rather than shortage, they declare. Woodsmen who have been working in the logging camps during the winter are expected to go on the farms in the summer. Besides, say state officials, the annual "back to the land" migration from the cities should help to relieve the labor situation. Men who have been lured from the rural communities and towns by the higher wages offered in shop and factory begin to long for outdoor life when the warm days come, they say, and little coaxing is needed to make them exchange their work on their bench or machine for open spaces of field and meadow.

Planting has been delayed but this is attributed mostly to unfavorable weather conditions. There was difficulty early in the spring in obtaining seed, fertilizer, farm implements and machinery but the state officials say these commodities have been supplied as a result of efforts of the department of farms and markets in cooperation with railroad officials.

Expectation that the New York state farmer will see his duty and do it this year is based in part upon his record in 1917 and 1918 when farm laborers of the draft age were in the army. The state officials say that the farmer never before faced such a labor shortage but, nevertheless, those were banner years in crop production in New York state as well as for the bank balances for the farmers. They declare that if the farmer will pay the wages demanded, he will receive this year bigger profits than ever before.

SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR TO BRINGS BACK ITS BEAUTIFUL LUSTRE AT ONCE

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can, possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

What Good is a Dollar?

It's largely up to you. It depends on how you spend it—on the value to you of what you get for it—on your ability to find where that value is to be had.

Of course, it's all right to shop around a bit if you like, but why not let the other fellow make it easier for you by doing a little shopping after your dollar—by showing you what you want and where you can get most of it for your money?

It's a great idea, once you get the hang of it, and here's how!

Right in this paper you'll find dozens of advertisements offering you merchandise. Some things you'll need today; some tomorrow; some next week or next year—but the

point is that these merchants are coming to you, looking for your dollar and offering the best they have to get it.

You'll find that by reading the advertisements consistently today and every day, you can increase the value—to yourself—of every dollar you have to spend. The things you see advertised are almost invariably as represented. The advertisers' statements are usually safer to trust than your own judgment. Advertised misrepresentation is business suicide.

READ THE ADVERTISEMENTS AND INCREASE THE VALUE OF YOUR DOLLAR!
