

If only you could hang your feet on the strap.

Your poor tired arches carry a load all day that nature never meant them to carry. Shoes make bridges of your arches. They carry the whole weight of your body without support. In time the arches break down. The first symptom is extreme weariness, and often pains in the legs and back. Take warning. The

Wizard Adjustable Arch Builder

provides the support nature intended your arches to have. By distributing the weight of your body evenly over the feet the strain is avoided and serious consequences averted. You can walk, dance or stand without becoming unnaturally tired. The Wizard Adjustable Arch Builder is not an ordinary metal plate arch support. It is a featherlight, flexible, all leather device that can be adjusted to fit your arch by simply arranging the inserts in the pockets so that they feel comfortable. They give instant and permanent relief. If you have been wearing ordinary arch supports change and get a pair of Wizard Arch Builders. By gradual adjustments at home, you can build up your own arch to normal, with ease and comfort.

DROWNING VICTIM BURIED AT ASHLAND

Funeral services of the late L. K. Shepherd, who was accidentally drowned near Bend, last Saturday, were held at the home of his parents at Ashland on Wednesday, interment being in Mountain View cemetery. Services were conducted by the Masonic order, the deceased having been a member of Bend lodge No. 139. Developments indicate that the tragedy occurred while on a fishing excursion, accompanied by two companions, crossing what is known as Suttle's lake. The boat became unmanageable, and Kale attempted to swim to shore. His companions clung to the boat and were rescued after nearly perishing.—Medford Tribune.

AT THE BIG TENT TONIGHT

Last night the Macy-Baird comedians again filled their big Tent Theatre and the delighted audience enjoyed every minute of the pretty comedy-drama, "Marion Grey." The same play will be repeated again tonight, and those who enjoy a dandy story, well told, and a thousand laughs, don't want to miss "Marion Grey." Tomorrow night "The Call of the Woods," a gripping malo-dramatic story of the Great Northwest Canadian woods, will be given a splendid scenic production. Watch this place every day.

AUSTRIAN ARMY IS FILLED TO LIMIT

VIENNA, May 15. (By Mail.)—Recruiting for the new army that is to replace the Volkswehr under the terms of the treaty of St. Germain has ceased, the allowed 30,000 men having been enlisted. It is said that 70 per cent of the force are Social Democrats in spite of the attempt

made by the opposition to prevent it. This is due to the failure of the peasants to enter service in the provinces where the conservatives looked for heavy enrollment to offset the industrial centers. Many of the provinces falling to raise their quota, natives of the defaulting provinces residing in the cities were enlisted and sent to their home states.
