STEAM ROLLER TACTICS DENIED BY COMMITTEE

CHICAGO, June 5.—Charges of Senator Moses, that the Republican national committee had used "steam roller" methods in deciding contests, over seating of delegates were denied by several committeemen at today's sessions.

Neither Wood nor Colonel W. C. Proctor, his campaign manager, would support Moses' charges, according to the declaration of H. B. McCoy, national committeeman from the Philippines.

This is the first time steam roller talk has appeared in the preliminaries since the East Bay Roosevelt contest, eight years ago. There are several delegates who contribute to the support of predictions that it is going to be a regular old time convention.

Many steady influences which guided the preliminaries four years ago are absent and many new elements which make for confusion are present. The majority of the delegates uninstructed and although, as is generally the case, many of them are anxious to board some band wagon, there does not appear to be any to board.

About the only thing everybody seems agreed on is that no candidate is going to be nominated on the first ballot.

This is the last day of the national committee's deliberations on contests. In disposing of the remaining Georgia contests, the committee seated the Wood delegates from the seventh district and the Lowden delegate from the tenth district. The Texas contest involving 23 votes is to be taken up next.

PHILADELPHIA, June 5.—Senator Boies Penrose will not go to the Chicago convention. This announcement was made today by his physicians, following a conference.

Prohibition Issue

CHICAGO, June 5.—Virgil G. Hinshaw, chairman of the prohibition party's national committeemen, has announced his intention of obtaining from every Republican candidate for the presidency a statement concerning what stand the party should take on prohibition. He said he had discussed the subject with General Leonard Wood.

"General Wood told me that prohibition had done more for the army than any other one thing, but seemed inclined to leave the matter to the platform committee," said Hinshaw.

Hinshaw has drawn up two questions for presentation to the Republican presidential candidates, and said he was going to their headquarters to ask an answer in person of each candidate or his representative. The questions were:

"Do you believe in the eighteenth amendment as interpreted by the Volstead act, which act, as you understand, interprets intoxicating liquors to be anything containing more than one-half of one per cent of alcohol?"

"Do you favor your party adopting a plank in its national platform endorsing the eighteenth amendment and its enforcement as interpreted by the Volstead act or some measure equally effective?"

Hinshaw declared he intended to tell the whole country what answer each candidate made to these questions.

ARRANGEMENTS FOR BALDWIN FUNERAL

Friends desiring to gaze for the last time on the face of the late George T. Baldwin may have that opportunity tomorrow (Sunday) morning during the hour between 11 o'clock and noon when the body will lie in state at Whitlock's chapel.

The funeral services, as announced, will take place at 2:30 o'clock at the Presbyterian church under the auspices of the Masonic lodge. The funeral sermon will be delivered by the Rev. E. P. Lawrence.

Over 3,000 girls in leading cities in France have joined the Y. W. C. A.

CONGRESS ADJOURNED! NO EXTRA SESSION

WASHINGTON, June 5.—The sixty-sixth congress ended its second session today, adjourning sine die at 4 o'clock. Unless grave emergency arises which makes it necessary, a special session will not meet again until December 6.

TIMBER GOING FAST; RAISED PRICE RESULTS

WASHINGTON, June 5.—The high cost of timber and newsprint paper is due in no small measure to decimation of the forests of the east. Secretary Meredith informed the senate in transmitting a report by the forest service.

"Scarcity of timber in the eastern states is by no means the only cause of high prices," said the secretary's letter. "But the facts remain that three-fifths of the original timber of the United States is gone and that we are using timber four times as fast as we are growing it."

The report estimated that 2,215,000,000,000 feet of timber is left in the United States and that there had been no marked change in the concentration of timber ownership during the last ten years.

Secretary Meredith endorsed the position taken by the forest service that the fundamental need is a national policy of reforestation with enlargement of the national forests on a large scale and legislation which will enable the forest service to co-operate effectively with the states in stopping forest fires and growing timber on state and private lands.

MONTREAL, June 5.—An advance in the export price of newsprint paper from \$30 a ton to \$110 for the three months beginning July 1, to be followed by an advance to \$130 for the final three months of 1920, is shown in the schedule of the Canadian Export Paper company, Limited, issued Tuesday. The price will be increased 1 cent a pound July 1, from 5 1/4 cents a pound, mill, on October 1 to 6 1/4 cents a pound, mill.

The Canadian company controls a large part of the export paper output of five of the leading dominion newsprint producers, doing an export business of \$25,000,000 yearly.

Telegraph Tabloids

CHICAGO, June 5.—President Wilson, in a telegram to railroad brotherhood officials today, criticized congress for failing to take action with regard to the high cost of living. The telegram was in reply to a message asking the president to prevent the adjournment of congress today.

NEW YORK, June 5.—Two robbers entered Nassau street jewelry establishment in the heaviest business district today, threw pepper in the eyes of one of the proprietors, and fled with a wallet, said to contain \$100,000 worth of diamonds.

WASHINGTON, June 5.—After hearing the case of H. R. Green, of Texas, son of the late Hetty Green, the senate committee investigating campaign expenses, adjourned until July ninth.

WASHINGTON, June 5.—After it had been amended to meet President Wilson's objections the bill to establish a national budget system, July 1, was repassed today by the house and sent to the senate. The president vetoed the measure last night.

WASHINGTON, June 5.—A bill designed to exclude dangerous aliens from the United States was passed today by the house and sent to the president. Under its terms membership in organizations advocating the overthrow of organized government or sabotage, would be sufficient ground for the deportation or exclusion of aliens.

GASOLINE MUST BE CONSERVED TO THE LIMIT

Two car loads of gasoline were received last night by the Standard Oil station. J. T. Mortell, local manager, said the supply would be conserved to the utmost and apportioned among the essential industries. He said that until the shortage lessens the outlook for gasoline for pleasure cars is not bright and indicated that a drastic line would be drawn in regard to classes of vehicles constituting pleasure cars and others indispensable for commercial purposes.

"Our first care will be to supply farmers and stockmen," he said. "Many ranchers are operating gasoline pumping plants to provide water for their stock and these must be taken care of. Deprivation of gasoline there means depriving the cattle of water and consequent severe suffering."

"Next we must look to the supply for farm tractors and for trucks essential to lumber and other industries. We will make this supply go as far as it can but there will be no gasoline for pleasure cars until every industrial and commercial use is supplied."

Mr. Mortell said that he expected more gasoline in eight or ten days. The two cars received last night will not cover this period but conservation will stretch it as far as possible. The local manager said that after eight or ten days a more regular supply was expected.

LIGHT SHOWING ON CENTRAL COMMITTEES

With two or three exceptions where one vote for several candidates produced a tie, following is a full list of Republican central committeemen chosen at the recent primary.

Algoma, George Harrison; Hildebrand, J. G. Wright; Mt. Lak, T. N. Case; Langell Valley, W. L. Fordney; Odell, J. Howard; Orindale, C. H. DeLap; Klamath Lake, Frank Cortade; Lost River, F. J. Bowden; Wood River, Ed Leever; Poe Valley, C. L. Moore; Klamath Falls No. 1, A. L. Leavitt; No. 5, C. K. Brandenburg; No. 7, A. L. Wishard; No. 9, Charles W. Thomas.

Many precincts made no choice of central committeemen. All names had to be written in.

Democratic voters named committeemen in only three county precincts: Wood River, E. R. Cardwell; F. Zumpfe, Malin, and H. P. Thomas, Klamath Falls No. 6.

PLAY GROUNDS ADVOCATES TO MEET TUESDAY

W. H. Mason, chairman of the civic, educational and social committee of the Klamath county chamber of commerce, announced that a public meeting will be held at the chamber of commerce rooms on Fifth street next Tuesday afternoon at 4 o'clock to consider the matter of children's playgrounds.

Members of the committee, chamber of commerce and all citizens interested in the important subject of supplying recreational needs for the kiddies of Klamath Falls are urged to be present.

It has been suggested that the Central school grounds might be obtained during the summer vacation for one playground. Equipment of the places selected with teeters, slides, swings and other inexpensive apparatus will be considered and the employment of a competent director of the childish activities must also be given consideration. Communication with the state chamber of commerce and P. L. Campbell, president of the University of Oregon, is hoped to yield results in the way of recommendation of a suitable director.

The Modoc ball park has been suggested as an afternoon playground for the boys of the neighborhood on week days, and other places are under consideration.

All sites and plans, however, are still in a nebulous stage and no definite negotiations have been entered into regarding any of the grounds or apparatus arrived. The committee however, believe they have reached a point where they will have the outlines of a program to submit to Tuesday's meeting and they want all parents and others interested in securing playgrounds to be on hand to offer helpful criticism and suggestions.

MARRIED BY JUSTICE

Ira Corbin of Lorella and Miss Nita Magnus of this city were married last evening by Justice N. J. Chapman.

MARKET REPORT

PORTLAND, June 5.—Cattle, hogs and sheep, steady and unchanged; butter, weak; eggs, buying price, 36 cents.

WEATHER REPORT

OREGON—Tonight and Sunday, fair in east, probably showers in west; cooler tonight.

SUGAR RATIONING BOARD PREDICTED

NEW YORK, June 5.—Joint distribution committee to ration sugar to confectioners throughout the country will be formed here within two weeks, according to announcement of Armin Riley, special assistant to Attorney General Palmer.

PERSONAL MENTION

Coleman O'Loughlin returned last evening from British Columbia and points in the east, where he had been on timber business.

Mr. and Mrs. Paul Johnson left this morning in their new Franklin car on a trans-continental tour, which will include a long visit with relatives in South Carolina. Mr. Johnson recently sold the Klamath Creamery to a local corporation and is taking an earned vacation. Mr. and Mrs. Johnson expect to be gone for six months or a year.

Dr. C. P. Mason has been called to Portland by the serious illness of his father.

Mr. and Mrs. Frank Davis have gone to Portland for a visit with Mrs. Davis' parents. Mr. Davis will return in about a week while Mrs. Davis will make a prolonged stay.

Mrs. F. N. Ashby and granddaughter went to their home in Weed today. While in this city they were the guests of G. W. Brookfield.

Charles Terry and William Slavens were passengers on the morning train to Portland.

Johnnie Crowley, who has been visiting here for the past two weeks returned to his home in San Francisco this morning.

Mrs. Bertrude Kent was a passenger on the morning train to San Francisco.

A. L. Meacum returned to his home in Marshfield today.

Mr. and Mrs. A. Schulz left this morning to visit friends in Yreka for about a month.

Mrs. Ed. LaChance, who has been visiting at the home of N. H. Bogue for the last month, returned to her home in Portland this morning.

Mrs. E. Estelle Carrier left this morning via San Francisco for points in the middle west, and to visit relatives at Hot Springs, South Dakota, and Waterloo, Iowa. Mrs. Carrier intends to return in August via New Mexico and Los Angeles.

William Smith, who has been visiting his brother, George Smith, of this city, returned to his home in Tyro, Kansas, this morning.

Mrs. W. A. Clark left this morning to join her husband in Oakland. Mrs. Clark has been visiting her sister, Mrs. E. L. Moore, at Poe Valley. Mr. and Mrs. W. E. Venable and son, Alma, were passengers on the morning train to Lodi, Calif., where they expect to make their home.

Mrs. S. A. Anfonson and son, D. E. Anfonson, who have been visiting here for the past two weeks, returned to their home in Medford this morning.

Miss Francis Beatty, accompanied by Miss Faye Hogue, went to Ashland this afternoon to meet Miss Beatty's parents, who are coming here from Cottage Grove to spend the summer. Ed Martin drove the party over and will return with them tomorrow. Mrs. Martin and Mrs. Carey Ramsby, who are enroute to Astoria to attend the convention of the Relief Corps, went with the party to Ashland.

Mr. and Mrs. Earl Shepherd and Mrs. Kale Shepherd returned today from the funeral of the late Kale Shepherd at Ashland. They were accompanied by Mr. and Mrs. James Pelton of Fort Klamath.

CUSTOM OFFICERS CONFISCATE GEMS

THE HAGUE, May 19. (By Mail).—As an example of the strict vigilance of the German customs officers in order to save their country from being drained of valuables, the Handelsblad says that 7,000,000 marks worth of diamonds and 600,000 marks have been confiscated at Ben-Neim, the Dutch frontier station, within the last two weeks. The travellers to Holland are submitted to a very close search. Sometimes even the soles are ripped from shoes in order to search for diamonds and money.

SCHOOL BONDS WILL BE SOLD NEXT MONDAY

Klamath Falls and Klamath county investors will be offered a rare opportunity next Monday evening, when the directors for School District No. 1 will offer for sale \$37,500 of the bonds of the district. These bonds draw six per cent interest and are subject to the usual exemptions. No better investment can be found than the bonds of this district, far they are backed by a money value that will always insure their stability and safety, as well as the prompt payment of the interest. In addition is the great moral backing to an indebtedness of this kind, which is even of greater value than the financial strength of the district.

It is seldom that this opportunity comes to investors, as it is the custom for the State Land Board to purchase these bonds. The school board however, has been advised that the funds for the purchase of bonds are exhausted and no definite date could be set when bond buying would be resumed.

The directors are anxious to have the construction work on the Fairview school start at the earliest date possible and instead of waiting until the State Land Board will be in a position to buy the bonds, they are going to place them at the disposal of the general public, and thus afford local investors a rare opportunity to buy a security that is gilded. On account of the lack of time extensive advertising cannot be indulged in but those who may be interested can secure full information from any of the directors, or from Miss Ida B. Moyer, clerk of the school board, at the Klamath State Bank.

STOCKMEN MEET MEDFORD, SEPT.

One of the most important meetings to take place in Medford this year will be that of the executive committee of the Cattle and Horse Raisers association which meets here about September 10th.

There will be approximately forty members of the association at this meeting and they will come by auto thru Klamath county and by way of Crater Lake.

In all there are seven hundred members in the association and this meeting in September will be the first to be held in Southern Oregon. Welborn Beeson of Talent and Roland D. Flaherty of Medford are members of the executive board of this association and it was thru their efforts that the meeting was secured in this district.

The Farm Bureau and the Medford Chamber of Commerce will cooperate in entertaining these cattlemen and suggestions are solicited from the general public as to what should be done to make their visit here one which will always be remembered by them.—Medford Mail-Tribune.

THIRTY CENT SUGAR NOW IS REALITY

SPOKANE, Wash., June 5.—The retail price of sugar here will advance to 30 cents a pound within the next ten days, it was announced Tuesday by B. L. Gordon, a wholesale grocer of this city.

New advances by the refiners are responsible, he said.

While local stores were still selling sugar for 27 cents today from old stock, it was announced that there had been a raise of \$3.05 a hundred pounds and local stores will be forced to increase prices accordingly when the present small supply, secured at the old price, is exhausted.

WASHINGTON, June 5.—Rear Admiral Albert Winterhalter, member of the general board and former commander-in-chief of the Asiatic fleet, died suddenly today at the naval hospital here.
