**HUDSON BAY HAS NEW COMPETITOR**

KETCHIKAN, Alaska, May 5. (By Mail).—Along the northern rim of the continent, a new American trading firm, the Lamson & Hubbard company, is waging a bitter war against the old Hudson's Bay company for the fur trade, according to word brought out of the Arctic. The Hudson's Bay firm, a British concern, has operated in the north for scores of years.

New trading posts have been established by the American firm along the Arctic coast and in the Mackenzie River valley, where the white and active trappers for years have sold

their furs to the English firm. The new company has announced higher prices for furs and is holding down the prices of supplies it gives the traders in return for the skins.

Royal Canadian mounted police constables who recently returned to Dawson from the Arctic report a poor fur catch during the first year of the trade war.

**DELEWARE MAN WILL NOMINATE WARREN HARDING**

HARDING HEADQUARTERS, Columbus, O., June 7.—Former Governor Frank B. Willis of Delaware, who four years ago electrified the Republican National Convention when he presented the name of Theodore Burton, stated that he had received from Senator Warren G. Harding, a request to present the Senator's name to the Chicago convention, which request has been formally accepted by Governor Willis.

In a statement Governor Willis said:

"I shall be pleased to present the name of Senator Harding to the Republican National Convention. It will be an honor to name the next president of the United States. No other candidate occupies a more logical, more strategic position. He is not only logical from a geographical standpoint, but no other candidate's record on all the present day vital issues so constitutes the platform on which the contest will be waged. Senator Harding stands four square on questions which deeply concern the sovereignty and welfare of the United States, and he stands equally square on all the fundamental principles of the Republican party.

"The dignified, good natured character of the campaign conducted by Senator Harding has made a good impression and he has incurred no enemies. The Convention will be composed of unpledged delegates de-

**EASY TO DARKEN YOUR GRAY HAIR**

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

A citizens committee has asked permission from the board of supervisors to erect the necessary poles and equipment until the territorial legislature can pass on the charter.

**NOBLE WEARS OVERALLS**

TOLDO, O., June 7.—Count Constantine Rachinsky, erstwhile nobleman of the Royal court of Russia, has taken up overalls. The count who lost his fortune in the Bolshevik revolution, is working as a laborer in a Toledo automobile factory "sorting and trucking." Some day Count Rachinsky plans to return to Russia to sell automobiles.

Terminated to select a standard-bearer most certain to achieve victory in November Senator Harding has shown repeatedly that he can carry Ohio, the convention, I predict, will do the very wisest thing and nominate Senator Harding.

"Senator Harding's nomination will not only insure national party triumph, but the election of the entire state and congressional ticket in Ohio."

**What Good is a Dollar?**

It's largely up to you. It depends on how you spend it—on the value to you of what you get for it—on your ability to find where that value is to be had.

Of course, it's all right to shop around a bit if you like, but why not let the other fellow make it easier for you by doing a little shopping after your dollar—by showing you what you want and where you can get most of it for your money?

It's a great idea, once you get the hang of it, and here's how!

Right in this paper you'll find dozens of advertisements offering you merchandise. Some things you'll need today; some tomorrow; some next week or next year—but the

point is that these merchants are coming to you, looking for your dollar and offering the best they have to get it.

You'll find that by reading the advertisements consistently today and every day, you can increase the value—to yourself—of every dollar you have to spend. The things you see advertised are almost invariably as represented. The advertisers' statements are usually safer to trust than your own judgment. Advertised misrepresentation is business suicide.

**READ THE ADVERTISEMENTS AND INCREASE THE VALUE OF YOUR DOLLAR!**
