WEDNESDAY, JUNE 9, 1920

AT THE THEATERS

Are you a marriage slacker? Do you awake at night from a hectic nightmare in which you see yourself being led up the aisle by some baby-eyed blonde or sice-eyed brunette, eager to slip Kid Hymen's noose around your neck?

If you belong to that specie known as confirmed bachelor, woman hater or matrimonial-shirker, you will have an opportunity to see "A Fugitive From Matrimony." H. B. Warner's latest production, how one misguided cupid-dodger got hooked and was tamed by a girl who would not be bluffed.

"A Fugitive From Matrimony" is a Robertson-Cole release and is, without doubt, the best thing that Warner has yet done in pictures.
Shows at the Liberty tonight.

repertoire of screen successes in the Paramount adaptation of Frances Hodson Burnett's great drama of optimism, "The Dawn of a Tomorrow," the world-famous story of a young girl's unfaltering faith and triumphant ultimate reward which will be displayed at the Mondale Theatre tonight.

The old man had the evidence that would save her sweetheart's life. But the old man couldn't easily testify because he was near Death's door. How to prolong his life! The "Glad" did it by "wishin'." What's that? Come and see! tonight.

DEEPEST OIL WELL IS DOWN 4700 FEET

AUSTIN, Tex., June 9.—The deepest producing well in Texas, is claimed to be the Arnold No. 1 recently brought in by the Texas company in Young county at 4700 feet.

The report on this well, filed with the railroad commission, said:

"We invite your attention to the log of Arnold No. 1, as we believe this to be the deepest producing well in Texas, if not in the United States, same being a producer at 4700 feet."

If the Wood Dealer Sold Service

We do not sell current; we sell service. That sounds odd doesn't it?

Well, suppose the wood dealer sold service instead of wood, he would send to your furnace and your range, take away the ash and clean the flues. You would buy so much heat.

Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.

That is what we want to give you—efficient service. It is the aim of this company to have some but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.

If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.

DENVER WOMAN SPEAKS AT WORLD SUFFRAGE MEET

GENEVA, Switzerland, June 9.—Helen Ring Robinson, formerly state senator of Colorado, was one of the speakers yesterday at the mass meeting held here by the Congress of the International Woman Suffrage Alliance and addressed exclusively by women members or former members of parliaments or other governing bodies.

"It is a great pity that there have been relatively so few women legislators in my own country," she said. "In our various state legislatures some 60 different women have served. But they have been spread over a great deal of territory and time, which makes the spreading much too thin."

"So far but one woman has been elected to our National Congress and during the entire term of office of Congresswoman Rankin, the press never ceased debating whether she was a flower or a vegetable. For myself, I vote for the vegetable. What the world needs today is a big crop of vegetables and nature always looks out for the flowers anyway."

"There are four callings for which women are plainly better fitted than are men—acting, caring for children, nursing and legislating. I do not say women have surpassed men as legislators, but I do say they are inherently better fitted for legislating, which should deal primarily with improvements in social relations."

"Count Sulein is credited with saying that the Great War was caused by a quarrel between Hungary and Serbia over the shipment of hogs. All the great wars of history have been caused by quarrels over the shipment of hogs—in some

guise or other. All of the legislation back of those wars has been built on hogs and the belief that the measure of a nation's greatness is the production of wealth—hogs.

"Now another estimate of value is shaping itself out of a world's agony, the idea that women have always held that the measure of a nation's greatness is the production of health and happiness. Here is the special task of the woman legislator. Here is the solemn duty of the women assembled in Geneva at what may justly be called an Internationals of Good-will—to put this new vision across the flux of the whole world's thinking by every possible expedient, to embody it into law, to weld it into constitutions, to interpret it into every international movement."

JAPANESE EXODUS

HONOLULU, T. H., May 19. (By Mail.)—During the first four months of 1920 a total of 2026 Japanese left the Hawaiian Islands for Japan, according to figures published by the Nippon Jiji, a Japanese newspaper here. The Nippon Jiji added that the first outward-bound ship in May will carry another 300 Japanese home.

The World's Largest Tire Factory Building 30x3, 30x3 1/2 and 31x4-inch Tires

Owners of the smaller cars can enjoy the same high relative value in Goodyear Tires that gives utmost satisfaction to owners of big, costly motor carriages.

They can take advantage of that tremendous amount of equipment, skill and care employed by Goodyear to build tires of extraordinary worth in the 30 x 3-, 30 x 3 1/2-, and 31 x 4-inch sizes.

They can secure these tires without waiting, despite the enormous demand, because, in addition to its larger sizes, Goodyear builds an average of 20,000 a day in the world's largest tire factory devoted to the three sizes mentioned.

If you own a Ford, Chevrolet, Dort, Maxwell, or any other car using one of these sizes, go to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30x3 1/2 Goodyear Single-Cure Fabric, All-Weather Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag \$4.50
