

MRS. ALICE GRESHAM DODD, mother of the first American soldier killed in France, who gives entire credit for recovery of her health to the well-known medicine Tanlac.

The following remarkable endorsement of Tanlac was given recently by Mrs. Alice Gresham Dodd, at the Gresham Memorial Home, Gavin Park, Evansville, Ind., which home was presented to her by the patriotic people of Indiana, as evidence of their appreciation of the services rendered to his country by her son, Corporal James B. Gresham, the first American soldier killed in France. Expressions of sympathy were received from all parts of the United States, and the newspapers of the country carried the story of the first "war mother."

The shock of her son's death resulted in the serious breakdown of Mrs. Dodd's health, but everyone will learn with interest and pleasure that she is now in splendid health again. When seen at her home recently she made the following statement, giving the entire credit for her recovery to the well-known medicine, Tanlac.

"After my dear boy's death, I had a general breakdown in health," said Mrs. Dodd. "At first it was just indigestion. My food used to upset me and I had to diet myself very carefully, which wasn't much hardship. I lost all desire to eat. Then I had an attack of rheumatism, with severe pains in my shoulders, back and arms. Sometimes I used to suffer a great deal, and my joints would get all swollen up and stiff. I was able to do very little about the house, and at times couldn't even cook a meal. I

got very nervous and restless, and at night would lay awake for hours, and lost many a night's sleep as a consequence. "A friend of mine had received a great deal of help from Tanlac, and it was she who advised me to try it. I am so glad I did for it proved the best medicine I have ever taken. It soon gave me a good appetite and seemed to settle my stomach so that I was no longer troubled with indigestion. I don't know what it is to have rheumatic pains now, the swelling and stiffness has all gone out of my joints and I am able to do the work of the house with the greatest ease. My nerves are now steady and strong, I sleep fine at night, and I feel better in health than ever before in my life. I shall always be grateful for what Tanlac has done for me, and shall recommend it every chance I get."

Tanlac is sold in Klamath Falls by the Star Drug Co., in Lorella by the James Merc. Co., and in Merrill by the Southern Oregon Drug Co. Adv.

JUNE 12TH IS NEIGHBOR DAY

WASHINGTON, June 8.—Cardinal Gibbons, through the National Committee on Community Organization of which Franklin K. Lane is President, has issued a proclamation suggesting Saturday, June 12, as Neighbor Day to develop a spirit of neighborliness and friendliness.

Cardinal Gibbons' proclamation, similar to others by the Governor of Ohio, Wyoming, West Virginia and Arkansas is as follows: "The celebration of a National Neighbors' Day on June 12 would be a splendid means of promoting local community organization. I regard this kind of organization as an excellent means of breaking down racial and other prejudices, and of teaching men and women in a practical way their duties of Christian charity and helpfulness toward their fellows. It should prove effective in promoting genuine and sympathetic Americanization."

"JAMES CARDINAL GIBBONS" The Committee on Community Organization is responsible for the birth of the idea of Neighbor Day. It grew out of the National Conference on Community Organization March 19 and 20. It is planned to have Neighbor Day become a nationally recognized day for the purpose of bringing the people, foreign born and native, into closer relationship in order to give them an intimate knowledge of the needs of the community. The sponsors believe that if a real spirit of community interest prevails under the stimulus of a yearly neighbor day on June 12, that no radical propaganda can withstand the welding together of local community organization.

NEW AUDITOR AT WHITE PELICAN

D. A. Corda, who has been the auditor of the White Pelican hotel, left yesterday for Sacramento where he has accepted a position at the Travelers hotel. Mr. Corda has made many friends in this city and patrons of the White Pelican were sorry to see him leave as he proved himself a good fellow and was always attentive to the guests' wants. His position has been filled by Miss Betty Gray, of San Francisco, a woman of much experience in the hotel game.

MR. SMITH COMES TO THE FRONT

Tells His Friends and Neighbors of His Experience

Every Klamath Falls resident should read what Mr. Smith says, and follow his example. He has used Doan's Kidney Pills and speaks from experience. Is there any need to experiment with imitations or untried kidney medicines? Edd Smith, plasterer, 1229 Lakeview Ave., Klamath Falls, says: "My work was a strain on the kidneys and I had attacks of kidney complaint. They made it most impossible for me to do any lifting or stooping. My back ached dreadfully and I had severe pains across my shoulders. My kidneys acted irregularly, too. Doan's Kidney Pills used as directed helped me wonderfully by relieving the aches and pains and putting my kidneys in good shape." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Smith had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

PILOTER TIRED BY LONG FLIGHT IS RESCUED

VICTORIA, B. C., June 9.—Almost exhausted from its long flight, a bird of the plover species picked out the Nipon Yasei Kaisha liner Tajima Maru as a haven of refuge as the big steamship was plowing her way across the Pacific for this port. The liner was about nine hundred miles out from Victoria when the feathered visitor settled helplessly on the boat deck. Flying aimlessly above the broad expanse of the ship the bird had sought for something to settle upon in order to rest its weary wings and it eagerly accepted the accommodating vessel to save itself from destruction. The bird was picked up and soon revived when ministered to by a member of the ship's crew. It proved very tame and displayed no inclination to resume its flight.
