

DRIVE STARTS TO RAISE STATE C. OF C. QUOTA

Intensive work, connected with the state-wide expansion movement of the Oregon state chamber of commerce began in Klamath Falls this morning, when the executive committee of the state chamber for this district held a special meeting in the directors' room of the Klamath State bank, with two of the field men from the Portland headquarters of the big organization.

E. T. Ladden, chairman of the local committee called together his associates, consisting of A. M. Collier, O. D. Burke, H. N. Moe and C. F. Stone at 11 o'clock, and went into the details of the local campaign with James G. Stafford and Samuel C. Haight, representing the state chamber. Arrangements were perfected for immediate local action in raising Klamath Falls' share of the \$270,000 three-year budget fund for the state-wide development work planned by the Oregon state chamber of commerce. Satisfactory progress was made at the preliminary meeting. A second meeting at which a number of the important business interests of the section will be represented will be held either tonight or Thursday.

More than 80 communities, cities and towns throughout Oregon have aligned themselves in this splendid state-wide movement, committees similar to the one representing Klamath Falls having volunteered their services in pushing to a successful conclusion the big campaign for the ambitious program of state development suggested for the state chamber of commerce.

This program of work will be made up through local group meetings of those affiliating with the Oregon state chamber of commerce as contributing members to the state-wide budget fund. At these group meetings analysis of the local and state-wide problems will be conducted and answers in writing made to these three questions:

1. What can the Oregon state chamber of commerce do to improve conditions or opportunities in your own line of business or profession?
2. What do you believe the Oregon state chamber of commerce should do to advance the interests of your community?
3. What in your opinion as a citizen is the thing of first importance for the state chamber of commerce to undertake for the good of the state as a whole?

After these questions have been answered, each district in the state will send two delegates to a meeting of like delegates from each of the 80 odd communities throughout Oregon, with the officers and directors of the state chamber, and from a digest of the answers to those questions, analyzed at that convention, a program of work will be formulated which will

MICKIE SAYS

"IS THIS MR. TITENWAD... THIS IS MICKIE. SAY, MR. TITENWAD, IF YA GOTTA BORROW THE PAPER SOMEBODIES, I WISHT YAD COME 'ROUND TA 'M' OFFICE 'N DO IT. 'CAUSE WE DONT LIKE YA HAVE OUR REG'LAR SUBSCRIBERS BOTHERED. THANK YA - O'BY"

BOURBON PROHIBS WHET KNIVES FOR GOV. COX

WASHINGTON, June 16.—Prohibition advocates will ask the Democratic national convention to adopt a plank declaring for the rigid enforcement of the eighteenth amendment and will present a solid front against Governor Cox of Ohio. Wayne B. Wheeler, general counsel for the Anti-Saloon league declared today in a formal statement.

BROWN HELD ON \$10,000 BOND

Toy Brown, accused of murder with intent to commit murder as a result of the alleged discharge of a shotgun at his brother, Floyd Brown, at Beatty recently, had an examination before Bert C. Thomas, United States commissioner, this morning and was held to investigation of the federal grand jury under \$10,000 bonds.

Floyd Brown was wounded in the back by the shotgun charge. He is in the Warren Hunt hospital here and is reported to be recovering. The bond in the case of Toy Brown was placed at the \$10,000 figure on request of Walter West, superintendent of the Klamath reservation, who said he thought public welfare demanded that Brown be held securely while an investigation of all circumstances connected with the shooting was being made.

Two Others Held
Archie Chipp and Frank Hoover waived examination and were held to grand jury action on a charge of introducing liquor into the reservation. Chipp's bond was fixed at \$750 and Hoover's bond at \$250. They provided bonds and are at liberty. It is alleged that liquor supplied by Chipp and Hoover produced intoxication that led to the quarrel between the Brown brothers.

DULUTH MOB HANGS 3 NEGROES IN RIOT

DULUTH, June 16.—Virtually normal conditions prevailed today in the Duluth business streets over which a mob of 5,000 persons surged last night, sweeping the police from power and seizing and lynching three negroes, in connection with an attack on a 17-year-old white girl.

unite the entire state on definite tasks for accomplishment. It is unquestionably likely that some of the major planks in such a program of work, stressing as it will road development, railroad extension work, irrigation, reclamation and general agricultural development work, state and national legislation, etc., etc., will require continuous, active, and aggressive work over a period of several years. It is for this reason that the \$450,000-three-year-budget fund is aimed at in this state-wide campaign. The directors of the state chamber know that in six months or a year there will be some definite accomplishments to just as there has been some really remarkable things done in the last 13 months by the state chamber even on its limited financial support. More time, and more money than just the \$450,000 per year, however, will be needed to push through to success the work directed toward the aiding of road expansion work, railroad extensions and irrigation and drainage development.

Pledges and subscriptions will therefore be asked from all the business interests of Oregon on a three-year basis, and in amounts substantial enough to assure the budget total being fully subscribed. For the Klamath Falls section the apportionment has been set at \$2,400 per year for three years. This share of the state-wide co-operative fund for Oregon development was arrived at by the board of directors of the Oregon state chamber of commerce on the basis of population, bank deposits and bank resources, and is considered fair by the local executive committee. Team organizations will be sent out in the next few days to call upon the business interests of this section and secure the subscriptions.

MAY SELL ARMY SURPLUS GOODS IN COURTHOUSE

Tentative permission to use the new courthouse building on Main street, now in litigation, as a store for disposing of surplus army clothing, foodstuffs and supplies, has been obtained by Henry Berger from the county court, it is reported. Mr. Berger is from San Francisco and is amply supplied with credentials showing he is a special agent of the United States quarter-master stores, and apparently in a responsible position to carry out such arrangements as he makes.

His plan is to bring in surplus army stock of all sorts, reclaimed shoes, underwear, socks, olive drab trousers, canned food, frozen beef, etc., and dispose of it at prices which he claims will be below the retail prices of ordinary stores and will result in lowering the high cost of living. He expects to maintain the local store, if he starts it, for three or four months at least and does not intend to start unless it is indicated that he can sell at least \$30,000 worth of goods in this community.

At a meeting in the labor council hall Monday evening he outlined his plan to about 100 persons and received promises of support. Some opposition also developed, among members of the labor organization whose employment and living depend upon the prosperity of the local merchants and who felt that the Berger store would take away business from the local merchant.

It is understood that Mr. Berger is not meeting with any cordial support from the Business Men's association of other local organizations. There is no record on the minutes of the county court to show that a permit to use the courthouse was granted, and Judge Hunnell was on the way to Bonanza today and could not be interviewed.

It is said, however, that the agreement for use of the courthouse building is in tentative form. It was also signed by attorneys for either side of the courthouse controversy, who agreed that the use of the building at this time for the purpose of a retail store would not be used to the prejudice of either side in the litigation.

KLAMATH FALLS MAY GET AIR PATROL BASE

Forest Supervisor Brown of the Fremont Forest reserve was in the city for a few hours yesterday, and while here he stated that it is possible for Klamath Falls to become one of the landing places for the aerial patrol that is to start sometime this month and which will cover a route beginning at Medford, thence to Paisley, in Lake county, to Alturas, Calif., and back to Medford. The jump from Alturas to Medford is a long one, and the service would be glad to so arrange its schedule as to make this city a landing place if a suitable site were furnished.

In addition to its advantage as a protection against forest fires and their control, there is more or less value to this city from an advertising standpoint to have this patrol making regular stops here, and it would be well within the province of the chamber of commerce to interest itself with the task of ascertaining from Supervisor Brown just what is needed to insure the patrol route passing through this city.

MARSHALL CONDOLES WITH GOV. COOLIDGE

BOSTON, June 16.—Vice President Marshall today greeted his possible successor with a message, not of congratulation but of commiseration. "Please accept my sincere sympathy," was the word he sent to Governor Calvin Coolidge, the Republican party nominee.

COUNCIL GRANTS 'TULE' ROOMING HOUSE PERMIT

Another rooming house was added to the city's quota of public lodging places when the city council last night granted a permit to Mrs. Ora M. Young to conduct a rooming house in the building on lots one and two of block 90, Klamath addition, more familiarly known as "The Tules."

The petition went through with a budget of other permits, without question or comment. In fact the smoothness of its passage would indicate that the program had been arranged before hand. The application for the permit reads as follows:

Klamath Falls, Ore.,
June 14, 1920.
To the honorable mayor and common council of the city of Klamath Falls, Oregon.
Gentlemen:
I, the undersigned, being the owner of lots one (1) and two (2) in block Ninety (90), of Klamath Addition to the City of Klamath Falls, Klamath County, Oregon, hereby petition your honorable mayor and common council to grant me a permit to maintain, run and operate a rooming house in the two story frame building located on said premises.
Very respectfully submitted
(Signed) Mrs. O. M. Young.

A few weeks ago Dr. Murphy, acting surgeon of the United States public health service, visited Klamath Falls. He investigated "The Tules," examined the five or six inmates and ordered them all under quarantine as carriers of venereal disease.

Since then they have scattered, two or three have left town. Two, it is understood, are still under quarantine at "The Tules," one under treatment for the most terrible of the twin diseases that follow in the train of social transgression.

In granting the premises a license to operate as a rooming house, members of the council today expressed themselves as having been guided by different motives.

Councilman Upp said he acted with his eyes open. He said that Dr. Murphy's action deprived the owner of the property of her accustomed means of a livelihood. He thinks she is entitled to make a living and if she wishes to conduct a rooming house in legitimate fashion to earn a legitimate living she should have the opportunity and he voted for the permit on that ground.

If the rooming house is not conducted in lawful and orderly fashion, then that situation must be dealt with by the authorities when it arises, is Upp's opinion.

Councilman Brandenburg asserts that he did not recognize the place from its description in the application and voted for the permit unwittingly. However he believes that under present conditions—the need of housing accommodations—the council is not justified in withholding rooming house permits unless good cause is shown by some protestant. There was no protest against this permit.

Councilman Lavenik's reason for his vote was not available today. Councilmen Moore and Colvin were absent.

CARPENTIER WILL FIGHT DEMPSEY

WICHITA, Kan., June 16.—George Carpentier today issued a challenge to Jack Dempsey to meet him after October 10 at any time and place Dempsey names.

SAN FRANCISCO, June 16.—Jack Kearns, manager for Dempsey, today accepted the Carpentier challenge.

SAN FRANCISCO, June 16.—The indictment charging Jack Dempsey and his manager, Jack Kearns, with conspiracy to evade the selective draft act was dismissed by the federal court here today.

MARKET REPORT

PORTLAND, June 16.—Cattle, hogs, sheep and butter, steady and unchanged; eggs: laying price \$8

LABOR ASKS U. S. TO BAR ALL ASIATIC

MONTREAL, June 16.—The American Federation of Labor convention here today called upon the congress of the United States to cancel the "gentlemen's agreement" with Japan, and absolutely exclude all Japanese and other Asiatic immigration to this country.

The exclusion of "picture brides" is also demanded. Declaring that a band of "irresponsible agitators was attempting to discredit the recognized organization of railway employees" the federation unanimously condemned the "secessionist movement" which resulted in the recent railroad strike.

EWAUNA CO. TO HOUSE WORKERS

A permit was granted to the Ewauna Box company at last night's council meeting to erect an apartment house on the northwest corner of Fifth street and Willow avenue, Klamath addition. This building will contain 10 apartments, modern in every respect, and will be reserved for the factory employees only. The company wishes to have it completed in 30 days. The cost is estimated at \$12,000.

As soon as the obtaining of material and labor will permit the company will erect another apartment house, similar to the first and of equal cost and 22 cottages, containing three and four rooms. The cost of the cottages will be \$2,000 each.

C. OF C. PLANS FUTURE WORK

At the chamber of commerce meeting last night the purposes of the organization were discussed in detail and some plans were laid for future work, especially as to transportation, publicity, legislation, fish and game and highways. Mr. Tower, chairman of the committee on fish and game realizes the importance of the work of his committee in the thorough stocking of Klamath streams and lakes with trout and, as far as possible, in seeing that fish ladders are constructed where necessary and everything be made practicable for the free circulation of salmon and other food fish.

Mr. Tower's home place near Keno is a friendly resort for quail and pheasant, and even the deer, realizing his friendliness to the native inhabitants, occasionally visit his barns and fields without fear, and he is anxious to introduce to our splendid fields and woods the familiar bob white quail of the eastern states.

The personnel of Mr. Tower's committee, consisting of Charles F. Stone, Walter G. West, Borney Chambers and B. C. Bowman are all men who fully appreciate the importance of their bureau, a meeting of which will be held in a few days at the chamber of commerce rooms.

The chairman of the committee on publicity and convention, W. A. Dellsell; W. H. Mason, chairman on education and civic betterment, and Fred A. Baker, from the committee on legislation and taxation, discussed the details of the work of their departments and as soon as practical will hold meetings and secure as soon as possible the functioning of their committees.

The proceedings did not terminate without the mention again of the importance of the work of the committee on finance securing the funds needed for the purposes of the chamber and also the importance of giving the outside communities an opportunity to become members of this organization, the purpose of which is to boost for the entire county and in fact all of the Klamath basin.

WEATHER REPORT

OREGON—Tonight and Thursday, fair; warmer in the west; moderate westerly winds.

HEAVY LICENSE FOR TRAVELING SHOWS PLANNED

An ordinance to place a minimum license tax of \$50 a day on all traveling theatrical shows, exhibitions, carnivals and entertainments was introduced at the meeting of the city council last night and passed its second reading. Three councilmen were present. The ordinance contained an emergency clause, stating that public health and safety demanded its immediate passage. To pass an emergency ordinance a four fifth vote of the council is necessary, and as only three of five councilmen were present it was impossible to take it further than the first reading last night.

The ordinance provides the daily license for all tent and traveling shows shall be \$50 for shows with a seating capacity of 500 or less; \$75 between 500 and 1000 seats and \$100 for shows seating more than 1000.

Local theatrical men were out in force to advocate the passage of the ordinance. Dr. E. D. Johnson was evidently retained as their spokesman and made an eloquent plea for the passage of the ordinance, on the ground that the local showmen made and spent their money in this community while the traveling shows took the money away. They are here for a few weeks in the summer, he said, but when winter comes and the city must shovel its snow from its streets and raise money to care for its influenza cases and other emergencies, the traveling showmen is gone and the burden falls upon the home people.

Sidewalk Petition

A petition to lay sidewalk on Ninth street was filed by residents. The engineer was directed to establish the grade.

Police Matters

It was resolved by the council that the chief of police be instructed to have signs prepared and posted warning the public against expectation in public places.

Permits Granted

The following permits were allowed:
Goldthwaite & Van Emon, garage, northwest corner Klamath avenue and Eighth street, \$25,000; Henry Goeller, brick residence, lot 2, block 5, original town, \$6,000; Frank J. Schmitz, two 4-room bungalows, Mills addition, \$1700 and \$1800; Peter Hawson, addition to house in Mills addition, \$150; M. S. Johnson and W. M. Montelius, frame dwelling, lot 8, block 53, second Hot Springs addition, \$250; Ewauna Box company, apartment house, block 28, Klamath addition, \$12,000.

Removal permits:—E. J. Murray, to move frame residence from lot 3, block 13, original town, to lot B block 45, Nichols addition, and move Christian church building onto lot 3, block 13; J. O. Beardsley, to move building from lot 5, block 83, Klamath addition, to lot 9, block 83, and build a brick structure 52x100 feet on lot 5, cost \$10,000; G. W. Smith, to move Summers house from Seventh and Pine to lot 4, block 63, Nichols addition.

The Cozy restaurant, refused a permit to move to a new location on Main street at the last meeting, was granted permission to move from the present site on Main to a location on Klamath between Sixth and Seventh.

The Alabama supreme court has a woman secretary—Miss Alice Milton Doyle.
