ZIONISTS LEAVE FOR CONFERENCE

NEW YORK, June 16.—The first group of American delegates to the International Zionist conference which convenes in London July 4 have left for England on the steamer Lapland. In all there will be 39 American delegates to this conference, considered by American Zionists a most momentous gathering. The others will leave for England next Saturday.

In the party are Justice Louis D. Brandeis, of the United States supreme court, honorary president of the Zionist Organization of America; Judge Julian W. Mack of the United States district court, president of the organization; Nathan Straus, Mrs. Mary Fels, Jacob de Haas, Zionist executive secretary; Louis Lipsky, organization secretary; Professor Felix Frankfurter, of Harvard; Captain Abraham Tulin and David Rosenbloom.

The first world Zionist conference held in six years, since the outbreak of the war, the forthcoming convention is considered of importance because it will deal with the practical problem of the establishment of the Jewish national homeland. Delegates will attend from every country in Europe, Palestine, Argentina, Australia, Canada and New Zealand.

In announcing the meeting, the Zionist Organization of America says: "Millions of Jews throughout the countries of eastern Europe, waiting for the opportunity to leave for Palestine, will watch the proceedings of the conference with intense interest, for the manner and time of immigration will be one of the chief topics discussed at the conference."

"The American delegation has a definite program for the restoration of the Jewish homeland in Palestine, which it will place before the conference. It is pledged to free immigration for Palestine, but recognizes that it will be necessary to regulate the immigration at first in order to bring into Palestine a large labor army, to begin the immediate construction and engineering projects necessary to prepare the country for the 4,000,000 Jews, who it is expected will ultimately make their home there."

"The American Zionists hope also that the development of Palestine will be carried on, under the principles of democracy and equality enunciated in the famous Pittsburgh program, adopted by the 1918 Zionist convention and ratified again at this year's extraordinary convention. This program provides for absolute political equality as regards race, sex and religion; establishment of the ownership and control of the land, all natural resources and public utilities in the people with due regard for existing rights; use of the co-operative principle; and prevention of the evils of land speculation and other forms of financial oppression."

"It will also work for the establishment of a national board of health in Palestine, with the American Zionist medical unit, now operating there, as its foundation, in order to organize upon a nation-wide scale the fight against disease. The establishment of experimental stations and technical laboratories for the study and development of the country's resources will also be proposed by the American delegation."

"To carry out all these projects necessary for the development of Palestine, advices from London state that the Zionist inner actions' committee will propose launching a fund of \$125,000,000 to finance them and other vast operations to be decided upon at the conference."

"Mrs. Brandeis, Mrs. Mack and Mrs. Straus are accompanying their husbands. Mr. and Mrs. Straus will continue on to Palestine to inspect the many philanthropies they have started there and to investigate the establishment of such others as they deem necessary to help carry out Zionist reconstruction plans."

CONSTANTINOPLE IN INTERNATIONAL ZONE

WASHINGTON, June 16.—Limited internationalization of the port of Constantinople and its inclusion in the "zone of the straits" provided in the provisional terms of the Turkish treaty was disclosed by an official summary received here today of the jurisdiction provided by the inter-allied commission of control. Granted its own flag, budget and separate organization, the "zone of straits" under the lines and boundaries fixed by the commission will have authority over a territory considerably greater than some of the smaller nations of Europe.

No Sugar

Required for Jiffy-Jell Desserts

They come ready-sweetened.

They come acidulated with pure fruit acid, made from lemons or from grapes.

A bottle of liquid fruit flavor comes in each package. We crush the fruit, condense the juice and seal it in a bottle. So Jiffy-Jell is a real-fruit dainty, rich in fruit.

Simply add boiling water as directed on package, then the fruit essence from the bottle, and let cool.

If you used fresh fruit, plus a lot of sugar, you could make nothing more delicious.

Serves six—at trifling cost

One package of Jiffy-Jell serves six in mold form, or twelve if you whip the jell. And the fruit alone which we use in it would cost you more than the whole dessert.

Jiffy-Jell

Real-Fruit Desserts

Ten Flavors
in Glass Vials

A bottle like this in each package

Mint Lime Cherry
Raspberry Loganberry
Strawberry Pineapple
Orange Lemon Coffee

Be sure to get this package from your grocer, for Jiffy-Jell is the only dessert with these liquid fruit flavors in vials.
