

## ASSAILANT OF MRS. HAMILTON UNDER ARREST

ROSEBURG, June 17.—Positive identification of J. F. Wallace, now being held at Dayton, Wash., as the man who brutally assaulted her on the evening of May 29th, was made by Mrs. Gibson Hamilton, of Reuben, who left Sunday for Dayton to identify the man who was being held as a suspect. A warrant was issued for Wallace, and extradition papers will be secured at once and Sheriff Quine will leave immediately to bring him back to this city for trial.

Information against Wallace was secured by James Smith, chief of police at Starbuck, Washington, where Wallace has been employed since June 6. The reward of \$250 offered by the county court will probably go to Smith in the event that Wallace is proven guilty.

A telegram was received the last of the week by Sheriff Quine from Chief Smith, stating that a man fully answering the description had accepted employment at Starbuck as a lineman. The officer wired Sheriff Quine full particulars until the Douglas county sheriff became fully convinced that the suspect was the right man.

Last Saturday he went to Reuben and persuaded Mr. and Mrs. Gibson Hamilton to go to Dayton to identify the worker if possible and shortly after they had left he received word from Chief Smith that Wallace had resigned his job, and asked for instructions. Sheriff Quine immediately ordered his arrest and he was made prisoner until the arrival of the Reuben people. Mrs. Hamilton recognized Wallace at once, and she positively identified him according to word received by Sheriff Quine.

Wallace, it is claimed, is the man who on May 29 attacked Mrs. Hamilton near her home at Reuben, and after beating her about the head ravished her and left her lying supposedly dead. Poses were organized for his capture but he managed to evade them and made his escape. It was later learned that he was picked up by the Medford auto stage on its trip to this city and was brought into Roseburg and went on north. Mrs. Hamilton's condition was very critical for some time and she is still ill as a result of the attack made upon her. She was unable to make the trip to Washington alone and her husband accompanied her.

The man had previously been employed as a telephone lineman and upon going to Washington returned to the trade, having been employed at Starbuck, where he was arrested, since June 9. He will be brought to Roseburg as soon as the necessary papers are secured and will answer the charge in the local court. In the event he is proven guilty he will doubtless receive a stiff sentence.

Mrs. Hamilton was a former resident of this county, living at Midland and Olene. Before her marriage she was Miss Bertha Kelley.

## PANCHO VILLA SLAYS THREE HUNDRED WOMEN

MEXICO CITY, June 18.—Three hundred women camp followers, attached to government forces, have been killed by Francisco Villa, according to El Democrata today, quoting Jacinto Trueba, a wealthy merchant of Tlueba. According to Trueba, Villa captured the women during an encounter with a regiment of cavalry of the defacto government, between Parral and Jimenez. He ordered them lined up for review to see if any were soldiers masquerading as women. One woman fired two shots at Villa, but missed the mark. When Villa was unable to learn which one fired the shot, he ordered all the women herded together and shot down.

## NEW MEXICO WOOL MEN POOL THEIR CLIPS

ALBUQUERQUE, N. M., June 17.—The Wool Growers' Co-operative association of New Mexico has been formed for the purpose of eliminating middlemen and increasing the returns to the sheep men. It is the intention this year to concentrate in a warehouse in Chicago, for grading and selling to spinners, as much of the wool clip as is pledged to the association. When the association is considered as permanently established and is sufficiently strong financially, arrangements will be made for one or more bonded warehouses in this state, where the wool will be graded and sold.

Sheep men say at present wool passes through the hands of from two to five persons after the grower sells it until it reaches the man who makes it into cloth.

New Mexico's wool clip this year will, it is estimated, amount to 18,000,000 pounds. Growers have already pledged 3,000,000 pounds to the association.

## 'REFER TREATY TO THE PEOPLE' SAYS HARDING

WASHINGTON, June 18.—President Wilson's challenge to submit the peace treaty to a referendum of the American people was accepted today by Senator Harding, the Republican presidential candidate.

"I am sure the Republican party will gladly welcome a referendum of the foreign relationship of this country. The effort of the Republican party to preserve our nationality will be, I am sure, overwhelmingly endorsed," Senator Harding stated today.

## HOOVER COMES OUT FOR HARDING FOR PRESIDENT

WASHINGTON, June 18.—Herbert Hoover today formally announced that he will support the ticket nominated by the Republican national convention. In a statement issued after having had breakfast with Senator Harding, Mr. Hoover characterized the greater part of the Chicago platform as constructive and progressive.

Indorsing in the main the action of the convention, Mr. Hoover calls upon all elements of the party to support the Republican ticket at the polls. He declares that nothing prevents the compromise planks on the labor question and the league of nations from being given a forward-looking interpretation. He added, however, that "some things, including reorganization of our election expenditures at primaries, are not adicity, and is another mark of the com-

## DIRECTORS OF THE CHAMBER OF COMMERCE MEETS TONIGHT

At the meeting of the directors of the Chamber of Commerce, which will be held this evening at the rooms of the Chamber, the heads of the different bureaus will be called individually for reports and many matters of interest and benefit to the city and county will be considered. The meeting will be called to order at 8 p. m. sharp.

## NOTED FINANCIER SUMMONED BY DEATH

NEW YORK, June 18.—George W. Perkins, noted financier, died this morning at the Stamford Hall Sanitarium, Stamford, Connecticut. He suffered a breakdown on June 11, but the members of his family did not intimate that his condition was serious and the announcement of his death came as a great surprise to the public.

WASHINGTON, June 18.—The water power bill has been signed by the president.

## DISTRIBUTING FIRM ENTERS LOCAL FIELD

The Pacific Warehouse & Distributing company is the latest addition to the business establishments of the city, and is another mark of commercial advancement being made by Klamath Falls. The members of the new firm are George Newcomb and C. H. Prehn. Mr. Newcomb comes here from Boise, Idaho, where he has been identified with a similar enterprise. Mr. Prehn but recently resigned as local manager for Swift & Company. Both men are well equipped by experience to handle the business of the new concern. It is their purpose to distribute consignments and to do a general wholesale distributing and storage business.

The plan of operation of this firm, when fully developed, will result in much benefit and convenience to local merchants, as under it will be carried stacks from which the dealer may draw as his needs demand, instead of being forced to keep large supplies on hand.

The ground floor of the Klamath avenue half of the Central Hotel building has been leased for a term of years by the new concern and will be occupied as soon as it can be gotten in readiness.

## SLIGHT 'QUAKE AT LOS ANGELES

LOS ANGELES, June 18.—A slight earthquake early today shook the buildings in the downtown section of this city. No damage was reported.

## PERSONAL MENTION

C. R. Foster, representing the San Francisco branch of the Edison Phonograph company, Ltd., is in the city on business and is making arrangements with G. A. Wirtz, the local agent, to bring the merits of the Edison phonograph to the attention of the people in this territory by an extensive campaign.

Louis Weschler, brother of Herman Weschler, arrived last evening from New York, and has entered the employ of K. Sugarman.

Jesse Watson, a colored cowpuncher, with a reputation for riding outlaw horses, is in the city to take part in the rodeo at the ball park Sunday. Among others to be on hand will be D. J. Rodriguez and Slim Schoonover, of Modoc county, Calif.

The stork returned to the Waren Hunt hospital after one day's sojourn in Chiloquin and deposited a bouncing baby boy in the arms of Mrs. Zebender of Merrill. Mrs. Zebender is a sister of Mrs. Loosly of Fort Klamath. Both mother and baby are doing fine.

C. B. Merritt, accompanied by Rev. C. F. Trimble, Rev. E. P. Lawrence and Rev. S. J. Chaney, is spending a few days at Spring Creek, Rocky Point and will probably visit the Lake of the Woods before returning tomorrow. The object of the visit is to select a suitable camp for their families during the summer months.

Burford Hargus and James Manning peddled to Ashland yesterday leaving Klamath Falls at 5 a. m. and telephoning their arrival from Ashland at 7 o'clock last night. The distance being 60 miles and over mountain roads the record is considered very good for the trip.

Mrs. J. M. Bell will leave Monday morning for a sanitarium in Portland in the hope of benefitting her health which has been poorly for several months.

Misses Waive Drew and Arma May Johnston, both teachers at the Riverside school last year, left this morning to attend the summer school at Berkeley. Before their return they will visit southern California points.

Mr. and Mrs. John Dow and daughter, Julia, of Kansas City, arrived Wednesday night for an extended visit at the home of Mr. and Mrs. George Ulrich. Mr. Dow has been connected with the Kansas City Star for the past twenty years. Mrs. Dow is a sister of Mrs. Ulrich.

Rev. J. Bosch, S. J., who has been here for the past two weeks delivering lectures to the Sisters of Charity

## CRATER LAKE ACCESSIBLE TO TOURISTS

Word was received here this morning from Superintendent Sparrow of Crater Lake National park, that the roads over the mountain are now open and it is possible for automobiles to travel between this city and Medford by way of Crater Lake. The hotel at the Aana Spring Camp is open and the Lodge will be opened for business next Tuesday.

Superintendent Sparrow has been making a special effort to open the lake to tourists in time to take advantage of the Shriners' convention, and the fact that he has been successful will be welcome news throughout the state, for it was particularly desired that the chief attraction of Oregon should be made accessible to the thousands of convention visitors from the east.

There is less than two feet of snow at headquarters, and this will soon disappear. The roads will be in splendid condition and there need be no fear about encountering any difficulties on this score.

Mr. and Mrs. H. E. Moyer expect to go to the lake within a few days for the purpose of transferring the postmastership to Mrs. Moyer's successor.

## SCENIC RAILROAD IS DISMANTLED

DENVER, Colo., June 18.—Another of the famous scenic railroads of this state, the Denver, Boulder and Western, known as the "Switzerland Trail of America," has run its last train.

The rails are being torn up, and already the rolling stock is scattered from junk piles from here to Japan. One of the tenders of the narrow gauge locomotives fell off a flat car and was lost on its way to Alaska.

A saw mill company in California bought seven miles of trackage. Fifty tons of the rails have been sold to another railroad and are being shipped to Kobe, Japan. Six of the engines have been sold to a railroad in Mexico.

At times the salvage crews have had to dig through 12 to 15 feet of snow to reach the roadbed. It is expected to have the work completed next September.

## WILLAMETTE GETS ROCKEFELLER CASH

SALEM, Ore., June 17.—A gift of \$350,000 from the general education board of the Rockefeller institute was reported at the annual meeting of the board of trustees here today. The money will go to the endowment fund, for which a campaign for a million dollars is on. In addition to this sum, \$17,500 will be received from the same source in the next two years, provided the university matches it with a like amount, the sum to be used for new laboratory equipment and increased salaries.

An average increase of 40 per cent in the salaries of professors was voted by the trustees and three additional instructors were authorized to care for increased enrollment in the department of English, education and history.

Good progress was reported on the building campaign for \$100,000 and the drive was ordered carried to completion.

## NEARLY HALF BUDGET FUND IS SECURED

- Special to The Herald
- PORTLAND, June 18.
- Springfield, Marshfield and
- Bend have subscribed their
- quotas in the state-wide expan-
- sion movement of the Oregon
- state chamber of commerce.

Enthusiasm and optimism of the forward-looking men in the Klamath Falls section was demonstrated in a very substantial manner yesterday afternoon and this morning by the splendid response that met the soliciting teams of the Oregon state chamber of commerce in raising the local share of the state-wide budget for Oregon's development.

More than one-half of the \$2,400 local apportionment was in sight before noon today, and by this evening the major part of the local share will have been subscribed. With 11 local leaders in the field after the money there has already been ample opportunity to test the interest of the Klamath business men in the state chamber's suggested program for state-wide progress, and there has been scarcely a failure to respond to the call in a generous manner.

## Final Report Saturday Morning

Chairman E. T. Ludden of the Klamath Falls executive committee has requested his committee and associated team workers to report at a meeting to be held at 9 o'clock Saturday morning in the rear room of the Klamath State bank building and make final reports on the results of today's canvass. This committee, consisting of such local leaders as C. F. Stone, T. B. Watters, H. N. Moe, F. A. Baker, F. C. Baker, C. K. Brandenberg, A. M. Collier, Bert Thomas, O. D. Burke and J. J. Furber, has unselfishly given of its time and effort in the conduct of this campaign for the state chamber of commerce expansion work, and the reports already coming in indicate satisfactory progress.

## To Co-operate With Communities

One of the chief aims of the state chamber in undertaking a broader program of work will be co-operation with communities and chambers of commerce throughout the state to assist in solving local problems, locating industries, assisting in the local agricultural development through fostering irrigation and reclamation projects, railroad extension and good road systems.

## To Advertise Oregon

Oregon has many advantages that the world has but to learn about to have this state become the mecca for thousands of home-seekers, tourists and others. It will share in the industrial and agricultural expansion of the western coast, but not as much as either Washington or California, unless it begins to reach out for itself, and tell those people about itself. It is to foster this state-wide development, through advertising that the state chamber of commerce

## MCADOO NOT A PRESIDENTIAL POSSIBILITY

NEW YORK, June 18.—William G. McAdoo in a telegram to Jouett Shouse, of Washington, which was made public here today, announces that he cannot permit his name to come before the Democratic National convention and adds, "that this decision is irrevocable as a path of duty and to me seems clear and unmistakable." Mr. McAdoo declares that he must have a reasonable opportunity to rehabilitate his finances and having been out of office less than eighteen months he has not been able to accomplish this.

## DETROIT JUMPS TO FOURTH PLACE

WASHINGTON, June 18.—Detroit, with an numerical increase of growth larger than Chicago's and second only to New York's, during the last ten years, is now the fourth largest city of the country, displacing St. Louis and outranking Boston, Cleveland, Baltimore and Pittsburg, all of which were larger than Detroit ten years ago.

Detroit's 1920 population, as announced today by the Census Bureau, is 993,739, an increase of 527,973, or 113.4 per cent.

is asking for support in the present campaign.

## Tell of Scenic Attractions

Doubtless Klamath county will be given particular attention in connection with the campaign for inducing tourist travel because of its unique attractions scenically. Crater lake is one of the most wonderful scenic wonders in the United States, and Klamath Falls is a logical center for tourists to reach it, consequently any advertising of Oregon's scenic attractions is in reality advertising Klamath county. Tourists leave millions of dollars annually in California, Florida, Colorado, Maine, Washington and other places. Oregon has so far gotten a mere fraction of this attention. With proper presentation, its advantages can be made as great a drawing power as any other scenic feature of the west. It is usually the experience of communities that tourists become permanent residents after one or two visits, and thus population increases, and with the increase of people the natural results are improved highways, railroad extensions, expanded educational and social facilities.

## Portland Raises \$100,000

In an initial effort Portland has raised more than \$35,000 a year—a total exceeding \$105,000 for the next three years—towards the \$450,000 budget sought by the Oregon state chamber of commerce to carry on its intensive state-wide development work.

## To Renew Canvass Later

Late this month has been tentatively fixed for the resumption of the Portland campaign to increase the present figures to \$60,000 a year, which is Portland's quota. The fact that two big conventions are in progress at the present time, and that the Shriners will convene there next week, makes this recess desirable. Despite these handicaps, however, many of the workers in the Portland canvass favored continuing at work. But the opinion prevailed that better results would be achieved after the conventions.

The majors and captains have retained their lists of prospective subscribers and are expected to turn in several thousand dollars before the canvass is actively resumed.

## Local Campaigns Throughout Oregon

The intensive canvass throughout Oregon began June 15 in six cities—Corvallis, Eugene, Bend, Enterprise, Marshfield and Klamath Falls. These places are thoroughly organized for the effort and early reports indicate that they will more than meet their quotas.

Other cities where the canvass will be conducted during the next two weeks include North Bend, Newport, Toledo, Prineville, Joseph, Springfield, Lakeview, Coquille, Redmond, Cottage Grove, Myrtle Point, Madras and Jefferson county, Walla Walla, Harriburg, Albany, Bandon, Hammond, Gardiner and Heppie.
