EDUCATORS TO MEET AT EUGENE JUNE 25

UNIVERSITY OF OREGON, Eugene, Oregon, June 22.—Teachers from all parts of the state, and from others as well, will meet in Eugene June 25th at the University of Oregon educational convention to discuss present day problems, plans and departures in the field of education. This convention, annual feature of the University's service to the state through public schools, will be under the direction of Dean H. D. Sheldon, director of the summer school. June 25 has been settled on as the date in order that all teachers may be free from their classes to attend and that the hundreds of teachers who will be in Eugene for the University summer school may have opportunity of meeting with the convention.

THE USE OF these columns will make money for you.

GLASS OF SALTS CLEANS KIDNEYS

If your Back hurts or Bladder bothers you, drink lots of water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grams of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

OREGON BREVITIES

BEND, June 22.—Crane Prairie will be made central Oregon's chief landing field, with filling stations for fire patrol planes and radio base, if the recommendation which C. H. Chapman of Portland, representative of the Western Forestry association, will make to the United States air service, following an inspection of available sites in the Deschutes national forest, are adopted.

OREGON AGRICULTURAL COLLEGE, June 22.—A course in care and operation of moving picture projectors will be a summer-school innovation. A growing interest is shown by high schools in supplementing ordinary classroom instruction by "movies," and trained operators are scarce.

PORTLAND, June 22.—Jack Kielty, 27, was instantly killed and J. W. Deall, 53, fatally injured when they were precipitated seven stories when

BASEBALL'S GAMBLER

Babe Ruth, home-run slugger with the New York Yankees, has proved his greatness by his gameness. Sold for the record price of \$120,000 to the Yanks, Ruth got away to a poor start—and was "panned" to the limit. Despite this he kept on trying. Then he started hitting and today fans are raving as Ruth is again well on his way to break the record which he set himself last year of 27 homers in one season.

a freight elevator on which they were riding gave way at the new Montgomery Ward & company's building where they were employed on some construction work.

ALBANY, June 22.—From the time they enter the city limits until they leave, tourists may pass through Albany without leaving the pavement at any point. The work of paving streets which connect with the Pacific highway at each end of the city has been completed and all other important roads connect with paved streets also.

EUGENE, June 22.—L. R. Edmanson, a Eugene attorney, was found guilty by a jury yesterday of unlawful possession of liquor. A. L. Adamson, who was in an auto with Edmanson at the time he was arrested, was found not guilty.

BAKER, June 22.—The estate of John Steiger, prominent eastern Oregon rancher and livestock raiser, who died while on a fishing trip near Huntington last week, is estimated to be valued at \$50,000, with an annual income of \$5000.

The bare owl, when she has young, brings a mouse to her nest about every twelve minutes. As she is actively employed at both evening and dawn, and as both male and female hunt, forty mice a day is a low computation for the total capture.

What Good is a Dollar ?

It's largely up to you. It depends on how you spend it—on the value to you of what you get for it—on your ability to find where that value is to be had.

Of course, it's all right to shop around a bit if you like, but why not let the other fellow make it easier for you by doing a little shopping after your dollar—by showing you what you want and where you can get most of it for your money? It's a great idea, once you get the hang of it, and here's how! Right in this paper you'll find dozens of advertisements offering you merchandise. Some things you'll need today; some tomorrow; some next week or next year—but the

point is that these merchants are coming to you, looking for your dollar and offering the best they have to get it. You'll find that by reading the advertisements consistently today and every day, you can increase the value—to yourself—of every dollar you have to spend. The things you see advertised are almost invariably as represented. The advertisers' statements are usually safer to trust than your own judgment. Advertised misrepresentation is business suicide.

READ THE ADVERTISEMENTS AND INCREASE THE VALUE OF YOUR DOLLAR!
