

GOWNS AND GLOVES

Feathers and furs; in fact everything a woman wears can be kept in first class condition by having us dry clean the garment or costume accessory occasionally. Our dry cleaning keeps things new and makes old things new again. It doesn't injure the most delicate fabric or color. Its cost is trifling when compared with the cost of new apparel.

EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

WEATHER RECORD

Hereafter the Herald will publish the mean and maximum temperatures and precipitation record as taken by the U. S. Reclamation service station. Publication will cover the day previous to the paper's issue, up to 5 o'clock of that day.

CHINA'S FOREIGN TRADE MAKING GREAT PROGRESS
SHANGHAI, May 21. (By Mail.)—Growth of China's foreign trade is shown in a report just issued giving customs revenues of the 48 ports in China in which duties were collected. The total collections for the year amounted to 46,000,160 Haikwan Taels, an increase over the revenues collected in 1918 of 9,664,115 Hk. Tls. The Haikwan tael, unit of customs value in China, ranges in value from \$1.35 to \$1.50 gold.

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

NOTICE OF FINAL ACCOUNT

NOTICE IS HEREBY GIVEN that the undersigned has filed in the County Court of Klamath County, Oregon, the final account of his administration of the Estate of Louis B. Dixon, deceased, and the said Court has fixed July 10, 1929, at the hour of 10 o'clock in the forenoon of said day, and the Court Room of the County Court of Klamath County, Oregon, in Klamath Falls, Oregon, as the date, time and place for the hearing of objections against said final account, if any there be, and for the settlement thereof.

HENSON DIXON, Administrator of the Estate of Louis B. Dixon, deceased.

NAVY EXECUTIVE SUGGESTS NEEDS OF GOVERNMENT

WASHINGTON, June 22—Revision of the present methods of making appropriations and redistribution of the work of the various executive departments are recommended by Assistant Secretary Roosevelt in a letter to Representative Ireland, Republican, Illinois, which was made public today at the navy department.

Mr. Roosevelt wrote in reply to an inquiry from Mr. Ireland as to whether any reorganizations, reforms or consolidations could be made in the navy department. The assistant secretary did not confine himself to that department. He recommended that congress:

"Create a true budget system, not the small beginning already attempted.

"Consolidate the appropriations in one general committee, with subcommittees to deal with separate subjects.

"Put into law the general principles recommended by the reclassification committee's report, together with the authorization of adequate salaries to government employees.

"Invite a conference with the executive branch of the government, looking to a reclassification and redistribution of the work of the departments.

"Give by law greater authority to the heads of the executive departments in conducting their executive business, at the same time holding these heads more directly responsible for the successful administration of their work."

Mr. Roosevelt said that the entire system of relationship which exists between congress and the executive departments is fundamentally wrong.

"After seven years down here in an executive position," he continued, "I cannot help the conclusion that our governmental methods are cumbersome and wasteful. I am equally frank in telling you that I think the first improvements must come in what is after all the source of governmental activities, i. e., the legislative branch.

"I hope you will not take it as a criticism of any individual or this particular congress when I call attention to the very unwieldy, inadequate and unbusinesslike methods under which the public and senate of the United States conduct their business. For instance, the navy department has to go before the naval affairs committee for its main appropriation. It also has to go before the appropriations committee for the money to run the force in Washington, and I can cite numerous instances where the department has fallen between the two fires of the two committees."

POT POURRI

(Continued from Page 2)

with by the authorities, when that condition arises."

Does that apply to the present "Tules," too, Frank?

If the Lone Star wanted to wax "starry" tonight, he would say that as far as "authorities" are concerned he is somewhat like the hick who saw a giraffe for the first time. He looked at it and said "There aint no such animal." But we wont get "starry" tonight.

In this column last week, the remark was made that the place to settle all questions of this nature was at the polls, and that was never more aptly illustrated than it was at that council meeting Monday night.

Where were all the calamity howlers and that element who are all the time raising Cain about "Tules" and things of that description? There wasn't one in sight.

The time for action was when the permit was asked for. Then the kibosh could have been put on it—BUT NOT NOW. Something like our story of last week about the fellow that was home praying for prohibition to carry, and the drys lost by one vote—HIS.

Same thing here. Now let the folks who oppose this sort of thing forever hold their peace. The council meeting was as open to them as it was to anyone else. The other folks were there, while the reform element WERE NOT THERE.

We will now ask Brother Upp to close with prayer, and that will conclude the performance this evening.
