BULGARIA WILL KEEP THE PEACE

SOFIA, Bulgaria, May 20. (By Mail).—Bulgaria will keep the peace despite the loss under the treaty of her provinces of Dobrudja and Thrace, Premier Alexander Stamboulsky has told the Associated Press correspondent.

"America and the allies may be assured that we shall maintain order and quiet and bear our burdens and trials stoically," he said. "We will face the harsh sentence the peace conference has imposed upon us with courage and fortitude and rely upon internal reconstruction and persevering labor to gain what we have lost in the war. Bulgaria for the moment may be crushed, but she will rise again with new strength and be an example to the world of what patience, industry and national patriotism can accomplish."

The premier referred to Bulgaria's relations with Greece, Serbia and Rumania. "We desire, of course," he said, "to live in harmony and good-will with our neighbors, but some of their territorial demands are so excessive that any cordial and enduring relationship seems well-nigh impossible. How can our friendship with Greece be permanent while Mr. Venizelos denies us the right of a seaport on the Aegean? And how can our friendly feeling toward Rumania be anything more than artificial and transitory while she insists on holding the southern Dobrudja? With our other neighbor, Serbia, we desire to live on the most agreeable terms; but in the absence of a permanent government there we have not been able to take the necessary steps toward establishing the elements of future friendship."

M. Stamboulsky then discussed America's participation in the war and the peace negotiations and lamented the failure of the peace conference to apply President Wilson's 14 points. "It was Mr. Wilson's promise that we should gain by peace all that we were striving to gain by war that caused our soldiers to lay down their arms and to capitulate to the great powers. But what did the peace conference do? It trampled under foot all the high principles which your president had enunciated. And Bulgaria was thus completely misled."

"However, with all the tremendous burdens that have been imposed upon

BE PRETTY, TURN GRAY HAIR DARK

FRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, gray or streaked. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

us by the allies," Mr. Stamboulsky concluded. "We have not lost hope. I look optimistically to the future. The world is in a process of regeneration and re-creation. Mr. Wilson's principles which were flaunted by the allies are being taken up by the peoples of the earth, whether conquerors or conquered. Inevitably a popular movement will be created which will enforce a revision of the peace treaty. Even in the allied countries there is much dissatisfaction with it."

What Good is a Dollar?

It's largely up to you. It depends on how you spend it—on the value to you of what you get for it—on your ability to find where that value is to be had.

Of course, it's all right to shop around a bit if you like, but why not let the other fellow make it easier for you by doing a little shopping after your dollar—by showing you what you want and where you can get most of it for your money?

It's a great idea, once you get the hang of it, and here's how!

Right in this paper you'll find dozens of advertisements offering you merchandise. Some things you'll need today; some tomorrow; some next week or next year—but the

point is that these merchants are coming to you, looking for your dollar and offering the best they have to get it.

You'll find that by reading the advertisements consistently today and every day, you can increase the value—to yourself—of every dollar you have to spend. The things you see advertised are almost invariably as represented. The advertisers' statements are usually safer to trust than your own judgment. Advertised misrepresentation is business suicide.

READ THE ADVERTISEMENTS AND INCREASE THE VALUE OF YOUR DOLLAR!
