

# If the Wood Dealer Sold Service

We do not sell current; we sell service. That sounds odd doesn't it?

Well, suppose the wood dealer sold service instead of wood, he would tend to your furnace and your range, take away the ashes and clean the flues. You would buy so much heat.

Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.

That is what we want to give you—efficient service. It is the aim of this company to have none but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.

If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.

## SAGE TEA TURNS GRAY HAIR DARK

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

### OREGON BREVITIES

**BEND, June 29.**—Mrs. George Bates, 58, of Bend, ended her life at her home here by swallowing insect poison containing a high percentage of corrosive sublimate, the immediate administration of an emetic and antidotes failing to arrest the action of the powerful drug.

Mrs. Bates had been in poor health for some time and is thought to have been temporarily unbalanced. She is survived by a widower, a son and two daughters, one married. She came here from Bemidji, Minn., in 1902.

**BEND, June 29.**—At a cost of \$15,000 the Bend Water, Light & Power company has completed the construction of a reserve plant two miles up the Deschutes river. The reserve plant is capable of supplying the city of Bend with 1500 gallons of water a minute, double the amount consumed in the hottest weather. The water passes through a long series of rapids before reaching the pumping station and in addition passes through a gravel screen and a chlorination plant before reaching the city.

**SALEM, June 29.**—An order of reprieve signed in Portland by Governor Olcott, saved W. H. Butler, under indeterminate sentence from one to 15 years in the state penitentiary for the slaying of McDonald Stewart of Jackson county, from entering the prison today to start serving his term.

**BEND, June 29.**—H. J. Sankey, representative of the British colonial office, arrived in Bend in the course of a three months' tour of the United States. He is visiting all centers of the lumber industry to gain a knowledge of methods in the hopes of applying some of them to mahogany exploitations in Africa. After visiting the pine mills and camps here, he will leave for Portland.

**ROSEBURG, June 29.**—Profiteering by charging double rates for lunches and meals served by restaurant proprietors in this city Friday to Shriners passing through on their way south was quickly adjusted by the sheriff when informed that excess prices were being charged.

### FINED FIVE DOLLARS

L. E. Walker appeared before Judge A. L. Leavitt yesterday and deposited a fine of \$5 for having left his car standing on the street all night without lights.

New York theatrical producers who are organizing their companies for next season report that the shortage in chorus girls is becoming still more acute.

# What Delay May Mean to Owners of Small Cars

The present demand for Goodyear Tires in the 30x3, 30x3 1/2 and 31x4-inch sizes exceeds anything in our experience, and is steadily showing increase.

Not even our operation of the world's largest tire factory devoted to these sizes, allows us to guarantee to supply all needs for them this year.

We counsel you to buy Goodyear Tires and Heavy Tourist Tubes now, for your Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, as delay may mean disappointment later.

The safe means to enjoy true Goodyear mileage and economy on your car this summer is to visit your Goodyear Service Station dealer today.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof lug

### AT THE THEATERS

All Zaman, "the scourge of the desert," had been a white man—once, but the iron of cynicism had entered his soul. As Captain Rand, of the foreign legion, he had been dismissed in disgrace, though innocent.

The man he knew was guilty had saved his life, but was a moral coward and let him bear the stigma, and so, rather than dishonor Beverly, to whom he owed his life, Rand kept silent, but his soul was dead; or so he thought.

In his tent on the desert "Ah" gazed on the beauty of Ethel Lambert, as she shrank in terror from his embrace. Her arms and shoulders were bare, her hair disheveled, and her breath came tumultuously in mingled fear and anger, for she fought him with the fury of a tigress, and now stood waiting for his next move. Suddenly her eyes gleamed with a new horror, as she pointed to his bare chest which had become exposed during the struggle.

"And you—you are white!" All the scorn and contempt of a noble woman of his own race were in those words. They had struck home. Yes, he had been "white" once, but he had given up his birthright, for he had been wronged, his reputation blasted and his name—an honorable one for generations—dishonored. And it was all a hideous injustice. "I hate my white race, and all connected with it!"—he snarled, and, turning, walked from the tent.

But "The White Man's Burden,"—the heritage of ages—chivalry, asserted itself. He re-entered the tent, with almost reverent respect covered the bare shoulders of the woman with her cloak, led her out into the night and gave her her freedom. This is the climax of a tensely dramatic scene in H. B. Warner's production, "The Man Who Turned White," which will be the big feature at the Liberty on Wednesday.

### 3 BALL GAMES AND DANCE, 4TH PROGRAM

The Fourth of July celebration in Klamath Falls this year will consist of three ball games to be played Saturday, Sunday and Monday, with Corning, California, and a dance at the open air dance hall on Seventh and Pine streets. This is according to the committee on arrangements.

Because of the lack of interest shown by the business men the committee found it impossible to plan an elaborate celebration this year. It is expected that many will spend their vacation at Bly or Fort Klamath where big three-day programs have been planned.

Chicago women's clubs have started a campaign to induce every woman entitled to a vote to go to the polls and exercise her right of suffrage. The campaign is to be entirely non-partisan, and will be conducted throughout the state as well as in the city of Chicago.

## WOOD
