

BUCKHECHT SHOES

Buckhecht Fine Shoes are priced \$2.50 to \$4

As comfortable as No. 439, expresses our ideal of foot ease. A brawny blucher in gunmetal calf, with roomy toe and substantial sole—here are fit, style and service combined. Foot troubles vanish when No. 439 is worn. Not a clumsy shoe—not a homely shoe. It's a sixty-year-old shoe if we count the experience that has perfected it and brought it up to date.

P. I. GOVERNMENT RAISES ON RICE

MANILA, P. I., June 1. (By Mail.)—The price of rice, chief food of the Filipinos, has been raised by the Council of State of the Philippine government approximately one cent a pound, effective today, making the retail price eight cents a pound for first grade Philippine rice. The lower grades were increased in the same proportion. Since last September the govern-

ment has fixed the price of rice and until the first of last April, rice cards were issued. After that date cards were discontinued, but the retail price of seven cents a pound remained in force. Price fixing by the government will be continued until the first of next December when the new crop will have been harvested, it was announced.

Dealers already have begun to hoard rice, according to the Manila police department, and it is predicted

IF KIDNEYS ACT BAD TAKE SALTS

Says Buckhecht is, sign you have been eating too much meat

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lazy. When your kidneys get sluggish and stop you soon realize them, like you realize your bowels; removing all the body's drugging waste, else you have a backache, much headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

ed that rice riots will result when the new prices go into effect. The Labor Congress of the Philippines adopted a resolution protesting against the increased price of rice.

A statement was given out at the office of the governor general regarding the increase in prices. It says:

"The present price of rice, although higher than in previous years, is nevertheless, relatively low, if we consider the purchasing power of the people, in view of the fact that the other principal produce of the Philippines cost much more than rice, comparatively. Besides wages also have increased.

AN OLD RECIPE TO DARKEN HAIR

SAGE TEA AND SULPHUR TURNS GRAY, FADED HAIR DARK AND GLOSSY.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.
