

FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture, improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

BERMUDA PLANS FOR CELEBRATION

HAMILTON, Bermuda, May 27. (By Mail).—Bermuda, the oldest remaining British "plantation," is preparing to celebrate its tercentenary this autumn, for which purpose £2,000 have been appropriated. Since the prince of Wales announced the other day that he meant to pay a call on his loyal subjects, they hit on the scheme of combining two festive occasions and having one grand affair on October 7 when the Royal, with the heir to the throne aboard, is to cast anchor here.

It was August 1, 1620 that the colonial parliament held its first sitting, but as the royal engagements cannot very well be altered, it was thought wise to set back the gala date.

For nearly 300 years the business of governing this little outpost of the empire has gone on under the same forms without material change. It is but natural that the 20,000 inhabitants of this 20 square miles of coral rock should wish to honor their aged constitution.

Originally founded by a shipwrecked company under Sir George Somers, destined for Virginia in 1609, the islands have remained continuously under British rule.

Revenues are raised chiefly from tariff duties. No land taxes are levied by the colony. There is a very light tax on realty in the parishes and the proceeds are used for maintenance of the poor.

There are no divorce laws in Bermuda and only one breach-of-promise case was ever tried here. Most of the cases on the calendar involve bicycle stealing, assault, petty theft; there is little serious crime, though in a region where everyone rides a wheel the theft of a bicycle is regarded somewhat as horse stealing was in the west a few years ago.

There are old-timers here who have never set eyes on a train or a trolley car; but of late they have had the satisfaction of seeking flying-boats circling through the air.

Innovations of any kind are apt to

be looked on with some suspicion. The majority is conservative and that is perhaps why so much sentiment is attached to the coming celebration of the 300-year-old constitution.

COULD HARDLY GET HIS BREATH

MINNESOTA Declares His Troubles All Disappeared After He Took A Course Of Taniae.

"The way Taniae built me up proves to me that it is a great medicine," said Gust A. Johnson, of Virginia, Minn. Mr. Johnson has been employed by the Duluth and Iron Range railroad for thirty-five years.

"I suffered from stomach trouble in its worst stages," continued Mr. Johnson. "So much gas formed in my stomach after eating I could hardly breathe. I also had the rheumatism so bad in my knees sometimes it was all I could do to hobble about and I was so nervous that many a night I could not sleep at all, and by morning I was all tired out and weak as if I hadn't been in bed at all.

"I noticed in the papers about Taniae and gave it a trial, and it's a fact, nothing can beat it, for I've taken only three bottles and feel like a new man. I eat anything I want now and am never troubled with gas any more; the rheumatism has left me and my nerves are steady as a clock and I get up every morning feeling fit and ready for the day's work. Taniae is the greatest medicine I've seen and I know what I'm talking about, for I have tried nearly everything."

Taniae is sold in Klamath Falls by the Star Drug Co., in Lorella by the James Merc. Co., and in Merrill by the Southern Oregon Drug Co. Adv.

The real rebel today, says Alfred Noyes, the poet, is the man who stands by old-fashioned truth, which at present is the most unpopular thing in the world.

A new union! Four southern governors have united to prevent lynchings.

BRITISH COURT RULES STRICT

LONDON, June 3. (By Mail).—Restrictions placed upon American women who aspire to presentation at court are such that nearly all of them in London will be disappointed this year. Only eight of the many who are reported to have applied will be presented and they must have qualifications which have surprised some of the uninitiated.

If married, their husbands must previously have been presented at a levee, they must have entree to the White House and if they have been divorced it must be undisputedly shown that the divorce must have been granted in her favor in open trial at which both parties were represented in court and where alimony and custody of the children have been granted to the woman. Even in such cases the demand for legal details is so minute that the king, in deference to the ideas of the queen, it is said, has let it be known that it is inadvisable for divorcees to apply at all.

Applications of Americans for court presentations must be made to the American ambassador and he stands sponsor for those he selects. Of course this feature of the embassy work is almost as carefully guarded, out of respect for the feelings of the many who try and fail, as is some of the important diplomatic correspondence. But it is known among Americans in London that the list of applications is quite long this year.

This is emphasized by an embassy circular which has come into the hands of some influential Americans here explaining what is required of successful applicants. It is longer and much more explicit than the usual circulars on the same subject and does not mince words regarding what may and what may not be expected.

Considerable space is devoted to changes in dress required. In the interest of economy the queen has decreed that women shall no longer wear head feathers or trains on their dresses at court. Some of the former adornments for the men also have been eliminated but it is stipulated what kind of buttons they must wear on their knee breeches and that they must wear buckles on their patent pumps.

BIRTH RATE IN L. A. INCREASES

LOS ANGELES, Cal., July 1.—People believe they can afford more babies now than a year ago, according to physicians and psychologists, who are endeavoring to explain the large increase in births in Los Angeles.

Figures for April, 1920, just made public, show that 877 babies were born in Los Angeles in that month, as against 714 in April, 1919, an increase of 163. Of those born in April last year, a few months after the signing of the armistice, 371, or more than half, were boys. Of those born in April, 1920, fewer than half, 513 were boys.

"Why is it? Part of the general prosperity, I guess," Dr. Roy H. Johnson said. "People can afford them and the American people are bound to have what they can afford."
