

LANGELL VALLEY RESIDENTS BUY BIG LAND TRACT

LANGELL VALLEY, July 8.—Perhaps one of the largest land deals that has been transacted for years took place recently when C. J. Swingle, D. G. Horn and Will Campbell purchased what is commonly known as "The Beetman Tract" in Langell valley. There are about 2,200 acres in this tract, lying in the heart of the valley, and being what is called swamp land. From this land each year is cut tons of wild hay, used in feeding stock. The land is naturally irrigated by Lost river, which flows through it. The upper tract of about 1,000 acres purchased by D. G. Horn, lies adjacent to his ranch; the central part bought by Campbell also joins his land and contains about 800 acres, while the 400 acres bought by C. J. Swingle lies next to his place. This completes the breaking up of the swamp, which was held for many years by the two owners, C. B. Beetman and Mrs. E. E. Ralston. Last fall the Ralston place was sold to Ivan Kilgore. This place contains 2,560 acres of wild hay land and farming land. The two owners of the recently bought land have been building fence around their domain the last week.

Rain Is Welcomed

The farmer, stockmen and rancher are all elated over the rain that fell July 2 and 3. The late crops will grow boom and the early crops soon be mature. Of course, it was hard on the Fourth of July picnickers, but worth hundreds of dollars to the country.

Warren Kilgore and family left

GLASS OF SALTS CLEANS KIDNEYS

If your back hurts or bladder bothers you, drink lots of water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grams of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Crisp, Dainty Crackers

The appealing daintiness of Snow Flakes is due to their crispness, their lightness, their dash of salt. Pure, delicious, wholesome—let the kiddies eat as many as they like.

Don't ask for crackers—say SNOW FLAKES

Saturday morning for Bly to take in the celebration. They intend camping in a tent, while there. Charles Flackus and family of Yonah valley will be domiciled with them at Bly.

Mrs. Palmer's son, who has been working for Mr. Winnard, left for Steel Swamp, where he expects to help put up hay this summer.

Alf Duncan called at Ivan Kilgore's Friday. Mr. Duncan was on his way to Odessa, to spend the Fourth following Isaac Walton.

Boi Dewey, Jr., purchased a new Melotte cream separator last week. Mr. Dewey has been milking about eight cows and sending cream to the creamery. There are several Melotte separators used in the valley, and they seem to give very good service and satisfaction. They are imported into the United States from Belgium.

The Book Bros., who have been plowing in the valley, returned to Malin. They had two Fordson tractors. While in the valley, they plowed, harrowed, seeded and harrowed again about 360 acres of rye for Ivan Kilgore, besides plowing and breaking about 100 acres of sagebrush land. They also broke 129 acres of land for the Turner Bros.

George Vermillion, who has been working for Ivan Kilgore, left for his home at Lakeview, via Bly, and helped celebrate.

Jim Johnson, who has a homestead here, is here from Klamath Falls where he has been working in the logging woods. He spent the Fourth with Mr. Ruland.

Mrs. James Huntley and Mrs. Melissa Commer spent Wednesday at Mrs. Ivan Kilgore's home. They visited the sheep shearing shed and watched the shearing of sheep by machinery.

Mrs. Rena Deal and Miss Nola went to Klamath Falls Saturday for the week end. Virgil Deal accompanied them.

Frank P. Grohs and haying crew have been quite busy at Rimrock ranch No. 1 putting up hay the past week.

Merle S. Kilgore and family left for Rogue river points, Wednesday. They went by way of Crater lake and expected to camp out along the way. They will be absent about 10 days.

Friends here were sorry to hear of the misfortune that has befallen Fred Thompson, who recently broke his leg. Mr. Thompson was a resident of this valley for many years, but is now of Ashland.

Mr. and Mrs. D. G. Horn and Miss Bernice were guests of Mr. and Mrs. Ivan Kilgore, July Fourth.

Levi McDonald and Cecil and Virgil Deal have been cutting and stacking the rye up at the McDonald horse camp. The hay was very good yielding about 60 ton on a less acreage.

Leonard Johnson went to Bly to see the airplane, horse race and sports in general.

Mill Runs Two Shifts

The Worlow mill on Langell valley mountain has been running two shifts, and cutting about 30,000 feet per day, while the Langell Lumber company have only run one shift per day so far. Their capacity is 20,000 feet per day.

Bunny Casey captured six young coyote pups this spring, and has them confined in a cage at his place. They are very interesting to watch and study, and even in captivity retain their restless spirit.

Mrs. Palmer has been cooking at the Langell Lumber company cookhouse, since the departure of Mr. and Mrs. Clarke Hamaker.

All You Could Hope For And In Full Measure

The Cleveland Six gives all, in every-day year-around performance, and gives it in full measure, that you could hope for from the car you buy.

It combines so many good features, power, sturdiness, comfort, style and economy of operation, all worthy of discriminating consideration, that it has come into a place of distinction among light cars.

The exclusive Cleveland motor, of the over-head valve type, quiet and powerful, gives real life to the car. It has flexibility of power and ease of driving that cannot be found in many cars.

"It handles like a feather," says one owner. "It

steps out as fast as any car ever built," is another's comment. "It fairly glides over the long mountain climbs," writes a Colorado enthusiast.

The sturdy Cleveland chassis is featured by low-underslung spring construction, positive brakes, and other factors of comfort and safety.

On this one standard chassis are mounted four bodies of unusual beauty and dignity, all handsomely finished and splendidly upholstered.

Come in and See the Cleveland.
Ride in It. Drive it Yourself.

Thursday James Huntley and Clifford Vermillion cut the six large pine trees that stood around the barn on the Ralston place. It was feared the wind might blow them on the barn causing much damage. Both men are experienced in the falling of trees.

D. O. Breedlove and family spent the Fourth at the home of James Huntley.

Mrs. Birdie Burk and J. O. Hamaker were Sunday visitors at the mill.

The road work has been suspended for the week, owing to the rains and celebrations.

Everett Malone was a Saturday visitor at Bonanza.

NOTICE

Just received a large shipment of brand new buggies, hacks and spring wagons. Will sell at very reasonable prices. Also large shipment of government tents. Max Weiss, 6th St., near Ewauna Box Factory. 7-12

It is not the fashion in Russia to supply bed-clothing, even in the best hotels. The traveler is expected to bring his sheets and his blankets with him if he requires them, and the custom is also observed in private homes.
