One Good Time.

I think my most embarrassing moment took place one lovely night last summer. I was engaged to be married and decided to have one good time with an old friend of mine. I canceled my intended husband's date, complaining of a sick headache, and went out joy riding. I explained the circumstances to my friend, so we decided to go to a bathing beach some distance away to take a plunge in the lake. We were having a grand and glorious time swimming and diving when lo! who should stand on the pier but my future husband. You can imagine my agony when my friend called to me, "Say, May, dive with me once more; then we'll have lunch." Exchange.

As the Ancients Believed.

According to the Puranas of Hindu mythology the earth is circular and flat, like the flower of a water lily. Its circumference is 4,000,000 miles. In the center is Mount Sumeru. On this mountain are three peaks formed of gold, pearls and precious stones, where the deities reside. At its base are three mountains on each of which grows a tree 8,000 miles high. The furthestmost country from these mountains is bounded by the salt sea. Beyond this sea there are six others—of sugar cane juice, of spirituous liquors, of clarified butter, or curds, of milk and nectar. Each sea is surrounded by a separate continent.

Zodiacal Signs and Vegetation.

Zodiacal signs have no influence whatever upon vegetation. A fruitful season is one in which the climatic conditions, such as temperature and precipitation, have been of the nature to produce the best possible results. There is a great variation in these conditions, although coincident with the return of the same zodiacal sign. The same sign coincides with the abnormal summer as well as with the normal and the same remark applies to any other season.

WEATHER RECORD

Hereafter the Herald will publish the mean and maximum temperatures and precipitation record as taken by the U. S. Reclamation service station. Publication will cover the day previous to the paper's issue, up to 5 o'clock of that day.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back hurts or Bladder troubles you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND ATTRACTIVENESS

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 5-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.
