IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, save a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

TRAVEL IN "GOOD OLD DAYS"

Description of Journey Made in Early '50s Recalls the Hardships of the Pioneers.

The hardships of pioneer life in Wisconsin during the early '50s are vividly portrayed by Dr. John C. Reeve, in an article entitled, "A Physician in Pioneer Wisconsin," in the Wisconsin Magazine of History, published by the State Historical society.

The difficulties involved in the practice of medicine in a country almost devoid of roads, and with only the necessities of life, and with practically no money, are related by Doctor Reeve, who practiced in a small village in Dodge county. Of a journey made in January, 1852, he writes:

"Called to Cleveland by the critical illness of a sister, I left home on a Sunday morning in a sleigh, a private conveyance, and reached Milwaukee, about 50 miles away, that night. From there on runners to Chicago. Thence some 30 miles by Michigan Central railroad, and then by vehicle across to the Southern Michigan, at that time building from Toledo to Chicago. The appointments of the road were not yet made, so several times the train stopped, the passengers alighted and chopped fence rails to make fuel for the locomotives. From Toledo, on wheels, to a point on the railroad from Sandusky to Cincinnati; I think the place was Gallon. I reached my destination just at dark on Saturday night. I had traveled during the whole week, passing but two nights in bed."

More Ministers Needed.

It is from the families of the farmers and from the parsonage itself that new preachers come, according to a survey now being taken by the American education department of the Inter-church World Movement. The farms lead. The survey shows that out of every thousand pupils who enter the first grade of our American schools, only 38 enter college and only 14 remain to complete the course.

It is from these 14 that the churches recruit the great majority of their ministers. It is also disclosed by the survey that it requires about 5,000 new men every year merely to replace the gaps in the ranks of the ministry at home.

Possibly He Had.

As I was passing a yard where some children were playing I saw a little fellow fall from a high porch rail. He did not move for a minute so I ran to his assistance, but when I reached him he jumped up on his feet apparently unharmed.

"Why, my dear little boy," I said, "I felt sure you must be hurt. I am sure I should have been had I had such a bad fall."

"Oh, but you see," he said in explanation, "I've probably had lots more practice in falling than you."—Exchange.

No Cork Wasted Now.

The best cork has hitherto come from Spain, but the richest forests of fair grade cork are now in Sardinia. High prices are now paid for cork that was not salable a few years ago, for even the refuse is valuable now in making conglomerate for building and for insulating refrigerators, cork being the best non-conductor of heat and sound.

Moving Picture Statistics.

It is estimated that the gross yearly income of moving picture theaters in this country is about \$750,000,000. In 26 years' time the public has been educated to spend this huge sum. There are 15,000 theaters, with a total seating capacity of 8,000,000. This year 1,200 more theaters will be built at an aggregate cost of \$72,000,000.—Argonaut.

IF BACKACHE OR KIDNEYS BOTHER

Eat less meat, also take glass of Salts before eating breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoon in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
