DELEGATE TO W. R. C. MEETING

(Continued from page 3)

ed to all foreign born people who wished to take out naturalization papers and become Americanized and it was facetiously remarked that some of our own citizens should receive lessons in Americanism.

One of our own members, Mrs. Myrtle Martin, was elected first delegate to the national convention which meets at Atlantic City, New Jersey, next year.

The drum corps was admitted and gave some fine music, during which time a little real old lady did some fancy dancing stunts which put life into the meeting.

It was decided that the relief corps procure buttons inscribed with proper insignia and pin them on the coat lapels of all newly admitted foreign citizens.

The next department will be held at Pendleton, Oregon.

This ended the 37th annual convention of the department of Oregon.

On Friday the railroad company gave 500 a free ride and return to Seaside—the people of the city gave them a free clam dinner on their return. The people of Astoria showed their generous hospitality by giving a fine salmon dinner to 1,000 of the visitors free of charge at which speech making and music were the chief features.

A rising vote of thanks was given to the Astoria Post Boy Scouts, the citizens and the chamber of commerce for their generous hospitality.

These veterans were a good-looking, hearty set of men all over 75 years of age—not one of them exhibited the slightest appearance of a tramp. They all look forward to the next reunion with the pleasure of their lives where they can meet every one with a glad hand-shake and return home in a good humor. It does one good to see them enjoy themselves and hope they may all live to enjoy more reunions.
