style-seasons, is the one month of the year suited to the consideration of

so much better if new cretonne hangings and draperies were artistically placed.
Stop a moment and think of what your home needs to make it more perfect—
then come to us and let us help you select those things which make a home
cheerier and brighter.

The HOOVER

IT BEATS—as it sweeps, as it cleans.

EVEN THE clinging hairs that pets spread on rugs are instantly detached by
the thorough cleaning of the Hoover. By its gentle beating it dislodges the
destructive imbedded grit. By its suction cleaning it withdraws the loosened dirt.
These three things—sweeping, beating, suction—are the essentials of thorough
cleaning. Only the Hoover performs them all. And it is the largest selling
electric cleaner in the world.
We will gladly call at your home and demonstrate.
