TO LOUISE
(By a Friend)

Faithful, loving, gentle, and true;
All these you were, and much more,
too.
We miss you here this day,
LOUISE.

Upon your face a sweet, pure smile,
As with us here you spent a while;
Your friends shall miss that cheer;
LOUISE.

Devoted wife, and loyal friend,
Faithful unto the journey's end;
Our hearts, they ache today,
LOUISE.

Still you have lived with us, and
worked;

No duty have you ever shirked;
Your life has helped us all to live;
LOUISE.

180,000 JAP
TROOPS, SIBERIA

SAN FRANCISCO, Aug. 4.—Japan-
ese troops in Siberia now number
180,000, exclusive of "railway
guards," according to advices from
the Peking Leader, published here
in the Far Eastern Republic, a journal
of the Chinese National Welfare
society of America.

"The Chinese government has pro-
tested the use of the Chinese East-
ern Railway for military use," the
Peking Leader asserts, "the program
of the Japanese army is to seize
Chita, Irkutsk and the Serinhova
mines."

ciety is a union of Chinese leaders

MISSIONARIES NOT
STIRRING TROUBLE

TOKIO, July 2. (By Mail).—Dr.
Eenahl Egl, a member of the house
of peers, on returning from an in-
spection of conditions in Korea is
quoted as making the following refer-
ence to foreign missionaries:

"I have done my best to get at the
truth of the reports that have been
circulated regarding the instigation
of Korean students by their mission-
ary teachers against the Japanese
authorities, but have found, that
with very few exceptions, the rumors
are not true. The impression left on
me was that the missionaries are
honestly striving to develop the
country in order that it may yield
good results to the Koreans. What-
ever their motives, there is no reason
why the Japanese should not wel-
come those efforts."

Dr. Egl said that Korea has at-
tained striking progress since the in-
auguration of the new regime.
"But," he added, "there is yet great
room for improvement. While I was
in Korea, I took every opportunity
to meet representative Koreans and
learn their point of view. The most
intelligent of them have realized that
it is futile to try to establish an in-
dependent government. But I think it
is very necessary that the Japanese
should know that the Koreans aim
at local autonomy."

LADIES DARKEN
YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND
SULPHUR RECIPE AND NO-
BODY WILL KNOW

The use of Sage and Sulphur for
restoring faded, gray hair to its nat-
ural color dates back to grandmoth-
er's time. She used it to keep her
hair beautifully dark, glossy and at-
tractive. Whenever her hair took on
that dull, faded or streaked appear-
ance, with wonderful effect.

But brewing at home is messy and
out-of-date. Nowadays, by asking at
any drug store for a 50 cent bottle of
Wyeth's Sage and Sulphur Com-
pound, you will get this famous old
preparation, improved by the addi-
tion of other ingredients, which can
be depended upon to restore natural
color and beauty to the hair.

A well known downtown druggist
says it darkens the hair so natural-
ly and evenly that nobody can tell it
has been applied. You simply damp-
en a sponge or soft brush with it,
and draw this through your hair, tak-
ing one strand at a time. By morn-
ing the gray hair disappears, and af-
ter another application or two, it be-
comes beautifully dark and glossy.

Making a Garden.
And because the breath of flowers
is far sweeter in the air, where it
comes and goes, like the warbling of
music, than in the hand, therefore noth-
ing is more fit for that delight than to
know what be the flowers and plants
that do best perfume the air.
That which above all others yields the
sweetest smell in the air is the violet;
especially the white double violet
which comes twice a year, about the
middle of April and about Bartholo-
mew tide. Then wall flowers,
which are very delightful to be set un-
der a parlor or lower chamber win-
dow; then pinks and gilliflowers, es-
pecially the matted pink and clove gil-
liflower; then the flowers of the lime
tree; then the honeysuckles, so they
be somewhat far off. Of beneflowers
I speak not, because they are field
flowers; but those which perfume the
air most delightfully, not passed by
as the rest, but being trodden upon
and crushed, are three; that is, burnet,
wild thyme and water mint. There-
fore you are to set whole alleys of
them, to have the pleasure when you
walk or tread.—Francis Bacon.

Not Infallible.
Human judgment cannot be infallible,
no matter how broad the mind or
keen the intellect. Appearances are
so deceptive that even the most ex-
perienced judge of character may fail to
reach as good an estimate of a man as
the humble ignorant scrub woman,
who cleans out his offices daily. Many
successful men realize this great lack
in themselves, and appreciate the
power that is in the hands of a de-
voted wife and real helpmate. They
would not think of entering into a
partnership or a big business deal
without first arranging to hear the
opinion formed by her whom they have
learned to look up to and confide in.
And, indeed, a man can scarcely pay
a higher tribute to a woman than the
trust he shows in her instinct.

Bluebird Herald's Spring.
The bluebird is among the first, after
the first, to arrive in spring in the
northern part of the United States
from the southern states where this
aristocrat has been spending the win-
ter, says the American Forestry as-
sociation Washington. Sometimes more
hardly bluebirds will pass the winter
as far north as southern New Eng-
land. The bluebird builds its nest in
bird boxes, or in cranies about build-
ings or in holes in trees, particularly
orchard trees. It lines the bottom of
its nest with grasses for the four or
five blue-white eggs which it lays. The
female is paler in color than the male
bird.

ONE WORD DESTROYS
REWARD FOR 1,000

VALLEJO, Cal., Aug. 4.—Because
of the insertion of the word "classi-
fied" in the Civil Service Retirement
bill, enacted in the closing days of
the last session of congress, more
than 1800 employes of the Mare Is-
land Navy Yard here who have out
in over thirty years service for the
government will be unable to get
any pension, it is believed. Many
of these are men who are hardly able
to get around and who have been
given the lightest kind of work in
order to allow them to hold on till
such time as the retirement measure
would be enacted.

and that is by an executive order,
issued upon recommendation of the
civil service commission.

If the Wood Dealer
Sold Service

We do not sell current; we sell service. That sounds odd
doesn't it?

Well, suppose the wood dealer sold service instead of wood, he
would tend to your furnace and your range, take away the ash,
and clean the flues. You would buy so much heat.

Now you buy so much light, although you pay according to the
current you consume. But the service is performed for you by this
company at the substations and power plants.

That is what we want to give you—efficient service. It is the
aim of this company to have none but satisfied customers. No
matter what it is, if you have a grievance, or are dissatisfied about
your bill or do not understand our rates, please come in and see
us or write us about it.

If you have any suggestions to make, we will gladly avail our-
selves of them as our aim is constantly to improve our service to
you as fast as the development of science and human ability permit.
