## MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority. Who warns us to be consistent on guard against kidney trouble. The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood and poisons the entire system. When your kidneys ache and feeling pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, urging you to seek relief during the night, when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism, or had weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoon in a glass of water before breakfast every morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

## STRIKES TIRE WASHINGTON

TACOMA, Wash., Aug. 4.—Progress is reported in the movement in the state of Washington to devise a better way to settle industrial disputes than through strikes and lockouts.

The Washington industrial code commission for more than a year has been gathering data from employers and employees to be used as the basis for a new law to be presented to the state legislature when it convenes next January.

The commission was instructed to frame a law which will settle disputes between labor and capital without recourse to the cumbersome weapons of the past that so often work a hardship on the public at large.

Before the law is written this fall the commission plans to give a hearing to every person in Washington who thinks he has a solution and will have studied the statutes of every state in the union that has attempted to better the relations between labor and capital. Already hearings have been held in most of the larger cities of the state, and the commission made a special trip to Vancouver, B. C., where labor leader and employers were met and where the Canadian industrial disputes act was thoroughly discussed.

"It was found in British Columbia," Secretary DeWitt M. Evans of the commission said, "that councils of employers and employees with an industry are proving beneficial. These councils are more important in getting the two interests together than are the tribunals provided in the British Columbia act."

Naturally, according to Mr. Evans, there is some discrepancy between employers and employees regarding the best way amicably to settle disputes, but both are agreed that the huge economic loss resultant from strikes should be prevented. This desire to abolish strikes and lockouts, Mr. Evans believes, is the best indication that the commission will be able to draw up a workable piece of legislation.

"The commission realizes it cannot create a law that will abolish the underlying causes of contention between labor and capital," said Mr. Evans, "but it does believe it can frame a set of rules and regulations for handling disputes so that the interest of the public and both parties to the contention will not be disastrously affected."

"The commission expects to establish in Washington the machinery which will avoid the large number of strikes and lockouts that arise primarily because there is no agency to prevent them."

The members of the commission are Mr. Evans of Tacoma; Edward P. Blake, Seattle; H. Alvin Moore, Seattle; John Pattison, Spokane, and W. L. Dimmick, Yakima. There are employers, employees and representatives of the public on the commission.

## WEAK, WEARY WOMEN

Learn the Cause of Daily Woes and End Them.

When the back aches and throbs, When housework is torture, When night brings no rest nor sleep,

When urinary disorders set in, Women's lot is a weary one, Doan's Kidney Pills are for weak kidneys.

Have proved their worth in Klamath Falls. This is one Klamath Falls woman's testimony.

Mrs. Dora Bruley, 911 Upham St., says: "I know the value of Doan's Kidney Pills and can't say too much for them. My kidneys were weak and I had such pains across my back that I could hardly do my housework. I became run down and tired easily, especially mornings. After I took cold the trouble was always worse and the action of my kidneys was irregular. Doan's soon stopped the backache, that tired worn out feeling left and my kidneys acted regularly."
