INSURE YOUR HAY

Have you stopped to think that a tiny little spark wafted by the wind, a lighted match carelessly thrown away, or even the heat from the sun's rays, are liable to set fire to your hay and wipe out of existence the fruits of your season's hard toil, and your chief or perhaps only dependence for food for your stock during a long, cold winter? Mr. Farmer, you cannot in justice to yourself and your family neglect to protect this immensely valuable crop. Let us insure it for you through our safe and sound insurance system. James H. Discoll, Room 4, Loomis building, Phone 432.

HIGH PROOF BEER

VANCOUVER, B. C., Aug. 6.—A sheaf of warrants has been prepared to be served on hotel keepers and others in the Huntington vicinity as result of a recent raid on the border near-beer saloons by provincial authorities. Samples of beer and stout then seized show that the nearest the near-beer came to conforming with the law was 5 per cent. The highest content was shown by analysis to have been 8.4 per cent.

A woman operating a chain of tea-rooms at several of the fashionable resorts in Florida and along the New England coast is said to have made a profit of \$20,000 during the past year.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat which clogs Kidneys, then the Back hurts

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

HOLIDAYS HOLD EUROPE BACK

BUDAPEST, July 15. (By Mail).—John R. Mott, general secretary of the International Y. M. C. A., in outlining the organization's plans for helping to reconstruct war-ravaged lands says "there are too many holidays in Europe." Poland, according to Mr. Mott, has 90 holidays a year, besides Sundays, and Rumania has probably twice that number. "This means idleness leading to political upheavals," declared the American. In giving the first details of the Y. M. C. A. and World's Student Christian federation's proposed new efforts to help broken-down Europe Dr. Mott said: "It isn't by giving bread but work that reconstruction will be possible. One of the tasks on which I am now engaged is to attempt to devise the wisest way to help the schools and universities of Europe from the decadence into which they were plunged by the war. Otherwise education will be lost through the poverty of professors, and also through lack of students. "The keynote of my talks in Poland, Czechoslovakia and Hungary has been self-help. The students must learn to work their way through colleges as is the case in the United States. From the Y. M. C. A. point of view we are establishing model branches as we hope to show the new nations their way back to work and to self-help. "It is not by saying 'Thou shalt not' that the world can be bettered; it is by showing the way. The Y. M. C. A. will help men to spend their idleness profitably. It will adapt itself to these nations and give them something permanent. There will be model Y. M. C. A.'s for universities, for railways, for industrial centers, and also in the country for the peasants. It is easier to get money than to spend wisely so we will go slowly on that score. We are getting ready to enter Russia, too. Americans are profoundly anxious to help there. "I have been in Europe among prisoners, otherwise than during the war, and for 30 years have been working in foreign countries. I believe the Russian question, owing to the desire of the people there to end their troubles, will be settled if foreign countries can unite for six months on the same policy."

HUGE SNAKE HOLDS SHIP'S CREW AT BAY VICTORIA, B. C., Aug. 6.—For a brief time following her departure from Singapore the bridge of the British steamship Bolton Castle was under the control of a gigantic python. In the early morning of the second day out from the Straights Settlements port the quartermaster, at the wheel, was startled by the massive snake's head appearing at the pilot house door. The python had calm and undisturbed possession of the pilot house and the ship took a few turns without a guiding hand before the snake made its net move. The last of the officers saw of the visitor was its tail as it disappeared overboard. It was one of three shipped at Singapore to a manager at New York.
