GIFT TO GOATS

SAN FRANCISCO, Cal., Aug. 9.—Carl F. Weber, Civil war veteran who died here recently, bequeathed his \$900 estate to the burgo-master of his native village in Bavaria to be used in providing free pasturage for the goats of the poor.

The will was attacked in court but after letters from the old country telling of the hardships of relatives who had lost their goats through lack of pasturage were read the will was held valid.

OLD STAGE COACH RACE

OGDEN, Utah, Aug. 9.—A race between stage coaches is one of the events planned for the public celebration of completion of the paved highway between Salt Lake and Ogden at an amusement park located between the two cities. The celebration is set for August 18. The stage coaches used will be of the type used in early plains travel.

MOTORS TAME DESERT

PHOENIX, ARIZ., AUG. 9.—Sixty-two years ago the government imported 33 camels to furnish transportation in Arizona. The camels did not remain long enough to see their places taken by motor stages, over 100 of which are operating over lines radiating out of Phoenix and connecting nearly every town in the state.

SUTTER TO DEDICATE FIRST OF NEW ROADS

YUBA CITY, Cal., Aug. 5.—Sutter county will dedicate on August 12 the first of the concrete highways now being constructed under the million dollar bond issue of 1919. Elaborate ceremonies will be held at Bogue, three miles south of Yuba City, at the beginning of the concrete highway.

The highway system as laid out comprise 87 miles of highway connecting all parts of the county with the state highway systems.

The strike of the Yorkshire (England) miners cost \$37,500,000 in damages to mines, coal lost to industry and losses to kindred industries. The strike fund of the miners, amounting to \$1,400,000, which it took 25 years to accumulate was exhausted.

GERMANS ILL-KEPT

BERLIN, July 9. (By Mail).—More than 90 per cent of the people of Germany are trying to exist, according to a Berlin statistician, on incomes which do not equal the present minimum cost of living. The mark today, he reckons, has a purchasing value equal to only about one-twelfth that of pre-war times. He shows that in 1914 the minimum cost of rental, food, clothing and other necessities for a man, wife and two children was 1,500 marks a year. Now this minimum cost is estimated at 19,300 marks.

Chairman Graham of the House Ordnance Sub-Committee, who inspected the Nitro, W. Va., munitions plant erected by the Government charges that the Government paid \$300 for land valued at only \$23 to \$150 an acre.

MAPPING HAWAII

HONOLULU, T. H., Aug. 1 (By Mail).—Three years will be required to complete topographical maps of the islands of Hawaii, Maui and Molokai, according to A. O. Burkland, topographical engineer with the United States geological survey, who arrived here from Washington, D. C., several weeks ago to take charge of the work.

Maps of the islands of Kauai and Oahu were completed in 1914, said Mr. Burkland, and were the first of their kind to be made of the Hawaii Islands.

CITY ADMINISTRATION COST GREATLY RAISED

HONOLULU, T. H., Aug. 1. (By Mail).—Increases in the cost of the civic government of the city and county of Honolulu ranging from 40 to 1,000 per cent are shown in figures prepared by City Engineer Ohrt for presentation to the board of supervisors. The figures start with the year 1909, the greatest increase since standing opposite the court administration, 1010 per cent.

FORDSON FARM TRACTOR

\$935 ON YOUR FARM

FOR YEARS, Tractor manufacturers have spent much time and money, and have also accumulated many gray hairs, trying to produce a tractor that will plow—plowing being their only objective.

Henry Ford built 57 models while trying to find the type of tractor that would not only plow successfully but, having completed your plowing, you must have a tractor that will successfully do your surface work, and give you a completed seed bed. This he accomplished when he completed the 58th, or the present satisfactory model.

This model Fordson tractor has been on the market two years, and although within that time there have been a few mechanical improvements and corrections, the principle and design will never be altered, and Henry Ford's best recommendation for this tractor is the work that your neighbor is doing with his Fordson. At present it is being used for binding, baling and threshing. It is a year-around tractor. Its work is not confined to one season.

The Fordson tractor is now distributed by the Ford Motor company through its branches throughout the world, and thus the same service may be obtained by Fordson owners that Ford auto owners have enjoyed for so many years, and which has made it necessary to dodge them continually on the roads.

Again, the large expenditure of money by big manufacturers in order to produce implements in proportion to Mr. Ford's needs, assures the people of their faith in Ford products.

A \$25.00 deposit places your order in line for a Fordson tractor or a Ford car, and we shall appreciate that order.
