CITY GARBAGE—When you want garbage removed call 107-22.

TO MILK USERS AND THE PUBLIC:

On July 1st, 1920, the Producers' Milk Association took over the City Milk Depot from Mr. W. E. Perkins. Mr. Lyle Mills has been secured as manager. His years of experience in the handling of dairy products insures you the best, in treatment, quality and service, that it is possible to give.

Our milk is as clean and of as good a quality as any on the market. Our herds are as healthy and well kept as any that furnish you milk. With all these things given due consideration we are not satisfied to let you take any chances.

We believe that all milk should be pasteurized to make it safe. Without pasteurizing we know our milk is as good as any. But we believe that it is better to be "safe than sorry." So we pasteurize. When in need of a safe, wholesome milk call 294-J. We sell pasteurized milk, cream, cottage cheese, milk and butter.

Yours for a better milk for Klamath Falls.

GLASS OF SALTS
CLEANS KIDNEYS

If your Back hurts or Bladder bothers you, drink lots of water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grams of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

N. Y. WOMAN FOUNDS
ART SCHOLARSHIPS

PARIS, July 25. (By Mail).—Ten scholarships open to the most deserving young French artists, sculptors, musicians, novelists, dramatists, architects, decorators, engravers and journalists have just been founded by Mrs. George Blumenthal, of New York and Paris, and who is particularly noted because of her gallery of French Gothic art at her New York home. Associated with Mrs. Blumenthal

in founding the scholarships are J. P. Morgan, T. F. Ryan, E. R. Stettinius, H. P. Davison, G. F. Baker, Charles Hayden, W. N. Cohen and H. Walters.

These founders have just been sent the following cablegram from Premier Millerand, of France:

"I have already expressed to Madame Blumenthal the profound gratitude of the French government for the fine and useful foundation for the benefit of the French thought and art. Our young writers and artists, heroes or victims of the war, will find in this delicate and affectionate attention of our friends of America a new proof of the profound and sincere friendship which unites our two republics."

"France had already honored the memory of the intrepid soldiers of your army and will honor soon your heroes of the war of Independence. I thank the faithful friends of France who are instituting this permanent monument to the glory of the French thought and art."

The scholarships are for 6,000 francs each, the foundation being perpetual and they are to be awarded to the most deserving candidates. Each scholarship is tenable for two years in succession and any scholar showing special merit at the end of that time has a chance of receiving it for a further period.

The candidates will be selected by juries of ten men prominent in each profession.

Clay Turner, the Indian who fought a great battle with Tom Gibbons at St. Paul the other night, will probably be matched to fight Tony Melchior, the Chicago heavyweight, for 10 rounds at the big club at East Chicago.

Syracuse and other clubs have offered managerial berths to Larry Lajoie this year, but all efforts to induce the former great second baseman to re-enter the game have proved futile. Lajoie is in the auto business in Cleveland and is said to be adding to his bankroll with great regularity.

If the Wood Dealer
Sold Service

We do not sell current; we sell service. That sounds odd doesn't it?

Well, suppose the wood dealer sold service instead of wood, he would tend to your furnace and your range, take away the ashes and clean the flues. You would buy so much heat.

Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.

That is what we want to give you—efficient service. It is the aim of this company to have none but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.

If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.
