HAVE YOU INSURED YOUR HAY?

A spark blown about by a vagrant breeze, an almost unnoticeable smudge, a small blaze which rapidly develops into an uncontrollable fire, and your hay crop, representing months of care and hard work, is reduced to useless ashes. This is a frequent occurrence throughout the country. You can't bring back the hay, but you can recover its equivalent in dollars if you have had it insured, and dollars can buy more hay. If your hay is not insured you lose heavily and irredeemably. The cost of insurance is nominal. Let us insure your crop in a company that is prompt and reliable. James H. Driscoll, Room 4, Lodenis Building. 9

TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND ATTRACTIVENESS

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 5-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time

recipe improved by the addition of other ingredients.

White wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

A grade for each type of engine

Lubrication has advanced since the days of tallow on the wagon hub. Today it is a science—with a grade of Zerolene for each type of engine.

It is significant that more than half the motorists of the Pacific Coast States follow the advice of our Board of Lubrication Engineers and use Zerolene of the correct grade for their automobiles. This is resulting in better performance and longer life for the cars.

You, too, should use Zerolene.

There is a grade for each type of engine and a separate Zerolene Correct Lubrication Chart for each make of car. Get one for your car at your dealer's or at our nearest station.

Use Zerolene for Correct Lubrication.

for Tractors

There is a correct grade of Zerolene for each type of tractor. Get our attractive booklet on the Correct Lubrication of your tractor. Ask our agent for a copy.
