

The McCormick and the International

An Unbeatable Combination

THE OLD STANDBY, THE McCORMICK

gives satisfaction to farmers today just as it did when father and grandfather used it many years ago. Modern improvements have made it supreme.

**We have Two McCormick Binders
One McCormick Mower
Several McCormick Disc Harrows**

on our floor for immediate delivery. You'll have to hurry if you want one of them.

The International Tractor is

**First in Strength and Safety
First in Versatility
First in Economy**

And first in the good graces of every farmer who has used one. The International makes plowing, sowing, cultivating, harvesting, pumping and many other lines of farm work surprisingly easy. We have four 8-16 International tractors left, and will be glad to explain its numerous good points to anyone interested.

OLIVER AND P. O. PLOWS

are the most substantial in the farming world today. We can consistently say "We Sell Them," for they are in great demand among the farmers of this county.

WE HAVE FOR SALE A USED

CLEVELAND TRACTOR

in first-class working condition. This is an excellent tractor, and can be bought very reasonably. Call and let us show it to you.

HOT WATER FOR SICK HEADACHES

Tells why everyone should drink hot water with phosphates in it before breakfast.

Headaches are caused by auto-intoxication which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilid, aspirin or the bromides, which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphated hot water cure to rid your system of toxins and poisons.
