

# ANNOUNCEMENT

Early next week, probably Monday morning, we will begin to move from our present location at 606 Main street, to the new Collier & Moore building at 626 Main street. This building has been erected especially for the K K K Store and the Central Barber Shop and, in keeping with the rest of the building, we are installing one of the finest shops in the county. This has been made possible only through the patronage of the people of Klamath Falls and Klamath county, and we want you to feel that this is your shop—not ours.

We take this opportunity to thank you for your patronage in the past, and to assure you that we shall endeavor to merit it in the future.

**Chlorine May Prevent Flu.**  
Breathing air impregnated with chlorine gas may prove to be a real preventive of influenza. During the recent epidemic, 184 volunteers were subjected to a total of more than 900 treatments at the University of Arkansas. Several children and a nurse engaged in caring for "flu" patients were among the subjects, of whom only one developed a new case, and that evidently had been previously contracted, says Popular Mechanics Magazine. The treatment consisted merely of confinement in the chlorine room for five minutes a day, the gas content carrying from 43 to 273 parts in 1,000,000 of air.

**One Dozen Giraffes in America.**  
There are but 12 giraffes in this country—eight with circuses and four others in the zoos of New York and Philadelphia. Four of the 12 were raised by a Belgian named Andrew, in the employ of a circus, who used to be

a hunter in Africa. He has made pets of them all, and Mary, who is almost nineteen feet high, responds instantly to his call and is delighted to eat sugar from his hand.

"If you don't like your work," advises a writer, "quit it," thereby aligning himself squarely on the side of the many who have.

The heat of a summer day might be easier to bear were it not necessary to worry about next winter's coal supply.

### IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will

then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

### TURN HAIR DARK WITH SAGE TEA

IF MIXED WITH SULPHUR IT DARKENS SO NATURALLY NOBODY CAN TELL

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mummy mixing at home. All drug stores sell the ready-to-use

product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive
