### SAGE TEA DANDY TO DARKEN HAIR

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or

two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

### TAKES SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Back-achy or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act free and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes

a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

#### KEY TO ANCIENT HISTORY

Greek Papyri Have Revealed Practically All That is Known of Greco-Roman World.

Greek papyri were documents for ancient history which supplied a personal view of things. They described classes not represented in history as usually written and helped in the study of popular psychology of the Greco-Roman Egypt, and by analogy, also, to some extent, the Greco-Roman world.

The papyri illustrated the history of administration, showing it in actual working, and not in theory. There was not much in the papyri on mystery cults, but there were interesting religious documents, such as the hymn to Isis. The papyri mostly illustrated the popular attitude to religion, popular piety and impiety. They were also useful for early Christianity, Egypt being the native country of monasticism.

The economic decay of the Roman empire, popular education, and the history of the Greek language, were also illustrated by papyri. The borrowings of Christianity could be traced from older paganism from the papyri, and the Christian and pagan attitudes could thus be contrasted.

#### Historic Lies.

Two of the most famous lies relate to the last hours of Nelson. Everyone knows that the real signal at Trafalgar which he ordered was "Nelson expects every man to do his duty." The other lie is about the coat he wore on his quarter deck. He is reported to have silenced the affectionate importunity of his officers, entreating him to conceal the stars on his breast, by saying, "In honor I gained them, and in honor I will die with them." This is the great style, but it is untrue. Dr. Arnold heard the facts from Sir Thomas Hardy. Nelson wore on the day of battle the same coat which he had worn for weeks, having the order of the bath embroidered upon it; and when his friend expressed some apprehension of the badge, he answered that he was aware of the danger, but that it was "too late then to shift his coat." The fabricated saying is magnificent: why destroy it?

## If the Wood Dealer Sold Service

We do not sell current; we sell service. That sounds odd doesn't it?

Well, suppose the wood dealer sold service instead of wood, he would tend to your furnace and your range, take away the ashes and clean the flues. You would buy so much heat.

Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.

That is what we want to give you—efficient service. It is the aim of this company to have none but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.

If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.
