HONEYMOONS IN ODD PLACES

Persons of Adventurous Disposition Have Spent Them Amid Arctic and Savage Dangers.

Mr. Elkins, the wealthy young American who recently took his bride for a honeymoon "as near the North pole as he can comfortably get," is by no means the first bridegroom who has spent his "month of honey" in this chilly environment, says London Answers.

A few years ago Mr. Max Fleischmann, a Chicago millionaire, at his bride's request, took her straight from the altar to the Arctic wastes, where they spent, on their own evidence, "delightful" months, hunting seals, reindeer and polar bears, two of which fell to the bride's own gun. Mrs. Fleischmann's honeymoon wardrobe, we are told, consisted of an assortment of sheepskin dresses, lined with leather.

Less chilly, but no less adventurous, was the honeymoon journey of Major Powell-Cotton, who took his bride on a long and hazardous journey through Africa, spending many months in the heart of the Ituri forest, hunting the okapi and making friends of the savage pigmies, who had never before even seen a white woman.

But the most daring and adventurous of all recorded honeymoons was that of Captain Andrew, an American sailor, and his bride, who started to cross the Atlantic in a "cockleshell," 12 feet long, and were never seen again.

Ohio State will open its gridiron season on October 2 with Ohio Wesleyan at Columbus.

FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture, improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Take Salts to flush Kidneys if Back hurts or Bladder bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

NOTICE TO BIDDERS

Bids will be received until six o'clock P. M., August 26, for the erection of a new schoolhouse, to be built about two miles north of the railroad crossing at Modoc Point. Bids to cover the furnishing of all supplies, materials, and labor necessary for complete construction. Plans may be obtained at the office of the Sawmill Engineering and Construction company in Klamath Falls. All bids to be mailed to Clayton Kirk at Modoc Point, Oregon, or presented to him in person prior to the above time and date.
