Mlle. Lenglen, the young French girl who has won the British tennis championship, keeps fit, she says, by going to bed early, being careful what she eats, and doing Swedish exercises for fifteen minutes night and morning.

While women have just been declared eligible to receive the Victoria Cross, it is recalled that so long ago as 1869 the officers of the Royal Munster Fusiliers presented the wife of their commanding officer with a replica of the Victoria Cross in gold. This was in recognition of her conspicuous gallantry and devotion to duty while voluntarily nursing the men of the regiment during an outbreak of cholera.

Mrs. Rebecca Clowder Snapp, 91 years old, has died at her home in Winchester, Virginia, leaving 111 direct descendants.

# TAKES SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Back-achy or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

## ALASKAN COOK DEAD

JUNEAU, Alaska, Aug. 1. (By Mail).—"Aunt Dolly" Lyons-Alaska character, known to hundreds who have patronized her eating houses in different parts of the northland, died recently at Tenakee, near here. "Aunt Dolly" was colored and said she was born a slave in Maryland over 85 years ago. She came north in the rush to the Klondike gold fields in 1898 and her southern dishes soon became known the length and breadth of the Yukon and Alaska.

Photographers advise girls not to powder their faces before having their photographs taken. Powder flattens the features and robs the face of expression. A shiny nose "takes" better than a dull one, and the girl who can resist the natural temptation to give her nose a little dab, will have the satisfaction of seeing a far better photograph.

# My Neighbor

My neighbor lets weeds grow in his garden, he lets his house run down, and all his family look patched.

My neighbor decides many important things; and he is sure all things would be all right if they were done his way.

My neighbor decided long ago that advertising was waste; that he would never read it because he did not want any one to tell him what to buy.

My neighbor may be right. The moon may be made of green cheese. But, as I see it,

My neighbor is no neighbor of mine; he just lives next door because he was born fifty years too late.

My neighbor spends as much money to live poorly as I do to live well. As most of my money goes to meet living expenses, I want all the good things it will bring me.

Advertisements tell me all about these good things. Advertisements give me the opportunity to compare all varieties of the things I would buy. Advertisements help me pick the best for my purpose and my purse.

I will not argue with my neighbor. He may be right; but, personally, I would rather be myself than be my neighbor.

I know reading advertisements saves money for me.
