SPRING LUBRICATION

Grease cups on the springs of a motor truck are impracticable and the same is true of oil cups. Grease cups are commonly neglected in addition to being inefficient. Even if kept filled with grease the lubrication is not thorough. The grease hardens and does not serve the intended purpose. Oil cups, if anything are even worse. Oil is thinner and has less viscosity than grease and consequently is squeezed out more freely. The oil also gums, dries up and collects dirt.

Shackle bolts and bushings on the springs must be kept lubricated or the shackle or spring leaf will break.

On MACK trucks positive lubrication is provided the shackle bolts and bushings and the MACK system requires absolutely no attention.

The bottom shackle pins are in the form of cross rods extending clear across the frame. These are bushed with Bound Brook, babbitt and graphite bushings. The upper pins are bushed with Nigrum, graphite impregnated wood bushings. These have a long life, due to their generous size and are self-lubricating and positive.

AN OLD RECIPE TO DARKEN HAIR

SAGE TEA AND SULPHUR TURNS GRAY, FADED HAIR DARK AND GLOSSY.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

THIS IS THE LESSON: INSURE YOUR HAY

"Ten Thousand Dollar Hay Crop Burned; No Insurance."

How often you have read headlines like the above. Do they mean anything to you? Do not instances like this teach you the value of protection—the necessity for adequately insuring your crop as a safeguard for you and your dependents? Fires start easily, especially in hay stacks, and they are impossible to quench after they have made the slightest headway. Is your hay insured? If not, see me, and let me company in existence. Jas. Driscoll, Room 4, Loomis Bldg., City. Phone 432.

DEPORTATION DEPT. ASKS MORE FUNDS

NEW YORK, Aug. 25.—Increased appropriations to enable the United States immigration authorities to deport aliens in whom insanity is discovered, was urged here today by Dr. Spencer L. Dawes, medical examiner of the New York state hospital commission.

Dr. Dawes declared that although 290 insane aliens were deported during the last fiscal year, there are still a great number in the state who might be deported if funds were available, thus cutting down an item of expense which is second only to education in New York. Dr. Dawes said that there are 39,000 insane persons in state institutions who cost the people annually \$11,500,000.

Of the 290 aliens deported for insanity last year 147 were sent to their home countries in the usual way by the federal authorities, while 143 were "repatriated" by the state with the permission of relatives or guardians of the patients. Explaining this process of "repatriation," Dr. Dawes said:

"After securing the consent of relatives to 'repatriate,' we arrange for passports to his or her home country and then give the insane person clothes, toilet articles and a new suitcase for the return trip. Under escort or guard, we send the patient all the way and see that he or she is safely delivered to relatives or friends on the other side.

"Last year the state of New York appropriated \$40,000 for this purpose alone."

Dr. Dawes said that in addition a great deal of time and money was devoted to returning insane persons to other states in which they are residents, whether citizens or aliens.

"With the exception of Connecticut," he said, "we have no difficulty in getting other states to take back their insane. We have written agreements with Massachusetts, Ohio, Illinois, Wisconsin, Iowa, Washington and several others. Not infrequently we send parties of insane persons across the continent to the Pacific coast."

The law provides that insane aliens may be deported at any time provided that legal processes are instituted within five years of their landing here. As New York is the greatest port of entry, Dr. Dawes said, this state becomes the dumping ground for thousands of these people who must be taken care of at public expense until they can be deported.

Hear the Testimony of Klamath Falls People and Decide the Case

Doan's Kidney Pills are on trial—are being tried every day for weak kidneys—for exhausting kidney backaches. What is the verdict? Read Klamath Falls testimony—personal experiences of Klamath Falls witnesses. There can be only one verdict—a chorus of approval.

Henry Smith, carpenter, 106 Main St., Klamath Falls, says: "I have used Doan's Kidney Pills off and on for a long time and have always found them to be a reliable kidney remedy. My back ached and pained at times and I had a soreness just over my kidneys. My kidneys didn't act right, either. Doan's Kidney Pills always relieved the trouble; the backaches left and my kidneys were put in good order."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Smith had. Foster-Milburn Co., Mrs., Buffalo, N. Y.
