"FREEZONE"

Lift Off Corns! No Pain!

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

HARDING STRONG FOR WESTERN RECLAMATION

BOISE, Aug. 26.—Major Fred R. Reed, of the Idaho Reclamation association, has received a pledge from Senator Harding that the Republican policy of reclamation is to be continued in the event of victory in November. This pledge is to be passed on to the 15,000 members of the association which has worked for years for the reclaiming of the state's arid lands.

"I think I need not tell you that I am in the fullest sympathy and accord with this splendid proposition," wrote Senator Harding. "In my speech of acceptance I had a brief word for this work, but you must not take the brevity of my reference for the extent of my interest. The Republican party was responsible for the reclamation work and you may surely count upon that policy being maintained in the future."

Reclamation men of the state say Senator Harding's pledge with Senator Borah's active campaign in his home state for the Republican ticket and against the Wilson league of nations makes certain Republican victory in Idaho.

AT THE THEATERS

"Good gracious, Wanda, they've given you a wonderful cast!"

A studio friend exclaimed this when he looked over the list of people who support Wanda Hawley in "Miss Hobbs," which will be seen at the Liberty theater Saturday.

Playgoers will endorse the exclamation which heads this story. It is seldom that a screen play contains such a combination of talent as Harrison Ford, Helen Jerome Eddy, Walter Hiers, and Jack Mulhall, besides the stars. As Wolff Kingearl, the young millionaire Harrison Ford has a regular time in convincing the super-feministic Miss Hobbs that love, a husband, and a home beat smocks, free verse, and barefoot dancing.

Helen Jerome Eddy is a character actress so well known that she needs no introduction. All the others have excellent screen reputations, and live up to them in this play.

ARCHERS HUNT SHARKS IN CAL.

VENTURA, Cal., Aug. 27.—Hunting sharks with bow and arrows is the latest sport to be introduced in Ventura county.

Dr. E. K. Roberts and Harry Van De Linder reported exciting experiences after a day at Point Magu, passed in hunting sharks in this manner.

In many instances, they said, the sharks started out to sea with the arrows sticking in their bodies and it required speed on the part of the hunters to overtake them.

These sharks are not man eaters, which are not known so far north.

TEACHERS' SHORT STAY DISAPPOINTS CHERBOURG

CHERBOURG, France, July 27.—The arrival of the Seattle, Wash. grade school teachers was somewhat of a disappointment to Cherbourg because, it had been reported, the party would stay two days and the city had provided a program of entertainments and sight-seeing for that time. They, however, left by a special train a few hours after their arrival and there was only time for a hearty welcome on landing.

A dozen little girls, dressed in white, presented flowers in the station where the inspector of primary education welcomed them in the name of the minister of foreign affairs and public instruction. There was time for refreshments at the Casino hotel, where the dry regime of the United States gave way in favor of a glass of champagne. The deputy mayor told them how glad the city was to see them and Miss Joseph Burns returned thanks for her friends.

The Seattle school teachers, mentioned in the Cherbourg story, were sent on a tour of the battlefields of France by The Seattle Times.

POPULAR COMEDY IS COMING TO OPERA HOUSE

The Swedish comedy entitled "Ole The Swede" will be the attraction at the Houston opera house Monday, August 30. This play is billed as one of the biggest laugh hits on the stage at the present time; it has no long tedious scenes or situations but is bright and laugh inspiring from beginning to end. The story is in three swift moving acts, and with Dave Williams the popular comedian in the leading role furnishes a succession of hearty laughs that few plays can duplicate. Ole has a most effective plot, it supplies unlimited material for the awkward Swede to make mistakes and blunders which are all plausible in a green character like Ole.

As the play progresses Ole becomes more and more sophisticated and there are two or three dramatic scenes that are well carried out by the at one time ignorant Swede.

Mr. Williams is surrounded by a clever cast, all well suited to their respective parts, so if you like to laugh, and who does not, see "Ole The Swede." Reserved seats now on sale at the opera house.

LORELLA LOCALS

W. D. Campbell's hay crew were in bad luck last week, having three runaways in one day. Two hay rakes were demolished, and one boy suffered a dislocated wrist.

Mrs. Neva Burroughs, who has been spending the summer with her father, T. Wilkerson, has returned to her home in Los Angeles. She was accompanied by her niece, Miss Daphne Walker, who will attend high school in the city the coming year.

Gene Wilkerson had the misfortune to have his car, a Chalmers, badly broken up last week while on his way to Klamath Falls. His machine was run into by another car, and the radiator and steering gear badly damaged. Mr. Wilkerson's car is said to have been standing still at the time of the accident.

Mrs. H. E. Winnard entertained a few ladies at luncheon last Friday. The guests were Mesdames Hall, John Turner, David Turner, and Levi McDonald.

The forest fires which have been raging in this neighborhood for some time are all about extinguished, and the air has become much clearer.

Miss Winifred Winnard spent the week end on the west side of the valley with the family of John Turner. Will Keller, of Klamath Falls, visited with his brother, Alfred, over Sunday.

Mr. and Mrs. A. E. Gale are expected home in a few days. Mr. Gale had the contract for the ditch work in the Enterprise irrigation system, and Mrs. Gale spent the summer in Portland with her mother.

The Ladies' Aid Society had an all day quilting party at the home of Miss Doris Tuttle last week. Notwithstanding the extreme heat the ladies succeeded in getting the quilt done before leaving.

LONE PINE NEWS

Miss Marie Dolan has been hired to teach the Lone Pine school the coming term.

J. E. Enman, with Mrs. Enman and sons, Walter and Chester, and daughter, Agnes, returned Saturday evening from a three weeks' tour through Oregon, Idaho, and Washington. They visited a few days with O. B. King and family at Ontario. From there they went to La Grande and visited relatives, among whom was a sister of Mrs. Enman whom she had not seen for 21 years. From La Grande they went to Portland, and returned home by way of the Pacific Highway. They did not see any place they liked better than Klamath county.

Coyotes got into Mr. Kiger's bunch of lambs a few days ago and killed two of them.

Charles Nieman and wife and son, of Richmond, California, are visiting Mr. Nieman's father, Wm. Nieman. Mrs. Jesse Johnson gave a picnic dinner Sunday in honor of her cousin, C. Nieman, and his family.

A. C. Bunnell and family returned on Monday from a camping trip to Four-mile lake.

The Hindoos have no word for "friend" but use the word "brother" instead.

APPLE BOX SHOOK FROM "SMALLEST" MILL

PORTLAND, Ore., Aug. 27.—Lumber for apple boxes is being turned out at Dixie Meadows, in the Whitman national forest, Washington, by a portable saw mill brought back from France where it was used by forestry detachments of the American expeditionary forces.

Forest service officials say the mill is the smallest in Washington, which is known for its exceptionally large mills. The entire working staff is composed of eight men and one horse.

REINDEER INCREASE

SEATTLE, Aug. 27.—Alaska reindeer, which numbered 1,200 when they were first imported from Siberia by the government in 1892, this year total approximately 150,000, according to W. T. Lopp, Seattle, chief of the Alaska division of the government bureau of education.

STEVEDORES WANT FANCY FATABLES

SAN FRANCISCO, Aug. 27.—Trimnings, such as cream salad and cream puffs, are wanted by the stevedores of the Matson Steamship company on the bill of fare of the cafeteria at the Matson Club, operated on the company's docks here for the employees.

When the cafeteria opened, solid food was offered at cost. This, it was believed, was what the workmen wanted. The stevedores on the board of directors, however, put through a motion ordering trimmings to be added.

"Plain, wholesome food for stevedores?" one of them asked. "Sure, but a fellow wants some of the fancy trimmings when he has the money to pay for them."

The club, which was established to replace the hospitality of the waterfront saloon, also has ordered a billiard table, and has subscribed to what several of its members described as "highbrow" magazines.
