Peppermint Oil

This is Oregon's fastest growing and most profitable industry. Hundreds of acres going out on our land next year on Caledonia Marsh on Upper Lake will pay good dividends on stock. This is rich land producing \$100 per acre in grain now being threshed. Planted to mint we expect to earn dividends of 50 to 80% yearly on the stock for which we are now taking subscriptions. We have market for all we can produce. Saturday we received one order from a Seattle house, name on request, for over 1100 lbs. of oil to be delivered next-year. This will invoice nearly \$10,000.

Join us now and help us produce this and many more on our list.

A BANK'S SERVICE IS THE PATRON'S SATISFACTION

THE feature of a banking connection which stands out most prominently is the service it is able and willing to afford customers.

Of course, size, capacity, facilities, policies and personnel all contribute to that service and must be taken into consideration when choosing a bank.

You'll find the First National meeting all expectations in those respects.

GIANT CLOCK

HONOLULU, T. H., Aug. 18. (By Mail.)—Honolulu is to have a harbor clock that will look across 2100 miles of ocean and tick off the seconds in unison with its older relations in the tower of the Ferry building at San Francisco, if plans of the Honolulu Harbor Board bear fruit.

Early in September the board will open bids for sheds on several large new piers which have no coverings. It is proposed to place the clock in a tower on the top of one of these.

Owing to the difference in time, Honolulu's harbor clock would run two and one-half hours behind the famous clock near the Golden Gate.

A Classified Ad will sell it.

NO MORE CHAIN GANGS

MARYSVILLE, Cal., Aug. 30.—"Chain gangs" from the Marysville jail, formerly used to clean the city streets, have ceased to exist, according to a report made to the city council recently. As a result, the council has found it necessary to employ laborers at \$4 a day to take care of the streets. The report said the existence of the "chain gangs" ended when prohibition became effective.
