

**SALE OF TIMBER
KLAMATH INDIAN RESERVATION
LITTLE SPRAGUE UNIT**

Sealed bids in duplicate, marked outside "Bid Little Sprague Unit," and addressed to the "Superintendent, Klamath Indian School, Klamath Agency, Oregon," will be received until 2:00 o'clock P. M., Pacific time, Wednesday, October 27, 1920, timber on about 3,600 acres on for the purchase of the merchantable Sprague River in townships 24 and 25 South, Range 28 East, Willamette Meridian. This unit is estimated at 40,000,000 feet B. M., mostly western yellow pine of which about 5,000,000 feet is on about 480 acres of approved allotments, and as to which separate approved contracts with the Indian owners may probably be made. No bid will be accepted for less than \$4.00 for yellow and sugar pine and incense cedar, and \$1.50 for other species during the period of the contract ending March 31, 1924. Prices subsequent to that date will be fixed by the Commissioner of Indian Affairs for three-year periods. Each bid must state the rate per M that will be paid for each kind of timber during the first contract period ending March 31, 1924, and must be accompanied by a certified check on a solvent National Bank drawn in favor of the Superintendent of the Klamath Indian School in the amount of \$10,000.00. The deposit will be returned to unsuccessful bidders, but retained as liquidated damages if the successful bidder shall fail to execute contract and furnish satisfactory bond for \$15,000.00 within 60 days from the acceptance of his bid. The right is reserved to waive technical defects and to reject any or all bids. For copies of contract, regulations, fuller description of the area, and other information, apply to the Superintendent of the Klamath Indian School, Klamath Agency, Oregon.

ath Indian School, Klamath Agency, Oregon.
Washington, D. C., August 10, 1920.

**JAPANESE MODELS
WHY ABOUT POSING**

TOKIO, July 24, (By Mail).—Modern Japanese art is endangered by lack of models. An unusual gathering of 90 girl models and most of the prominent sculptors and painters was held to try to solve the question of the demand for girls to pose. The art school advertised and received only seven answers. Of these seven applicants only four were willing to pose in the nude and none of them remained very long. They receive a salary ranging from \$23 to \$50 a month and are expected to do two or three two-hour sittings a day.

TILED FARMER "FIRED"

BERLIN, Aug. 3, (By Mail).—Count Munster, who was first quarry to the former king of Saxony and since has held an important position in the Republican ministry for agriculture, has been summarily dismissed.

The explanation given on behalf of the government for his dismissal is that the count had said in public that Herr Schwarz, his chief, the present minister for agriculture, formerly a metal turner, "didn't know anything about agriculture," only in less respectful terms.

**CATTELMEN TO
CONFER, OCT. 28,
AT SALT LAKE**

The initiative has been taken by the California Cattlemen's Association for the calling of a Western States Conference to solve joint problems of the industry. The biggest of these problems is that of marketing cattle at a fair price to the producer. And the tendency among cattlemen is decidedly toward co-operative marketing, which has proven so successful among fruit growers.

David J. Stodbery, Secretary of the California Cattlemen's Association, has written to associations in many other states of the West, proposing that the Conference be held in Salt Lake City October 28th, 29th and 30th. It is suggested that officers of the following state associations attend: Arizona, Colorado, California, Idaho, Montana, Nevada, New Mexico, Oregon, Texas, Washington, Wyoming and Utah.

In his letter Stodbery writes: "The above named, while representing in number one-fourth of the States, run nearly one-third of the cattle in the country, although in population they comprise but about one-tenth of the inhabitants of the United States."

"Their contribution, therefore, to the Nation's food supply is tremendously in excess of their own requirements."

"Each season there is a scurry to the Eastern and Middle Western markets of surplus cattle, and until now no concerted effort has been made to gauge the demand and furnish the supply to more nearly accord with it."

"It is this thought which prompts the suggestion by the California Cattlemen's Association that a conference of all of the officers of the cattlemen's associations of the twelve states mentioned be called within the near future to give consideration to and if deemed practical act upon the following suggestions:

- "1. A plan of action whereby the seasonal surplus supply of cattle from the various states can be gauged.
- "2. The preparation of a schedule by which a more steady supply of cattle would enter the various Eastern and Middle Western markets.
- "3. National legislative matters pertaining particularly to Federal financial aid.
- "4. Enactment of States or Federal legislation toward the eradication of tuberculosis in range cattle and the elimination of tubercular cattle entering our markets.
- "5. Action tending to withhold from prime cattle markets half-fat cattle and feeders.
- "6. Prevention of glutting other states with feeders.
- "7. A closer co-operation between the states associations with respect to feed and other conditions.
- "8. Effort to re-establish the branch offices of the United States Bureau of Markets.
- "9. Policy of a campaign having as its object stimulation of beef consumption."

It has been realized by cattlemen that no one state could solve its local problems without the co-operation of other states whose cattle came into competition. For instance: Nevada, Utah and Arizona cattle have an important influence on the California market. California cattle have influenced the Portland market by a number of shipments this season. California cattle have come into competition with other states at Omaha, Kansas City and even Chicago. Out of this conference it is hoped will come a definite program whereby each state can dispose of its surplus cattle at reasonable prices without injuring the market for other states. Marketing unquestionably will be the most important subject considered by the conference.

**PLANE BURNED BY
BACKFIRE OF ENGINE**

MARSHFIELD, Ore., Aug. 31.—The Washington, Oregon and Idaho company's plane that has been operated here for the past few weeks by Lieutenant Briggs, burned on the Marshfield landing field when the engine backfired.

Lieutenant Briggs and his assistant had started the engine and were going to Myrtle Point. They had a fire extinguished and succeeded in putting the fire out once, but not until the machine was half burned. All that was left of it was the tail, which they chopped off. The plane was fully insured.

**IF KIDNEYS ACT
BAD TAKE SALTS**

Says Backache is sign you have been eating too much meat

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have a backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

NOTICE

MINIMUM FEE BILL ADOPTED BY THE KLAMATH COUNTY MEDICAL SOCIETY, SEPT. 1, 1920.

Came to my place, known as the Will Humphrey ranch on the Merrill road, Sunday, August 29, 1920, yearling bull, black, dehorned, unbranded. Owner may have same by paying costs. Phone 15F2. F. W. Sexton. 20-1

WILL CUT CEDAR

BANDON, Ore., Aug. 31.—One of the finest stands of white cedar on the coast is soon to be logged by G. M. Willoughby & Son, who have just procured machinery for operating a logging camp and sawmill in the Rock creek district. They have a tract containing 1,000,000 feet of timber.

**STOPS HEADACHE,
PAIN, NEURALGIA**

Don't suffer! Get a dime pack of Dr. James' Headache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Before you get what you ask for.
