

These two sketches are from photographs of Signor Friscoe's amazing act, now being billed over the Keith and Affiliated vaudeville circuits. Signor Friscoe comes onto the stage and plays. Suddenly he stops playing. His xylophone performance continues.

Then the curtains of the back-drop part. The New Edison is revealed. It has taken up Signor Friscoe's performance and is RE-CREATING it alone.

You can hear it in our store

—the phonograph that is featured in Vaudeville's strangest act

Perhaps you've seen it—Signor Friscoe's "Magic" Xylophone Act. It's the hit of vaudeville's "Big-Time." Signor Friscoe's "magic" is an Official Laboratory Model of the New Edison. We have one exactly like it. Signor Friscoe's instrument is an exact duplicate of the original Official Laboratory Model, which cost Mr. Edison three

million dollars to perfect. Our instrument is also an exact duplicate of this famous three million dollar original. We guarantee it to be able to give the same marvelous RE-CREATIONS of music, which Signor Friscoe's Official Laboratory Model gives in vaudeville. Come in and test the astonishing realism of this instrument for yourself—in Mr. Edison's Realism Test.

The NEW EDISON

"The Phonograph with a Soul"

You've read how the New Edison has proved its perfect realism. Four thousand tests have been given, in which more than 50 different artists compared their art with its RE-CREATION by the New Edison. Leading newspapers conceded that there was no difference between the two. Has any one suggested to you that these comparison tests are "faked"—that the artist imitates the New Edison? Signor Friscoe's performance makes such an assertion positively ridiculous. Every week, 20,000 people see his hammers ripple over the xylophone keys. Suddenly he holds them aloft—still. The rippling music continues. Slowly, the gorgeous curtains of the back-drop part. The audience gasps. The New Edison stands revealed. It has taken up Signor Friscoe's performance, and is now RE-CREATING it alone. The effect of this extraordinary magic can rest upon only one fact: No one can distinguish any difference between Signor Friscoe's performance and its RE-CREATION by the New Edison. Signor Friscoe could not possibly imitate the New

Edison, because the xylophone can not be made to imitate any other instrument, so as to deceive its hearers. Signor Friscoe's act is not an Edison enterprise. He has simply been clever enough to use the New Edison for what it is worth. Why don't you?

PRICES

The price of the New Edison has increased less than 15% since 1914. This includes the War Tax. Mr. Edison has staved off price advances by personally absorbing more than half of the increased cost of manufacture. Because of the exceptionally high quality of materials and workmanship demanded by the Edison Laboratories, and the continued scarcity of both, it may be necessary to advance prices. But rest assured that this will not occur, unless Mr. Edison is forced to it. Our Budget Plan—the thrift way of spending—will help you buy now. Let us tell you about it.

BETRAYER OF REBEL LEADER IN TURN SLAIN

MONTEREY, Mexico, Aug. 12. (By Mail.)—General Jesus Guajardo, who treacherously tricked and slew the wily rebel leader, Emiliano Zapata, himself fell a victim of deception when he was captured by government troops and executed here July 18 last. The tale of his latest and last adventure is thus told here:

Thirteen months ago Guajardo, a colonel in Carranza's army, attacked a detachment of his own faction's troops killed and wounded several of them and convinced Zapata that he had a new adherent. Then, as Zapata, greeted him in salute, he had ordered his men to fire on Zapata and the noted rebel chief was blown out of his saddle, dead.

To reward this act, Carranza made the double dealer a general, and a little over a year later he turned upon his benefactor and joined the successful revolution of Obregon and de la Huerta.

After many misgivings they accepted him as a general in the new army, and gave him the command of a brigade and he started for Torreon on a campaign against Villa. While enroute he stopped his train, assembled his regimental commanders and explained that he had resolved "not to recognize" the de la Huerta regime any longer but to go into the field for the newest revolution and join Ozuna, Ricardo Gonzales and the others fighting to the eastward around Monterey. But several colonels, his chief of staff and half his command deserted him.

Finally Guajardo abandoned the trains and started to march for the mountains of Nuevo Leon. Soon he learned that Amaro, leaving the chase of Villa for the time, was on his track and that the risings around Monterey had been failures. The remnant of his command melted away under attacks of government troops until there remained only one faithful colonel and an orderly.

Dressed in civilian clothes, General Guajardo hid in the home of a relative in Monterey. Meanwhile Colonel Antonio Cano, one of Guajardo's colonels who had abandoned him, had been captured by federal troops, taken to Monterey and released there. Next day Colonel Cano called at the house where Guajardo was hiding to visit the owner who also was his relative. To his surprise he found there his late commander, General Guajardo, who asked him not to reveal his whereabouts. Cano, however, revealed Guajardo's hiding place, an order for his arrest was issued and with several other colonels Cano was sent to execute it.

Cano was again admitted to see Guajardo and pretended to unfold to him plans for the future. While they were talking the federal colonels entered and arrested Guajardo. He was taken a prisoner to the state penitentiary. Orders came from Mexico City directing that he should be tried by courtmartial which was done that night, July 17. With practically no defense to offer, he was found guilty, the sentence was approved by General of Division Eugenio Martinez at Monterey and early in the morning General Jesus Guajardo stepped out of his quarters in the old barracks at the Plaza de Armas, where he had been tried and said farewell to a few faithful friends. Then he stepped in front of the firing squad and paid with his life the final penalty of his treachery to the new government.

POINCAIRE SAYS "LEARN GERMAN"

PARIS, Aug. 9. (By Mail.)—"Learn German" is the advice former President Poincare has given the French through the Association of Language Professors. He said: "To dominate German science we must understand it. And to maintain the independence or the superiority of our literature we must not close our eyes to foreign literatures, not even that of Germany."

M. Poincare said German must be known by those who undertake the administration of the occupied regions and also to restore French to its proper place in Alsace Lorraine. Army officers recently were urged to learn German. The government has reinstated that language in the officers' training schools.

All the cork used in the world in a year weighs little more than one thousand two hundred tons. Six of the great glaciers of Greenland yearly deliver into the sea four square miles of ice 1,000 feet thick.

SALTS FINE FOR AGING KIDNEYS

We eat too much meat which clogs kidneys, then the Back hurts
Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.
You simply must keep your kidneys active and clean, and the mo-

ment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.
Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.
A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

EX-SOLDIERS PROTEST WOMEN'S EMPLOYMENT
LIVERPOOL, Aug. 10. (By Mail.)—About 2,000 former service men here are protesting against the employment of barmaids in the city's hotels and public houses.
When a deputation waited on the committee of the Liverpool Brewers and Spirits Merchants Association, one of the men stated that if the barmaids did not give place to service men action would be taken as would force the women out.
There are about 2,000 barmaids employed in Liverpool.
A Classified Ad will sell it.
