FORESTRY HEAD ADVOCATES PROTECTION

NEW LONDON, N. H., Sept. 1.—Expenditure of \$1,000,000 a year for the protection of American forests against the \$50,000,000 a year fire loss was advocated here recently by Charles Lathrop Pack, president of the American Forestry Association in addressing a conference of foresters, timberland owners, paper, pulp men and lumbermen. He also urged a \$2,000,000 a year appropriation for the acquisition of forest land by the government for the purpose of growing timber to replace "our rapidly disappearing supplies."

Mr. Pack spoke before the meeting of the Society for the protection of New Hampshire forests. "Our mature forests are not only being wiped out by destructive conflagrations as well as by numerous small fires but these fires also prevent the natural reforestation of hundreds of thousands of acres of cut over land," he said. "Our direct loss in timber by these fires is \$30,000,000 a year. Altogether there are 315,000,000 acres of state and privately owned forest land in the protection of which the government should co-operate. At present half of this vast area is wholly unprotected and protection for the other half is entirely inadequate. Legislation authorizing the government to spend \$1,000,000 annually in co-operation with the states for fire protection is immediately essential. "There should be immediate completion of the original program for the protection of watersheds of navigable streams by spending \$2,000,000 a year in acquiring 1,000,000 acres in New England, 5,000,000 acres in the Southern Appalachians and forest lands in the principal forest regions. "Speaking for the American Forestry Association I can say without reserve that the Association is heartily in favor of the prompt enactment of legislation along these lines."

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder bothers you

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney diseases.

MALT LAKE WIRELESS "GETS CAL. STATIONS"

SALT LAKE CITY, Sept. 3.—Wireless telephone conversation between Los Angeles and Catalina Island, southern California, has been picked up by wireless men here officers of the Utah Radio Association, announced recently. Everett Seeley, secretary of the association, one of the radio men who reported hearing the Southern Californians talk, attributed the feat to the size of his aerial, which is 162 feet from the ground and 120 feet between masts. There are few aerials so large in amateur work, it is said.

According to careful estimates, three hours of close study wear out the body more than ten hours of hard physical exertion.

TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND ATTRACTIVENESS

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 5-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

5 FINED FOR FOREST FIRES

YREKA, Sept. 2.—Howard Adler of the Adler Sanitarium at San Francisco and H. C. Reyman of the same place have pleaded guilty by letter of being responsible for the Shovel Creek forest fire which started July 23rd near the Klamath Hot Springs resort. They were fined one hundred dollars each by Justice of the Peace Charles E. Johnson of Yreka. Adler and Reyman, who were guests at the resort, were spending the afternoon of July 23rd fishing on Shovel Creek. A short time after their return the fire was discovered and before it could be controlled had burned over 600 acres, costing the Forest Service more than \$1,600 in addition to the timber values lost. Suspicion was directed to Adler and Reyman at the time, but it was only after thorough investigation by the Forest Service and local residents that they were directly accused. They frankly admitted leaving unattended a burning campfire. A similar case was that of the Woolley Creek fire which started on August 14th and caused approximately a \$4,500 loss. This was traced to a camping party composed in part of E. B. Gilmore and S. M. Salsbury of the Vannoy Building, Los Angeles, and J. C. Allison of Calexico. They were taken before a Justice of the Peace, where Gilmore pled guilty and the party paid fines of \$75 each.

GETS THE TRADE

HONOLULU, T. H., Aug. 21. (By Mail.)—Jams and "hula" songs are being megaphoned at the Honolulu docks by one taxicab driver to woo trade from the arriving liners.

A new traffic rule orders chauffeurs to stand by their cars across the street from the dock. One chauffeur who had a weak voice, found little business coming to him until he obtained a megaphone and through it sang songs to attract tourists. His efforts were so successful, other drivers, it is said, are considering introducing music into their lips.
