

If the Wood Dealer Sold Service

We do not sell current; we sell service. That sounds odd doesn't it?

Well, suppose the wood dealer sold service instead of wood, he would tend to your furnace and your range, take away the ashes and clean the flues. You would buy so much heat.

Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.

That is what we want to give you—efficient service. It is the aim of this company to have none but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.

If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.

METROPOLITAN GARAGE

Many persons saw their first game of polo at the recent tournament of the Dedham (Mass.) Country and Polo Club. The club generously opened its gates for the admittance of the public without charge.

The Hamilton (Ont.) Golf and Country Club is preparing for the entertainment of the Canadian women's championship tournament which is to be held under its auspices the latter part of September.

ANNOUNCEMENT

Our new shoe department will be opened to the public in about a week, and will occupy quarters in the stores located immediately next to our grocery store. We will handle complete lines of men's women's and children's shoes, and they will be the best obtainable. We solicit your patronage.

ROYAL BELGIANS TO VISIT BRAZIL

RIO DE JANEIRO, Aug. 6. (By Mail.)—Elaborate preparations are being made to receive and entertain the King and Queen of Belgium when they arrive here on the Brazilian dreadnaught Sao Paulo which already has sailed for Europe to bring the royal party to Brazil to repay the visit of President Pessoa to Belgium last year. Commodious quarters, handsomely furnished and decorated, have been built on the Sao Paulo to accommodate the royal party, which will consist of ten persons.

They are expected to reach Rio de Janeiro some time in September. Enroute to Brazil calls will be made at St. Vincent and Las Palmas. An orchestra of five specially chosen musicians is aboard the Sao Paulo to provide music for the royal guests during the voyage. A selected library dealing mainly with Brazilian history, installed in their quarters, will enable the party to become acquainted with the land they are to visit.

The visitors' stay in Brazil will be filled with receptions, entertainments and sightseeing tours. Guanabara palace, where the party will be housed while in Rio, was formerly the home of the Princess Isabel during the late imperial regime. It was here, also, where the late Colonel Roosevelt was installed when he came to Brazil and made his adventurous trip to the Amazon country. The palace is a spacious building, located in a quiet, beautiful section of the city. Two rows of stately palms lead from the palace to Guanabara Bay, a mile distant. For months the building has been in the hands of workmen and decorators and now is ready to receive its royal guests.

New illumination schemes are being installed in the principal avenues, new boulevards are being constructed along the sea and city improvements generally are being hastened so that the city will present the best possible appearance when the Belgians arrive. Plans for an elaborate Venetian fete on the bay are being considered. To meet the expenses connected with these improvements and for the entertainment of the Belgians, the government has asked congress for unlimited credit.

WEATHER RECORD

Hereafter the Herald will publish the mean and maximum temperatures and precipitation record as taken by the U. S. Reclamation service station. Publication will cover the day previous to the paper's issue, up to 5 o'clock of that day.

HAVE YOU INSURED YOUR HAY?

Fires have caused more property losses than have been caused by all the wars, storms, floods and other agencies of destruction of historical record. Nothing is immune from destruction by fire, even though fireproof materials are above, below, or all around it. Think how easy it is to lose your hay crop through fire, for hay is one of the most combustible properties you can think of. Fire insurance would be your only protection against financial loss if your hay crop should be destroyed by fire. We offer you this protection through the most reliable insurance company in existence. See me, Jas. Driscoll, Room 4, Loomis Building.
