

"There's More Real Satisfaction" says the Good Judge

In a little of the Real Tobacco Chew, than you ever got out of the ordinary kind.

The good rich taste lasts so long you don't need a fresh chew nearly as often—that's why it costs you less to chew this class of tobacco.

Any man who uses the Real Tobacco Chew will tell you that.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acids which almost paralyzes the kidneys in their efforts to expel it from the blood.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

LANGELL VALLEY ITEMS

Mrs. Neva Wilkerson-Bourroughs of Los Angeles, who has been spending a vacation in our valley, returned to her home this week.

The highway surveyors have been surveying a road through the valley, following the main road principally, until they strike Miller creek bridge, turning from this to go through by the H. E. Winnard place, thence what is known as Antelope, Alkalali and Rock creek, then on until they join the Lake county road.

Ivan Kilgore last week sold three carloads of fat beef to Fred Stukle of Merrill. The prices paid were good, being around seven cents for fat cows and nine cents for veal.

Will Campbell had the misfortune to have three runaways in his hayrack in one afternoon. His son, Francis, suffered a broken wrist as a result of one of them.

Charles Swingle has completed stacking his hay for the coming winter, as has also Carl Deals in Upper Langell valley.

John Noble and family and Mr. and Mrs. McNeil were entertained at dinner Sunday by Mrs. James Malone.

Quite a few have availed themselves of the opportunity afforded by the rainy days last week to go fishing.

Mrs. Palmer, who was cooking for the Langell Lumber company, moved to Bonanza last week, so that the children could attend school.

THE HEALTH OFFICER

Public health is purchasable; that is communicable diseases can be stopped; but it takes money to do it. How much money has your city of Klamath Falls, during its whole existence, set aside for health purposes? Nothing. Sad but true.

You have a "street fund," a "general fund," "fire fund," "incidental fund," and a number of other "funds," but where is your "health fund." You have left out the most essential one of all.

See that a health fund of \$5,000 is set aside in the budget for next year, for administrative work which includes cleaning up campaign and paying expenses of the pest house, such as supplies, nurses, guards, special surveys and inspectors.

The council has a number of health ordinances; these should all be brought together in a "sanitary code" or "chapter of health ordinances." Among the subjects which may properly be included in a sanitary code are the following: Communicable diseases, unnecessary noises, smoke, dogs in public places, food inspection, garbage disposal, disposal of household wastes, cesspool construction and cleaning, privy construction and management, disposal of stable manure, prevention of the breeding of flies and mosquitoes, housing rules, street cleaning, nuisances, their investigation and abatement; water supplies, sewage and sewer systems, milk supplies and dairies, medical inspection of school children, infant welfare work, inspection of public buildings and many others that are just as important.

Local ordinances reflect the sentiment of a community toward conditions which affect the health and comfort of its inhabitants. They express the standards of sanitation in that community. They put the people on their guard, and render easy the detection and conviction of offenders.

DR. A. A. SOULE, City Physician.

The heading crew, operated by Ben Brown, has been heading rye for H. J. Ficknor for the last week. They have completed that work for C. B. Brown and Dave Williams.

Mrs. Fred Hilton has been quite ill, but is again able to be up. Mrs. Francis Bowne and children were Sunday visitors at the Campbells.

Frank P. Grohs has been stacking his hay the last two weeks and running a crew both in the field and on the stack.

Merle S. Kilgore and Clifford Vermillion returned Sunday from riding for beef cattle. They report cattle fat and range good on the forest reserves.

Vernon and Charles Walker went to Sprague river to work in the hay fields.

Mrs. Deal and family left Monday for Crater lake and the berry patch. They expect to be gone a month.

Mrs. Gus Keller made a business trip to Bonanza, Tuesday.

The children of the various districts are preparing for school, which will begin September 7 in the three valley schools. The following teachers have been selected: Lorella, Mrs. Neva Burroughs; Langell Valley, Mrs. Gladys Kilgore; Vinson district, Mrs. Lulu Keller.

Ben Brown had the misfortune to have a hogn take the rabies, which necessitated killing it. It seems that there was a rabid dog in the vicinity, some months previous.

There has been two bad forest fires raging in the timber on Langell Valley mountain, one near Mr. Deal's place and the other near Mr. Brown's. The recent rains put them out.

ALLEGED SABOTAGE BY ORGANIZED LABOR

CHICAGO, Sept. 4.—Railroad executives here today announced they had appealed to District Attorney Clynne to stop "organized campaign sabotage" by railroad strikers. Engines are being stolen almost nightly and turned loose to run wild through the yards. Thursday night an entire train was stolen, rail chiefs charge.

TURN HAIR DARK WITH SAGE TEA

IF MIXED WITH SULPHUR IT DARKENS SO NATURALLY NOBODY CAN TELL

The old-time mixture of Sage Tea and Sulphur for darkening Gray, streaked and faded hair is grand-mother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the musky mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustrous and appearance of abundance which is so attractive.

The alligator pear contains as much nutritious fat as does ordinary cream, sometimes as high as 30 per cent.

A certain naturalist who maintains that we hear only that to which our ears are attuned tells how once, in a noisy New York street, he heard the chirp of a cricket hidden in a basement window. No one else appeared to hear it though every passer-by promptly stopped and looked round when the naturalist tossed a dime on the sidewalk a few seconds later.
