TREASURY DEPARTMENT

Office of Comptroller of the Currency. Washington, D. C., July 30, 1920. Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "The American National Bank of Klamath Falls," in the city of Klamath Falls, in the County of Klamath and State of Oregon, has complied with all the provisions of the statute of the

ITALY STARTS BANK FOR WAR SURVIVORS

ROME, Aug. 23. (By Mail.)—King Victor Emanuel, during an audience granted recently to John H. Fahey, former president of the Chamber of Commerce of the United States, and to Alfred Dennis, Commercial Attaché to the American Embassy, spoke at some length about a new bank which has recently been founded in Italy.

It is called the Banca Nazionale del Reduce, (The National Bank of War Survivors) and its special object is to give credit to all ex-combatants, helping them to start afresh in business; assisting also their widows and orphans, or the parents and sisters of those who died during the conflict, to all of whom is also given a discount of one per cent on all operations.

The King, himself, took a personal interest in the development of the new bank and invested 50,000 lire in its shares, which he presented to another war institution, that of the orphans of fallen soldiers.

The King is anxious that the new bank should become a link between Italy and Italian war survivors who live abroad, of whom there are over 350,000 in America alone and an even greater number in Argentina and Brazil.

United States required to be completed with before an association shall be authorized to commence the business of banking.

Now therefore, I, John Skelton Williams, Comptroller of the Currency, do hereby certify that "The American National Bank of Klamath Falls," in the County of Klamath and State of Oregon, "is authorized to commence the business of banking as provided in Section Fifty one hundred and sixty-nine of the Revised Statutes of the United States. In testimony whereof, witness my hand and seal of office this Thirtieth day of July, 1920.

JNO. SKELTON WILLIAMS, (Seal) Comptroller of the Currency. Aug. 13-20-27-3-10-17-24-1-8-15.

HAVE YOU INSURED YOUR HAY?

Fires have caused more property losses than have been caused by all the wars, storms, floods and other agencies of destruction of historical record. Nothing is immune from destruction by fire, even though fire-proof materials are above, below, or all around it. Think how easy it is to lose your hay crop through fire, for hay is one of the most combustible properties you can think of. Fire insurance would be your only protection against financial loss if your hay crop should be destroyed by fire. We offer you this protection through the most reliable insurance company in existence. See me, Jas. Driscoll, Room 4, Loomis Building.

About Other People-- and About You!

There are two kinds of news in the paper. Part of the news is about the affairs of other people; their sayings, doings and goings to do; things that have happened—may happen—didn't happen.

But there's also a lot of news in this paper—if you know where to look for it—about your affairs.

That's the part of the news you'll find in the advertisements. There's valuable news there about things you want or will want; perhaps about things you have that others want.

Every Advertisement carries a message to someone.

Many Advertisements carry messages of interest or value to you.

You can't afford to miss the Advertisements because so many of them are news relating directly to you or to your affairs.
