BREECHES BANNED

MEXICALI, Lower California, Sept. 15.—Women tourists who wear breeches are not welcome in this part of Mexico. Recent orders of the Mexican immigration service prohibit women so garbed from crossing the international boundary line. Many tourists are wearing these garments nowadays in California but those who approach the border station so garbed are being informed they cannot enter Mexico except in habiliments more in accord with that country's conventions.

GOOD YEAR

If the Wood Dealer Sold Service

We do not sell current; we sell service. That sounds odd doesn't it?

Well, suppose the wood dealer sold service instead of wood, he would tend to your furnace and your range, take away the ashes and clean the flues. You would buy so much heat.

Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.

That is what we want to give you—efficient service. It is the aim of this company to have none but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.

If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.
