About Other People-- and About You !

There are two kinds of news in the paper. Part of the news is about the affairs of other people; their sayings, doings and goings to do; things that have happened—may happen—didn't happen.

But there's also a lot of news in this paper—if you know where to look for it—about your affairs.

That's the part of the news you'll find in the Advertisements. There's valuable news there about things you want or will want; perhaps about things you have that others want.

Every Advertisement carries a message to someone.

Many Advertisements carry messages of interest or value to you.

You can't afford to miss the Advertisements because so many of them are news relating directly to you or to your affairs.
