CALLS GAME WHEN TIDE RUNS HIGH

SEATTLE, Sept. 21.—In Ketchikan, Alaska, the baseball umpire keeps one eye on the game and the other on the tide, reports David Rodgers, the noted shipbuilder, who recently visited that thriving city. The time of the ball game depends on the tide and it is impossible to play extra innings.

"When we entered Ketchikan," said Mr. Rodgers, "we noticed a fine grand stand at the edge of the water, facing seaward, and we couldn't figure out its purpose at first. When the tide went out, leaving the beach in front of the stand smooth and level, a baseball team appeared and began practicing. Then we under-

stood. At high tide the field is several feet under water, but at low tide it is comfortably dry and makes an excellent playing ground."

OH, YOU PETE:

Remember Ratty Waters who tied the dishpan under Prof. Bunn's car at Princeton? He's more seriously inclined now—sells high grade bonds! Ran smack into Ratty as he was hustling for his a. m. fodder with a Camel cigarette perched between his lips and looking as happy as a turtle on a log! It's a pretty art—this opening up the morning with a Camel!

Well sir, Pete, what Ratty rattled into my rafters would supply Camel selling stuff for a year! "There's nothing to this cigarette game but Camels," said Ratty. "Their mellowness is a revelation and I never did run into such mildness in my life! And, when you figure that Camels have ALL the "body" any smoker wants—well, I just marvel that such a cigarette could be made! Ever get such refreshing flavor?"

For instance, Ratty spread this:—"Shorty, I can't stand the usual unpleasant cigarette aft'taste and unpleasant cigarettory odor! Camels are free from both! (100 per cent. O. K., Pete!) And, they never tire my taste! When you pass by Camels you have slipped by your smoke signals!

Tried to get Ratty to put some of that sales talk on paper, but he came back:—"You tell 'em, old kettle—you've got the spout!

Pete, Camels won Ratty's favor like they've won thousands of others! They'll win any man who gives them a chance!

Shorty.

START TOMORROW AND KEEP IT UP EVERY MORNING

Get into the habit of drinking a glass of hot water before breakfast.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles according to hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infect the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.
