

Millions of native women in India are born, live, suffer and die with no medical care whatever, for the reason that their caste and customs forbid their being attended by a male physician. It is said that 90 per cent of the women and girls of India never saw a doctor or nurse.

Charity was one of the strongest characteristics of Jenny Lind, the famous Swedish singer, whose centenary is soon to be celebrated. Misfortune never failed to appeal to her and children were always her especial care. It was estimated that she gave away \$50,000 during her stay in

America, while she had given away \$60,000 in England the year before. At the old South Pass, in Wyoming, a granite monument marks the site of the office of America's first woman justice of the peace, Esther Morris, who was one of the suffrage pioneers.

ANOTHER CHANCE

Those who are interested in having their house or business building fixed up with the famous National Metal Weather Strip, have another chance to place an order for the work and have it done this year. I will be here for three days and during that time will be glad to call and explain the merits of the National Weather Strip. I have already placed it in a number of homes in this city, and those who have it will tell you of its splendid advantages and will also tell you that they would not get along without it at twice the cost. You will save enough in your fuel bill to pay for the installation of the strip and at the same time enjoy the great comfort that goes with it. The Strip is all metal and lasts a life time and is guaranteed by the manufacturer to be constantly efficient. Let me show you what it is, what it will do, and tell you what it will cost. Leave your orders at the Herald office.

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

About Other People-- and About You!

There are two kinds of news in the paper. Part of the news is about the affairs of other people; their sayings, doings and goings to do; things that have happened—may happen—didn't happen.

But there's also a lot of news in this paper—if you know where to look for it—about your affairs.

That's the part of the news you'll find in the Advertisements. There's valuable news there about things you want or will want; perhaps about things you have that others want.

Every Advertisement carries a message to someone.

Many Advertisements carry messages of interest or value to you.

You can't afford to miss the Advertisements because so many of them are news relating directly to you or to your affairs.
