

## PIANOS OF DISTINCTION

Every Winter we visit leading piano stores scattered over a wide extent of country with the view of getting the best and latest in our line.

We have spent practically one entire year working in all the different departments of a large Eastern Piano Factory that we may know "Quality."

We have studied Music several years in San Francisco and Chicago that we may know the best in "Piano Tone."

We have placed Standard Priced and Advertised Pianos on our wareroom floor so that people can easily satisfy themselves as to our prices and values.

We are the only firm locally that ships in by carload, buys only for cash and from the Eastern Factories exclusively.

There are many reasons why we sell more Musical Instruments in Klamath than all others combined and every reason is a benefit to our patrons.

Wise Buyers will deal at our Music House.
