Connie Mack is the oldest manager in the major leagues to pilot the same team since the Junior organization expanded. It is a long time, 38 years to be exact, since Mack began his professional baseball career at Meriden, Connecticut.

Maryland has furnished many fleet horses to the turf in the past, and this season's performances of Nancy Lee, bred by William Woodward, in Prince George's County, is but another proof that horses of quality can be raised in that state.

Commodore C. Ross of Halifax evidently is in earnest in his intention to challenge for the America cup. He now proposes to run a publicity train across Canada from coast to coast to aid in the subscription to finance the venture.

Many educated English women having to earn their own living are taking advantage of the unprecedented demand for English teachers that has sprung up all over continental Europe since the war.

The pennant-winning Baltimore team treated the International league fans to a whirlwind finish.

## LADIES DARKEN YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND SULPHUR RECIPE AND NOBODY WILL KNOW

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it, and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Blackie Richards, the Buckeye featherweight, appears to be one of the most promising little fighters who have been developed in a long time.

The success of the Central league in the season just closed demonstrated the fact that a four-club organization can be made to pay. Every club in the league is said to have ended the season with a handsome balance in its treasury.

The Prince of Wales has shipped to England the horse that won this year's Australian steeplechase, and which was presented to him as a gift during his visit to the Antipodes.

Ever Hammar, who gave promise of developing into a topnotcher earlier in his career, has been doing considerable fighting of late at Albuquerque and other points in the southwest.

The Brooklyn club in thirty years has had two presidents, Charles H. Byrne and Charles H. Ebbets. The former handled the club from the time Brooklyn joined the league until 1897, when Mr. Ebbets was elected. The record of Brooklyn in this respect is in marked contrast to the records of other National league clubs, some of which have had as many as eight or ten presidents since their organization.

### PETEY, LISTEN HARD!

Buffalo, N. Y. —on a Saturday!

When it's your good luck to butt into Buffalo, go to that store on Ellicott Square where the dark haired clerk slips out Camels with both hands—plus a tank of talk on the side!

The thing that tickled me most was his sureness that I was after Camels! As soon as I had my coin on the counter and before I could say a word, he flashed me a package of Camels! When I asked him how he knew I wanted Camels, he took a pull on his laugh stock and soaked me with this:—"Can't tell you, old mayonnaise—I'm dressing!"

After he had waited on several other men who drew their Camels like I did, this salesman said:—"For a fact, most men here smoke Camels. They hit the popular taste! Camels have the right body and the right mildness and the right flavor! They're ALL right!"

And, Pete—he added this without a stutter: The more I see of the world and the more I learn about cigarettes, the more respect I have for Camels and Camels quality! I don't believe a better cigarette could be made at any price!" And Pete—oh, Pete—listen to this gem:—"And it's an odds on bet I'm a good judge. I've tried 'em all—and my taste is the jury box!"

If that isn't a swell line of Camel talk, I'll sell my shoes! But, Peter, that salesman is right! It's my belief that no cigarette in the world can be favorably compared with Camels—they're so smooth and mellow and delightful!

I'm herewith slipping between the sheets, old book. So, you tell 'em the rest—you're so full of knowledge!

Sincerely

Shorty.
