

COMMITTEE ANNOUNCES FAIR WINNERS

(Continued from yesterday)
Note—Below is a continuation of the list of county fair prize winners. Part of the list was published yesterday. The committee is still working on the report and more names remain to be published. The committee announces that a few errors will perhaps creep into the lists, but will be rectified if called to their attention. There were many exhibits to be judged by few people and in consequence it would not be surprising if a few omissions or errors are revealed.

SINN FEIN THREATENS GENERAL REVOLUTION

BELFAST, Sept. 30.—Ulster's proposal for an armed civic guard is likely to be accepted by the government if present disorders continue. The Sinn Fein threatens that the organization of such a guard will be considered a declaration of war and result in an uprising of all the Irish Nationalists, are not taken seriously in government circles.

KESTERSON MILL INSURANCE PAID

The adjustment of the loss caused by the destructive fire that wiped out the Kesterson sawmill at Ivan has been completed and the adjuster, E. R. Smith, has returned to headquarters. The insurance carried totaled \$189,000 and the full amount was allowed. All of the insurance was placed by the J. H. Driscoll agency. The loss in excess of the insurance will be close to \$100,000. In this connection I. E. Kesterson today said:
"The adjustment of our loss was so satisfactorily handled and the business closed so quickly that we feel a word of appreciation is due J. H. Driscoll, whose energy has resulted in getting the matter closed up and put us in position to go right ahead with our plans. While our loss was a heavy one and came so suddenly as to almost stun a person, the prompt adjustment helped to mitigate it to a great extent and we certainly feel very much gratified over it."

SINNOTT WILL SPEAK HERE

Judge A. L. Leavitt this morning received a telegram from Portland, announcing that Congressman N. J. Sinnott was on his way to Klamath Falls and would arrive Thursday night, presumably tonight although the wire did not specify the date. Arrangements for a series of meetings throughout the county, starting with a meeting here, were requested and the tone of the message indicated that the congressman would remain for several days. On account of the late train schedule it is not considered practical to hold a public meeting tonight but if Mr. Sinnott arrives tonight the meeting will be arranged tomorrow.

MRS. CARROLL IS CALLED BY DEATH

Mrs. Mary E. Carroll, aged 56 years, died at her home at 416 South Riverside street this morning, her death being attributed to uremic poisoning, from which she had suffered a long time. Mrs. Carroll came here from Bay City, Michigan, about a year and a half ago, and had not been in good health since her arrival. A son, George Carroll, who operates the Chiloquin stage line, resides here. The funeral will be held from Sacred Heart church, following requiem Mass, at 9 o'clock tomorrow morning.

THREE MORE BALL PLAYERS INDICTED

CHICAGO, Sept. 30.—Indictments against three more ball players and six or seven gamblers may be returned by the grand jury investigating the world series scandal, it is intimated.

BUYS 1,300 LAMBS

Thirteen hundred head of Lincoln lambs, purchased by I. C. McCall from Tom Newton, of the Henley district, passed through town today en route to McCall's range on the Upper lake.

WEATHER REPORT

OREGON.—Tonight, Friday, occasional rain, cooler east portion.

CENTRAL SCHOOL ACTIVITIES IN ALL BRANCHES

The following report of Central school activities is the second of a series prepared by the school staff: This week begins the second report month. The teachers and principal are making every effort to secure perfect attendance and wish the corporation of every parent or guardian. The pupils who are neither absent nor tardy during the month will be awarded a quarter day holiday. Most of the pupils attending this building live within ten blocks and can be present on time by leaving home at 8:30 a. m. when the first bell rings. Teachers are not due in their respective rooms until that time, and at 8:45 pupils are permitted to enter their class rooms. Classes are called at 9 p. m. and at 1:15 p. m. when everyone is expected to be present. At noon we have one hour and fifteen minutes in order to give everyone within reasonable distance an opportunity to walk home and to have a good warm lunch, and for the good of the boys and girls, we urge that they take advantage of this noon period in this way. The first bell in the afternoon rings at 12:15 when teachers are due in their respective rooms and pupils may enter their classrooms. We sincerely hope that every parent will make note of the time stated and act accordingly in cooperation with us. We shall always be glad to have friends of our school make us a visit and show interest in our progress.

Friends Are Parted

The old saying, "The best of friends must part," was brought home to us in grade five Tuesday when nearly half our classmates left us to go to the court house. We had expected to win and to keep the music banner, but the division will make that a little uncertain because the battle for it will be as "brother against brother," since we feel that only members of our old class could be considered serious rivals.

On account of a large first grade at Central, the division lines are placed at Seventh street and Pine streets. All children west of Seventh are to attend Riverside school and those north of Pine will belong in the Fairview school. Until the building is completed the Fairview first grade will attend school in the courthouse. The boys and girls of grade two have been dramatizing one of their reading lessons, "Boy Blue and Miss Muffin." For memory work, they are committing "Wynkin, Blynkin, and Nod."

TWO BOOTHS AND BALLOTS ELECTION DAY

Because the state and county election will be held November 2 with one set of polling places and election boards and the city election will be conducted with another set of polling places and election officers, voters unless they give some study to the matter of voting beforehand are likely to be confused on election day. One important feature is emphasized—the necessity of casting two ballots will practically preclude the swearing in of votes and no one could put off registration, expecting to mend his neglect by registering at the polls. He or she will have plenty to do in voting intelligently on the many men and measures that will appear on the two separate ballots. Registration closes tomorrow night at the county clerk's office. The office will be open in the evening from 7 to 9 and that is the last opportunity to register. The situation is brought about by failure of the city council to redistrict the city ward lines to conform with the county precinct boundaries. The county court, early in the year, redrafted the precinct lines to bring all ten city precincts inside the city limits. Before this action several county precincts overlapped the city limits, containing some territory inside and some outside the incorporated boundaries. The city voters on election day, however, need not be confused, but must not overlook the fact that they must visit two polling places and cast two separate ballots in order to exercise their right of franchise. These are ten county precincts inside the city limits and each will have its own polling place and election board. Within the same area are five city wards, each of which will have its polling place and officers. In other words there are only half as many city as county polling places. Voters in several precincts and parts of precincts will vote at separate county booths but at the same ward booth. Later on the election officers and polling places will be designated by the city council and county court and will be published. Voters should memorize at that time the number of their precinct and the location of their polling place for county and state election, and pursue the same process in regard to the city election. Then it will be a very simple matter to go first to the county polls in the voter's precinct and cast a ballot and proceed to the proper city ward polls and repeat the process.

HARDING AT HOME UNTIL MIDDLE WESTERN TRIP

MARION, Sept. 30.—Back after a second speaking trip, Senator Harding went to work today on various campaign problems. Except for a couple of motor trips to speak in Ohio cities, he plans to remain here until next month, when he will make a swing through states of the middle west. On his three day trip through West Virginia and Ohio he made 20 speeches. His voice showed no strain from the experience.

I. W. W. JAILED FOR WEED FIRES

YREKA, Cal., Sept. 30.—Accused of making 14 unsuccessful attempts to destroy by fire the \$1,000,000 plant of the Weed Lumber company at Weed, Pete McEntyre, a watchman for the company at Camp No. 4 of the company, is held as a suspect in the county jail here. In the arrest of McEntyre, operatives of the fire prevention bureau believe they have in custody one of the ringleaders of a widespread plot to destroy industries on the Pacific coast. McEntyre, the authorities say, admitted that he was an I. W. W. organizer, but denied responsibility for the series of fires which have caused thousands of dollars' worth of damage to the company's property. Operatives of the fire prevention bureau are working on the theory that McEntyre is a member of a gang of arson terrorists. The bureau is investigating the fires at the Illinois Pacific Glass works in Folsom street, San Francisco, which recently caused damage estimated at more than \$1,000,000. According to records of the fire prevention bureau the last attempt to destroy the Weed Lumber company's property was made last July. During the months of June and July, 12 attempts were made to burn the plant and timber lands. McEntyre is being held at the county jail in default of \$5,000 cash bail. Sheriff Calkins said that he hoped to obtain a confession from McEntyre. Other than to admit that he is an I. W. W. organizer, McEntyre has refused to discuss his arrest.

SIX KILLED IN BUTTE TRAIN CRASH

BUTTE, Mont., Sept. 30.—Engineer Muts and five unidentified men were killed at Piedmont last night when 40 empty eastbound Milwaukee freight cars broke away on a mountain grade and crashed into a standing gravel train. The officials believe the unidentified dead were stealing a ride.

LEGION IS AFTER POST'S SCALPLOCK

CLEVELAND, Sept. 30.—The executive committee of the American Legion appointed yesterday, at the closing session today recommended the dismissal of Louis S. Post, assistant secretary of labor, for obstructing the enforcement act of the deputation law. HUTCHINSON, Kas., Sept. 30.—In an address here today Governor Cox declared that he would have voted dry had he been acting under the same circumstances as Senator Harding who, Cox said, "voted wet 33 times and dry two times."

BALLOON STRIKES HILL TOP IN DENSE FOG

LOS ANGELES, Sept. 30.—The navy dirigible balloon "c-p" became lost in a dense fog while proceeding from San Diego to San Pedro to take part in maneuvers, and crashed into a mountain peak at the outskirts of Hollywood, spilling five men from the car and catapulting them 300 feet down into Laurel canyon. Four of the men were injured.

SUSPECT BREAKS DOWN; ADMITS SILVER THEFT

Writing under grueling questioning by Detective J. F. Morley in the city jail this morning, J. H. Winslow, known here as "Happy," confessed to the theft of a quantity of silverware from the home of Mrs. F. J. Schmitz, Fourth and Walnut streets, Monday night, thus confirming well founded suspicions that led to his arrest by the police yesterday noon. The silverware, about 70 pieces in all, and valued at about \$150, was recovered from O. M. Raa, the proprietor of the Crater cafe on Seventh street, in whose care it had been left by Winslow, the latter having given Detective Morley a written order for its transfer immediately after the detective had subjected him to the "sweating" process which disclosed the story of the theft. Winslow was arrested by the police yesterday noon following information obtained from a clerk in the Eagle pool hall. Patrolman Wynn had casually mentioned the theft, and the clerk then recalled a suspicious occurrence in the pool room the night previous. It appears that Winslow, apparently under the influence of liquor, had unbuttoned his coat and displayed an array of jewelry protruding from an inside pocket, which had been seen by several pool room patrons. While the clerk was disclosing this information to Patrolman Wynn, he glanced out of the window and discovered Winslow standing outside. The arrest followed. Rigorous questioning failed to elicit any definite admissions from Winslow. However, references to the Crater cafe, where it appears Winslow had been eating and spending much of his time, prompted the patrolman to seek information there, but the proprietor asserted, in answer to a direct question, that he had been offered no articles of silverware or of any other nature either for purchase or for pawn. This morning, Mrs. Schmitz, dissatisfied with the progress of the case, called Detective Morley to her assistance, and Winslow, responding to Morley's straight-arm methods, made a full disclosure. He is still in jail, Mrs. Schmitz having sworn out a warrant for his arrest before District Attorney Duncan late this morning, before the prescribed 24 hours following arrest on suspicion had elapsed. Winslow is about 25 years of age, and has been in the city for several months, part of which time, it is understood, he has been in the employ of the Southern Pacific company. The Schmitz home was entered through a bedroom window, before 8:30 Monday night, Mrs. Schmitz being absent on a business errand. It is evident, said Mrs. Schmitz, that the whole house was searched, but nothing except silverware was taken. Every piece has been recovered, but Mrs. Schmitz declares that the recovery will not deter her from lending every effort to convict and punish Winslow for the burglary.

TWO MORE SLAYERS SENTENCED TO LIFE

PENDLETON, Ore., Sept. 30.—Irving Stoop and Floyd Henderson have been sentenced to life imprisonment following their conviction for the murder of Sheriff Taylor. The trial of Elvie Kirby and John Lafforan, indicted in connection with the murder, has been started.

RELIEF COMMITTEE SHIPS CLOTHING TO ARMENIA

Five hundred pounds of clothing for Armenian relief, collected Tuesday and Wednesday, was shipped today to Portland. It will go east with Oregon donations in a special car, where a ship is waiting to take American donations to the sufferers in Armenia.

MARKET REPORT

PORTLAND, Sept. 30.—Hogs lower, \$16 to \$16.50; cattle steady; sheep low. Eggs and butter firm.

HIS PLEDGE TO THEM

Turning from his audience to two visiting blind soldiers, Senator Harding said in speech on August 25th,—"there never shall be a substitute for the stars and stripes you see before you."
